INTERNAL CONTROL POLICY

Introduction

Internal control policies provide KIPP Metro Atlanta with the foundation to properly safeguard its assets, implement management’s internal policies, provide compliance with state and federal laws and regulations and produce timely and accurate financial information. Additionally, as a publicly supported entity, KIPP Metro Atlanta has additional responsibilities to ensure the public’s confidence and the integrity of the organization’s activities. The following policies will highlight some of the areas of internal controls.

A. Compliance with Laws

KIPP Metro Atlanta will follow all the relevant laws and regulations that govern the charter schools within the State of Georgia. Additionally, any Federal Government laws and regulations that relate to grant funding will be adopted as the grant funding is received. The following are specific policies of KIPP Metro Atlanta:

i. Political Contributions

No funds or assets of KIPP Metro Atlanta may be contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office. The direct or indirect use of any funds or other assets of KIPP Metro Atlanta for political contributions in any form, whether in cash or other property, services, or the use of facilities, is strictly prohibited. KIPP Metro Atlanta also cannot be involved with any committee or other organization that raises funds for political purposes.

Following are examples of prohibited activities:

a. Contributions by an employee that are reimbursed through expense accounts or in other ways.

b. Purchase by the organization of tickets for political fundraising events

c. Contributions in kind, such as lending employees to political parties or using the organization assets in political campaigns

ii. Record Keeping

To provide an accurate and auditable record of all financial transactions, KIPP Metro Atlanta’s books, records, and accounts are maintained in conformity with generally accepted accounting principles as required by the State of Georgia’s statutes, applicable to Charter Schools.

Further, KIPP Metro Atlanta specifically requires that:

a. No funds or accounts may be established or maintained for purposes that are not
fully and accurately described within the books and records of KIPP Metro Atlanta.
b. Receipts and disbursements must be fully and accurately described in the books and records.
c. No false entries may be made on the books or records nor any false or misleading reports issued.
d. Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.

B. Organizational Conflict of Interest or Self-Dealing (Related Parties)

**Purpose**

The purpose of the conflicts of interest policy is to protect the Corporation’s interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an Officer or Director. This policy is intended to supplement but not replace any applicable state laws governing conflicts of interest applicable to nonprofit and charitable corporations.

**Definitions**

i. Interested Person - Any Director, Officer, or member of a committee, who has a direct or indirect Financial Interest, as defined below in Section 6.2(b), is an Interested Person.

ii. Financial Interest – A person has a Financial Interest if the person has, directly or indirectly, through business, investment or family:

   a. an ownership or investment interest in any entity with which the Corporation has a transaction or arrangement;
   b. a compensation arrangement with the Corporation or with any entity or individual with which the Corporation has a transaction or arrangement, or,
   c. a potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Corporation is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are substantial in nature.

**Procedures**

i. Duty to Disclose – In connection with any actual or possible conflicts of interest, an Interested Person must disclose the existence of his or her Financial Interest and all material facts relating thereto to the Board.

ii. Determining Whether a Conflict of Interest Exists – After disclosure of the Financial Interest and all material facts relating thereto, and after any discussion thereof, the Interested Person shall leave the Board meeting while the Financial Interest is discussed and voted upon. The remaining Directors shall decide if a conflict interest exists.

iii. Procedures for Addressing the Conflict of Interest:
a. An Interested Person may make a presentation to the Board, but after such presentation, he or she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement resulting in the conflict of interest.

b. The Chair shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

c. After exercising due diligence, the Board shall determine whether the Corporation can obtain a more advantageous transaction or arrangement with reasonable efforts from a person or entity that would not give rise to a conflict of interest.

d. If a more advantageous transaction or arrangement is not reasonably attainable under circumstances that would not give rise to a conflict of interest, the Board shall determine by a majority vote of the disinterested Directors whether the transaction or arrangement is in the Corporation’s best interest and benefit and whether the transaction is fair and reasonable to the Corporation; and shall make its decision as to whether to enter into the transaction or arrangement in conformity with such determination.

iv. Violations of the Conflicts of Interest Policy

a. If the Board has reasonable cause to believe that a Director, Officer, or member of a committee has failed to disclose actual or possible conflicts of interest, it shall inform such person of the basis for such belief and afford such person an opportunity to explain the alleged failure to disclose.

b. If, after hearing the response of such person and making such further investigation as may be warranted in the circumstances, the Board determines that such person has in fact failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Records of Proceedings

The minutes of the Board and all committees with Board-delegated powers shall contain:

i. Names of Persons with Financial Interest - The names of the persons who disclosed or otherwise were found to have a Financial Interest in connection with an actual or possible conflict of interest, the nature of the Financial Interest, any action taken to determine whether a conflict of interest was present, and the Board’s decision as to whether a conflict of interest in fact existed.

ii. Names of Persons Present - The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection therewith.

