School Plan for Shared Student Achievement

What is it?

This is a plan that describes how KIPP South Fulton Academy will provide opportunities to improve family engagement to support student learning. KIPP South Fulton Academy values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that KIPP South Fulton Academy will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it revised?

KIPP South Fulton Academy invites all parents to attend our Input Meetings to review and revise the Parent and Family Engagement Plan, as well as the schoolwide plan, school-parent compact, and how the 1% of Parent and Family Engagement funds are used. Parent feedback and input are welcome throughout the school year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey online to ask parents for their suggestions on the plan and the use of funds for family engagement. Parents and family members can also give feedback during parent meetings and activities during the school year.

Who is it for?

All students participating in the Title I, Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. KIPP South Fulton will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

Where is it available?

The School-Family Engagement Plan will be distributed in weekly folders, emailed to all parents, and posted on the school website. Parents can also retrieve a copy of the plan in the Parent Resource Center.

Parent and Family Engagement

KIPP South Fulton Academy believes that family engagement means the participation of parents and family members in regular two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents play an integral role in assisting their child's learning.
- That parents are encouraged to be actively involved in their child's education at school.
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- The carrying out of other activities as described in this plan.

KIPP South Fulton Academy is committed to helping our parents and families attend the family engagement activities listed in this plan. If transportation or childcare prevents your participation in family engagement activities, you may contact the parent liaison or school representative for more information.