C. Security of Financial Data

i. The organization’s accounting software should be reviewed to ensure that general and application controls to unauthorized access to data is precluded (i.e. proper password
ii. The system’s accounting data must be backed up regularly to ensure the recoverability of financial information in case of hardware failure.

iii. All other financial data, petty cash box, unused checks and unclaimed checks and unclaimed checks will be secured from unauthorized access.

D. Security of Organization Documents

Originals of the following corporate documents are maintained and their presence is verified on a periodic basis:

- Charter and all related amendments
- Minutes of Board of Directors and subcommittees
- Banking agreements
- Leases
- Insurance policies
- Vendor invoices
- Grant and contract agreements
- Fixed asset inventory list

E. Use of Organization Assets

No employee may use any of the organization’s property, equipment, material, or supplies for personal use without the prior approval of the school Principal or the Executive Director.

FINANCIAL MANAGEMENT POLICY

A. Basis of Accounting

KIPP Metro Atlanta will maintain its accounting records and related financial reports on the accrual basis of accounting.

B. Accounting Policies

The accounting policies and financial reporting adopted are consistent with the special purpose governmental unit requirements of the Governmental Accounting Standards Boards (GASB), including Statement of Governmental Accounting Standards No. 34 – Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments. GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles.

C. Basis of Presentation

The operations of the fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, net assets, revenues, and expenditures.

D. Cash Management
KIPP Metro Atlanta will maintain cash accounts with a financial institution approved by the Board of Directors. The organization will monitor cash flow statements regularly to ensure proper cash management and to evaluate actual flows to projected trends.

E. Budgets

i. The Managing Director of Finance, in consultation with staff, will prepare an annual operating budget of revenues and expenses and a cash flow projection. This budget and projection are reviewed and approved by the Board of Directors annually and modified as necessary.

ii. Financial statements displaying budget vs. actual results are prepared by the Managing Director of Finance and presented to the Finance Committee and the full Board of Directors at each regularly scheduled meeting.

iii. The annual operating budget will be balanced unless otherwise approved by the Finance Committee.

iv. The organization will strive to raise the next fiscal year’s fundraising goal before the final approval of the operating budget for the following year.

v. In some instances, operating funds designated for a specific fiscal year may be received, and for accounting purposes, recognized as revenue in the prior year. For purposes of budgeting for the specified fiscal year, the finance committee may approve the schools, KIPP FORWARD, or MAC to budget a deficit equal to or less than the aforementioned designated operating funds depending on the size of the prior year surplus.

vi. As part of the budgeting process, contingency items shall be identified and quantified before the final approval of the budget each year. A mid-year review process will determine the necessity of implementing contingency plans depending upon the variance of revenues (including fundraising goals) from the budget.

When managing to its budget, the organization will abide by the following guidelines in managing to its budget goals:

i. A forecast will be presented to the Finance Committee at each regularly scheduled meeting.

During the forecast review process, management may identify a surplus from unrestricted revenue sources and discuss potential uses. If surplus exceeds $200,000, Finance Committee will approve the use of this surplus, to include (but not limited to) the following options:

- Build the operating reserve. This is required before other options are considered if the year-end operating reserve is projected to fall below 2 months.
- Build the capital reserve.
- Investment in regional strategic priorities, including capital projects
- Pay off/down debt or contribute to the endowment
- Off-set next year’s fundraising requirements
The forecast may reveal a revenue shortfall. In this case, management will present a plan to support the shortfall by reducing expenses or identifying alternative revenue sources. If neither of these options are feasible, the Finance Committee can provide access to reserves to cover the operating deficit.

ii. Schools can petition to incur additional expenses if they receive fundraising/donation revenue above and beyond the organization’s budget in the year the revenue is recognized. The Managing Director of Finance reserves the right to require a school to supplant existing expenses, depending on organization wide budget conditions.

iii. Schools are held accountable to their performance against budget for an explicit set of revenue and expense accounts.

F. Insurance

i. KIPP Metro Atlanta maintains levels of coverage, as required by the schools’ charter authorizers (e.g. Atlanta Public Schools and Fulton County Schools) and as recommended by the Board of Directors, for the following policies:
   ● General liability
   ● Business & personal property (including auto/bus)
   ● Workers’ compensation
   ● Personal injury liability
   ● Educators legal liability (including D & O)
   ● Umbrella liability

ii. The organization requires proof of adequate insurance coverage from all prospective contractors, as deemed applicable by the Board of Directors.

G. Financial Reporting

The Director of Finance and the organization’s accountant will maintain supporting records in sufficient detail to prepare KIPP Metro Atlanta’s financial reports, including:

i. Annually:
   a. Financial statements for audit
   b. Annual budget

ii. Monthly:
   a. Internally generated budget vs. actual financial statements by fund and by program
   b. Billing invoices to funding sources
   c. Updated cash flow projection

iii. Periodically:
   a. IRS Forms 941 and payroll tax returns and comparable state taxing authority returns
as well as IRS Form 990

b. Other reports upon request

H. Audit

The Chief Finance Officer will arrange annually for a qualified certified public accounting firm to conduct an audit of KIPP Metro Atlanta’s financial statements in accordance with Government Auditing Standards and the Governmental Accounting Standards Board. The Finance Committee of the Board of Directors will approve the auditor in May of each year.

ASSETS, LIABILITIES, AND FUND EQUITY POLICY

A. Assets

i. Bank Accounts

Government funds are held in collateralized accounts. Other funds are held at Federal Deposit Insurance Corporation (FDIC)-insured banks

ii. Petty Cash / Cash for Change

A petty cash fund of $50.00 may be maintained at each school strictly to provide change for cash payments from parents and/or scholars for student fees. The CFO or MD of Finance may extend this limit by school, on an exception basis, to meet specific school operational needs. Any exceptions granted will be formally documented.

No purchases, parent reimbursements, scholar reimbursements, or employee reimbursements may be made from the Cash for Change fund. All purchases, parent reimbursements, scholar reimbursements, and employee reimbursements must go through the KIPP Metro Atlanta purchasing or check request process.

These funds will be reconciled daily by the school, and formally signed off on monthly by school leadership and the regional finance team, in accordance with management process and policy. All change disbursed and replenishment activity must be clearly documented.

iii. Capitalization

Items are considered property and equipment and will be capitalized if it meets ALL the stated equipment criteria listed below:

a. It can be expected to serve its principal purpose for at least one year.
b. It is nonexpendable; that is, if damaged or worn out, it can be repaired without being replaced.
c. It is equal to or greater than $1,000 per unit cost in value.
If an item does not meet the criteria above, it will not be capitalized.

B. Liabilities and Net Assets
   
   i. Accounts Payable

   Only valid accounts payable transactions based on documented vendor invoices, receiving report or other approved documentation are recorded as accounts payable.

   ii. Accounts Payable Payment Policy

   Vendors and suppliers are paid as their payment terms require, taking advantage of any discounts offered. If cash flow problems exist, payments are made on a greatest dependency/greatest need basis.

   iii. Accrued Liabilities

   Salaries, wages earned, and payroll taxes, together with professional fees, rent, and insurance costs incurred, but unpaid, are reflected as a liability when entitlement to payment occurs.

C. Debt

   i. When applicable, short-term debt consists of financing expected to be paid within one year of the date of the annual audited financial statements. Long-term debt consists of financing that is not expected to be repaid within one year.

   ii. All short-term and long-term debt is approved by the Board of Directors, and only as a last resort.

   iii. Loan agreements approved by the Board of Directors should be in writing and should specify all applicable terms, including the purpose of the loan, the interest rate, and the repayment schedule.

ENROLLMENT POLICY

It is the goal of KIPP Metro Atlanta Schools to consistently meet established enrollment targets at all schools.

It is the policy of KIPP Metro Atlanta Schools to annually establish both a ceiling and a floor for each school’s enrollment level. The ceiling is defined as the maximum enrollment allowed by both the number of seats available in the grade level and the number of seats allowed by the charter agreement. The floor is defined as the minimum enrollment level required to maintain the grade level configuration, as defined
by the Director of Enrollment, and to maintain a financially sustainable budget, as defined by the CFO. KIPP Metro Atlanta Schools will annually submit the projected ceiling number to its district authorizers, but will budget at or near the floor for the sake of conservatism.

The regional enrollment team will verify actual enrollment in the student database against budgeted enrollment. For schools within Atlanta Public School (APS) district this takes place twice per fiscal year. The verification will take place once in October on the date of the 40-day count determined by the APS district, and again before the March count. For schools within Fulton County School (FCS) district, the verification process takes place during the district’s Student Enrollment Adjustment Time (SEAT) day count. The date of the SEAT day count is announced by FCS in late July or early August and typically takes place within the first 10 days of the school year.

Schools are required to backfill open seats according to the regional enrollment strategy.

Enrollment issues will be addressed on a case-by-case basis through the annual SMS Dashboard and performance evaluation process.

The Executive Team reserves the right to waive this policy if the attrition is due to special circumstances.

**CONTINGENCY BUDGETING**

Because per pupil revenue from state and local sources constitutes KIPP Metro Atlanta’s largest revenue stream, and because that revenue stream is variable, unpredictable, and outside of the organization’s scope of control, KIPP Metro Atlanta has established the following guidelines for annual contingency budgeting:

- Each year, schools will be asked to identify line items for potential budget cuts in the event that revenue is not received at the projected amount. The level of cuts will be established annually based on information provided by state and local revenue sources and will be expressed as a percentage of the total budget. The contingency budget will be maintained at a percentage of the board approved annual budget and will vary from year to year. Schools will be asked to cut special events, non-essential trips, and non-essential staffing, and supplies/materials prior to reducing essential staffing. Essential and non-essential staff will be determined by the CAO and the ED in partnership with Principals.
- Each year, the KIPP Metro Atlanta Support Team will be asked to identify line items for potential cuts as well. Because the MAC Shared Services Team invests in critical programs and services to support region-wide priorities and initiatives, the MAC Team will cut at the discretion of the Executive Team.

**OPERATING DEFICITS POLICY**

It is the policy of KIPP Metro Atlanta Schools to operate within budget with a goal of “break-even” using revenue from public sources. However, because there is no guaranteed public revenue stream to support the KIPP Forward Program, this program may operate at a deficit in any given year. In addition, because growing schools do not always generate enough revenue to cover expenses in the early years of operation and the Georgia funding formula does not align to operations, especially for high schools., those schools
may also operate at a deficit. The regional budget may operate at a deficit until all schools reach full
growth. It is the policy of KIPP Metro Atlanta to fund any program/entity deficit with surpluses from other
schools/programs and/or with privately raised dollars.

RESERVE POLICY

A. In order to sustain operations, a reserve will be maintained for use in the event of negative cash
flow, no matter the cause or magnitude, at the consolidated KIPP MAC legal entity and/or at any
one or more subsidiaries and/or reporting entities (schools). The reserve will not be
management’s first line of defense for balancing the budget. Prior to accessing the reserve,
management will attempt to balance the budget by:
   i. Utilizing a surplus at one reporting entity to fund a deficit at another
   ii. Re-allocating funding priorities
   iii. Forcing budget cuts
   iv. Increasing the fundraising goal to the maximum allowable amount as determined by the
       Finance Committee’s established financial sustainability metrics.

B. Management may then, with the permission of the Finance Committee, access the reserve as a
last resort to balance the budget.

C. KIPP Metro Atlanta (including schools, Support Team, and KIPP FORWARD) will maintain a
minimum of one month and an ideal goal of two months of operating expenses in a separate
reserve fund. The “one month” amount will be determined by taking the total amount of the
approved consolidated annual budget for that fiscal year and dividing it by twelve. If the
consolidated organization does not have sufficient cash to maintain the reserve fund, the Finance
Director will determine a schedule to build up the reserve to meet the minimum requirement.
Each year, if the “one month” floor for the reserve fund increases (because the annual budget
increases) the organization will budget sufficient resources in the following year’s budget to bring
the reserve fund up to the minimum level. The Finance Committee may, at its discretion, approve
management’s access to the reserve as needed, after all other measures to balance the budget
have failed, even if the reserve is below the two-month ideal and/or one-month minimum
requirement.

D. KIPP Metro Atlanta will build and maintain a Facilities Reserve Fund for the purpose of building
up cash balances for building repair and replacement.
   a. At the end of each fiscal year, the Chief Operating Officer may elect to carryover all or a
      portion of any unused funds from the Facilities Operating Budget to build the Facilities
      Reserve Fund.
   b. Each year KIPP Metro Atlanta Schools will set aside $100K toward the Facilities Reserve
      Fund until such time as the reserve reaches $1M. At which time, KIPP Metro Atlanta
      Schools will no longer require the setting aside of funds as long as the balance remains
      at or above $1M. When the balance drops below $1M, KIPP Metro Atlanta Schools will
      resume setting aside funds to rebuild the balance.
   c. The Chief Operating Officer will approve use of Facilities Reserve Funds, per the Capital
      Projects Policy. Examples of building repair and replacement include but are not limited
to:
      i. Exterior wall repair work
ii. Roofing material and rooftop repair costs
iii. Water supply and drainage pipe replacement construction cost
iv. Cost of replacing the boiler or water tank
v. Replacement of common areas such as parking lots
vi. Replacement of building shell (windows and doors)

E. The reserve level and Facilities Reserve Fund level will be reviewed regularly by the Finance Committee as part of its financial reports. The Finance Committee recognizes that due to timing of certain revenue streams, there may be times when it will be required to dip into the reserves on a short-term basis. Should the CFO need to temporarily utilize a portion of the reserve, the CFO must prepare a recovery plan to restore the reserve to the minimum requirement. The report will be shared with the Finance Committee at its next regularly scheduled meeting unless the situation dictates that an emergency meeting be called.

F. The Board will strive to maintain an unassigned fund balance in the General Fund of between five to fifteen percent (5% to 15%) based upon annual budgeted expenditures. The balance may be drawn down in the event of an unexpected decrease in state funding. Fund balance is classified as “unassigned” includes all spendable amounts not contained within the other classifications below:

i. Non-spendable: the fund balance associated with inventory, prepaid items, long-term amounts of loans and notes receivable, property held for resale, and corpus of a permanent fund.

ii. Restricted: the fund balance that can be spent only on the specific purposes stipulated by law or by the external providers of those resources (such as bond resolutions, covenants, and grant agreements).

iii. Committed: the fund balance that can be used only for the specific purposes determined by a formal action of the Board. Constraints can be removed or changed only by the Board. Actions to constrain resources should occur prior to KIPP Metro Atlanta’s fiscal year, although the exact amount may be determined subsequently.

iv. Assigned: the fund balance intended to be used for specific purposes, but not meeting the criteria to be reported as committed or restricted fund balance. If these funds should have a deficit fund balance, those deficits are required to be reported as unassigned fund balance. The Board will have the authority under this policy to assign funds for a particular purpose.

G. At the end of the fiscal year, components (schools or departments) of KIPP Metro Atlanta Collaborative may have “interfund” loans and receivables with each other. Interfund accounts will be reviewed and may be forgiven in full at KIPP South Fulton Academy, KIPP Woodson Park Academy, and the Food Service program due to their unique operating agreements (charter and partnership agreements or federal food service program requirements).
CAPITAL PROJECTS POLICY

It is the policy of KIPP Metro Atlanta Schools to execute on capital projects according to the following definitions and guidelines:

A. Project Definitions
   i. A project is defined as a specific set of objectives or tasks that once completed, meet an organizational need.
   ii. A capital project is a project that helps maintain or improve an asset, often called infrastructure. To be included in a Capital Budget, a project must meet ONE of the following requirements (criteria): It is a new construction, expansion, renovation, repair or replacement project for an existing facility or facilities.
   iii. A project can span across multiple campuses.
   iv. Projects may be grouped together under one project ID if they meet ONE or more of the following criteria:
      a. Work is aligned to the same objective as defined by the Director of Facilities and/or Director of Technology.
      b. Work is provided in bulk by the same vendor.
      c. Work must be done simultaneously to achieve the project objective.

B. Project Prioritization

The DOO and Building Engineer will maintain a list of school-based needs and wants. A need is defined as work that must be done to protect student health and safety, to comply with state, local, and/or federal law, and/or to protect the integrity of the teaching and learning environment as determined by the School Leader and COO. A want is defined as work that would beautify the school and/or make teaching and learning easier, but that is not required by law and/or is not required to prevent a material negative impact on teaching and learning.

The COO will work with the Managing Director of Regional Operations to determine the final annual list of project priorities for facilities and technology.

C. Decision Rights & Approval

The COO is the final decision maker on the logical order and priorities of projects; public and private grant assignments; and the timing of work.

The Finance Committee must approve all projects over $100k and all cumulative contracts in excess of $200k in alignment with the procurement policy.

D. Cash Flow Requirements

The CFO and/or COO may veto a project or place it on hold if there is not sufficient cash available to cover projected vendor payments for the work. The CFO and/or COO may lift the veto or hold as cash becomes available. The COO may also fund capital projects with operating funds, provided that there is written agreement from the state, school district, and/or other capital campaign donor to reimburse the funds within the current fiscal year, and provided that the COO certifies
that the realization of the funds in the current fiscal year is highly likely.

E. Reporting

   i. Finance will provide:

      a. Monthly spending report by school, project, donor, and vendor
      b. Quarterly cash flow report

   ii. Operations will provide:

      a. Monthly project priority lists for both facilities and IT
      b. Monthly work status reports for both facilities and IT

   iii. External Relations will provide:

      a. Monthly grant report including donor names, projected amounts, projected dates of receipt, and donor restrictions
      b. Donor reporting schedule including list of specific requests from other departments and deadlines for submission.

F. Grant Assignments

The COO and CFO will assign a grant tag to each project based on available funds, donor priorities, and grant restrictions.

The COO will attempt to spend all state facility grant dollars prior to utilizing private capital campaign funds.

The COO may change a grant assignment within the current fiscal year provided that donor restrictions don’t prohibit the change.

G. Capital Reserve Account

KIPP MAC may on occasion experience times when a major capital expenditure is unexpectedly and urgently required (e.g., a steam pipe bursts or a boiler fails). This policy is designed to ensure that this ongoing need is addressed. KIPP Metro Atlanta will maintain a capital reserve to serve as a “rainy day” fund for major capital expenditures that are unexpectedly required as described above. The reserve is maintained and managed in a separate account from daily operating funds and should never fall below $150,000. It is the practice of KIPP Metro Atlanta to include in its annual operating budget and allocation for facilities emergencies; these funds would support a facility emergency before accessing the capital reserve. Each year, the Finance Committee will review the evaluation of the age and estimated replacement cost of major systems and critical equipment to approve the capital reserve goal.

Withdrawals from the capital reserve will require approval by the Finance Committee.

H. Above and Beyond Projects and Funds
If existing projects approved as a part of the current capital or operating budget or campaign are completed with a budget surplus remaining, those funds may be assigned, at the discretion and the mutual agreement of the COO and CFO, to new capital improvement projects.

If a budget surplus from existing projects does not exist, then new projects must be approved by the Finance Committee. If new projects require additional fundraising, then the Development Committee must also approve. The new project must be defined as a need according to the definition above. If the project is not defined as a need, and/or if the board does not approve the additional funds, the Chief Impact Officer can fundraise separately for the project in question; however, the new funds raised would not count toward the existing campaign goal.

Schools may utilize operating budgets for capital projects with approval from the COO and CFO. Schools must notify the Director of Facilities prior to beginning any capital work.

CASH DISBURSEMENT/CHECK WRITING POLICY

A. Check Preparation

KIPP MAC uses Concur, a web-based accounts payable tool, to collect purchase orders and approvals; collect invoices, check requests, and employee reimbursement coding; and issue related payments. Infrequently, checks can be prepared manually so long as they are prepared by persons independent of those who initiate or approve expenditures, as well as those who are authorized check signers.

All vendor and expense reimbursement checks will be produced in accordance with the following guidelines:

i. Expenditures must be supported in conformity with KIPP MAC purchasing, accounts payable, and travel & business entertainment policies.

ii. Timing of disbursements should generally be made to take advantage of all early-payment discounts offered by vendors

iii. Generally, all vendors shall be paid within 30 days of submitting a proper invoice upon delivery of the requested goods or services

iv. Total cash requirements associated with each check run is monitored in conjunction with available cash balance in bank prior to the release of any checks

v. All supporting documentation, including applicable receipts, invoices, W-9 forms, and/or contracts, is attached to the corresponding check prior to forwarding the entire package to an authorized check signer

vi. Checks shall be utilized in numerical order (unused checks should be kept in a locked area).

vii. Checks shall never be made payable to “bearer” or “cash”

viii. Upon the preparation of a check, the vendor invoice number is logged in the financial accounting software system in order to prevent subsequent reuse.

Expense reimbursement requests must be submitted, along with all supporting documentation, within 30 days of the receipt date, in order to be reimbursed.
B. Check Signing

Expenses of less than $10,000 require a single approval of a Principal, Managing Director of KIPP Forward, or Regional Leadership Team member prior to payment initiation. Approvers should examine all original supporting documentation to ensure that each item has been properly checked prior to signing a check. Checks should not be signed if supporting documentation appears to be missing or there are any questions about a disbursement. Expenses of $10,000 or more require second approval by the COO or CEO. The CFO reviews all disbursements. Check signers are limited to the CFO, COO, CEO, and Board Secretary.

No checks shall be signed prior to the check being completed in its entirety - no signing of blank checks.

C. Voided Checks and Stop Payments

Checks may be voided due to processing errors by making proper notations in the check register and defacing the check by clearly marking it as “VOID”. All voided checks shall be retained to aid in preparation of bank reconciliations.

Stop payment orders may be made for checks lost in the mail or other valid reasons. The stop payment is recorded in the accounting system.

PROPERTY MANAGEMENT POLICY

A. Record and Report of Property

i. Each entity is responsible for maintaining records for every item of property greater than $500 in the organization’s possession; all equipment purchased with Title 1 funds must be included on the inventory listing. The following information must be included:

a. Name and description
b. Serial number, model number, or other identification
c. Vendor name, acquisition date and cost
d. Location and condition of the equipment
e. Ultimate disposition data, including date of disposal and sales price or method of disposal

B. Physical Inventories

i. The organizations perform a physical inventory of all property in its possession or control at the end of each organization year.

ii. The physical inventory records include each asset, the related control number, location, and a brief description of its condition.

iii. The physical inventory is reconciled to the detailed fixed asset subsidiary, and differences are investigated and reconciled.
C. Disposal of Property and Equipment
   i. No item of property or equipment shall be removed from the premises without prior approval from the Managing Director of Regional Operations or the COO.

   iii. When property is retired, the appropriate asset in the fixed asset subsidiary will be adjusted and properly reflected in the General Fund.

PROCUREMENT POLICY

A. Documentation & Advanced Approval

Each purchase over $1,000, including those made by credit card, should be authorized in advance with a purchase order or check request signed by the Principal, Support Team Budget Owner, or CFO. Advance authorization via e-mail is acceptable. Purchase orders must be submitted to Finance, along with the packing slip and/or contract if applicable, with the invoice for payment. Utilities, personnel stipends, and food are exempt from the purchase order/check request documentation requirements.

All completed purchase orders must be signed by the preparer and approved by a DOO (for schools) or Managing Director (for the Support Team and KIPP Forward).

B. Contracts/Agreements & Purchasing Limits

For the purposes of this policy, KIPP Metro Atlanta defines a contract or binding agreement as any purchasing commitment for goods or services that extends for a time period of greater than one month with an annualized cost of $2,000 or more. Repeated commitment for the same goods or services with the same vendor or contractor for less than one month each where the annual aggregate cost is greater than $2,000 would still be subject to this policy. This policy also applies to renewals of and amendments to existing contracts or binding agreements.

All contracts and/or binding agreements falling within these parameters must be reviewed, approved, and co-executed by the CFO or COO prior to committing to the purchase with vendors or contractors.

In instances where these contracts and/or binding agreements are for contractor services or contract labor, the Chief People Officer or functional leadership team designee must review and approve the agreement prior to committing KIPP Metro Atlanta to the services or labor.

For contract services or contract labor, a standard KIPP Metro Atlanta form contract should always be used as the basis for any agreement. This form contract should be requested from the Finance Team as needs for contract services and/or contract labor arise. The Chief People Officer may approve the use of the vendors form contract.
Contracts or binding agreements in excess of $10,000 between KIPP Metro Atlanta and outside parties must be reviewed and approved by the CEO or COO.

Contracts or binding agreements of $10,000 or less do not require approval from the CEO or COO.

All contracts, binding agreements, or purchasing commitments in excess of $100,000 annually or cumulative contracts, binding agreements, or commitments over $200,000 must be approved by the KIPP Metro Atlanta Finance Committee prior to execution.

C. Expenditure Limits

KIPP Metro Atlanta’s employees with purchasing authority are expected to make purchasing decisions with the students’ best interest in mind. Public revenue will be spent on items and services that benefit the students academically. KIPP MAC, schools, KIPP Forward, and Support Team may contribute up to $150 per employee per year on staff incentives including total purchases related to:

- holiday gifts,
- admin/teacher incentives, etc.

- For example, a school with a staff of 50 people would have an annual budget of $150\times50 = $7,500. Principals may allocate the budget as they choose and need not spend exactly $100 per person.
- There will be a separate allocation for staff “uniforms” - or apparel that increases the KIPP brand and unity among staff. This allocation should not exceed $100 per person.
- There will be a separate allocation of $2,000 per school/entity to honor other events among teammates such as birthdays, condolences, graduations, etc.
- The MAC Support Team office follows the same limit for its employees, and has a separate appreciation allocation of up to $25 to show appreciation for school employees.
- Any additional staff incentive expenses exceeding $100 per person per year must be paid for personally by staff unless approved in advance by the CFO.
- No single gift should exceed $100 per person.
- Specific staff incentives from the Support Team to recognize employee length of service are not included in the limit.

D. Required Solicitation of Quotations from Vendors

Except for purchases qualified under “Special Purchasing Conditions” below, expenditures exceeding $25,000 for labor, equipment, supplies or services purchased, leased or contracted for shall be made only after receiving written quotations from at least three (3) vendors. Specific selections shall be recommended, via the principal or regional leadership team member, to the CEO for approval with written quotations attached for review.

Recommendations shall be based on consideration of all applicable criteria as described under “Evaluation of Alternative Vendors” below.

If a request for proposal or bid process is to be used for solicitations for goods and services, they should provide for all of the following:

i. A clear and accurate description of the technical requirements for the material, product
or service to be procured. In competitive procurements, such a description shall not contain features, which unduly restrict competition.

ii. Requirements which the bidder/offer or must fulfill and all other factors to be used in evaluating bids or proposals (see the next section entitled “Evaluation of Alternative Vendors” for required criteria)

iii. A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.

iv. The specific features of “brand name or equal” descriptions that bidders are required to meet when such items are included in the solicitations.

v. The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.

vi. Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

vii. A description of the proper format, if any, in which bids or proposals must be submitted.

E. Evaluation of Alternative Vendors

It is the policy of KIPP MAC to request written proposals from at least three vendors for all purchases that will exceed $25,000. Alternative vendors shall be evaluated on a weighted scale that considers the following criteria:

i. Adequacy of the proposed methodology of the vendor

ii. Skill and experience of key personnel

iii. Demonstrated company experience

iv. Other technical specifications (designated by department requesting proposals)

v. Compliance with administrative requirements of the request for proposal (format, due date, etc.)

vi. Vendor’s financial stability

vii. Vendor’s demonstrated commitment to the nonprofit sector, especially education, charter schools, and to diversity, equity, and inclusion

viii. Results of communications with references supplied by vendor

ix. Ability/commitment to meeting time deadlines

x. Cost

xi. Minority- or women-owned business status of vendor

xii. Other criteria (to be specified by department requesting proposal)

Not all of the preceding criteria may apply in each purchasing scenario. However, in each situation requiring consideration of alternative vendors, the department responsible for the purchase shall establish the relative importance of each criterion prior to requesting proposals and shall evaluate each proposal on the basis of the criteria and weighting that have been determined.

After a vendor has been selected and approved by the Budget Owner, the final selection shall be approved by the executive director prior to entering into a contract or binding agreement.

F. Special Purchasing Conditions:
i. Emergencies:

Where equipment, materials, parts, and/or services are needed, quotations will not be necessary if the health, welfare, safety, etc., of staff and protection of Organization property is involved.

ii. Single Distributor/Source:

Where there is only one (1) distributor for merchandise or services needed and no other product or provider meets the stated needs or specifications, bids will not be necessary.

iii. Federally-Funded Programs:

Purchases that will be charged to programs funded with federal awards may be subject to additional policies.

G. Ethical Conduct in Purchasing

Ethical conduct in managing the Organization's purchasing activities is an absolute essential. Staff must always be mindful that they represent the Board of Directors and share a professional trust with other staff and the general membership.

Staff shall discourage the offer of, and decline, individual gifts or gratuities of value over a cumulative annual amount of $50 from a vendor which might influence the purchase of supplies, equipment, and/or services. Gifts to the Organization, viewed as normal business incentives to obtain future Organization-approved business such as for meeting sites, are acceptable donations.

H. Conflicts of Interest Prohibited

No member of the Board of Directors of the Organization or staff members thereof shall, either directly or indirectly, be a party to or be in any manner interested in any contract or agreement with the Organization for any matter, cause, or thing whatsoever by reason whereof any liability of indebtedness shall in any way to be created against the Organization. If any agreement or contract shall be made in violation of these regulations, the same shall be null and void, and no action shall be maintained thereon against the Organization.

I. Purchases with federal awards

i. Micro Purchases <$10,000 in aggregate

Micro purchases may be made without soliciting competitive quotations if management considers the price reasonable. Therefore, no pre-procurement price comparison (e.g. price or rate quotations) is required to be documented. Purchases must be approved by in accordance with the purchasing authority.

ii. Small Purchases $10,000-$250,000 in aggregate
The following procedures apply for small purchases.

i. Determine potential qualified sources of requested goods or services.
ii. Document the number of qualified sources and the names of the qualified sources. If less than three qualified sources are solicited, document why three or more qualified sources are not available.
iii. Document price quotations from the qualified sources and attach support if available.
iv. Document the vendor selected. If the selected vendor was not the most price advantageous, document rationale for selection of vendor. Refer to other evaluation factors in the Evacuation of Alternative Vendors section.
v. If the procurement is expected to equal or exceed $25,000, verify that the vendor is not suspended or debarred according to SAM.gov.
vi. Upon award, a contract can then be initiated with the vendor. Contracts are mandatory if the sum of purchases from the vendor is over $5,000.
vii. Ensure that the appropriate personnel approve the contract and invoice.

iii. Procurement by competitive proposals > $250,000.

The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

a. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
b. Proposals must be solicited from an adequate number of qualified sources;
c. Must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
d. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
e. Competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

iv. Procurement by noncompetitive proposals.

Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source. Justification for why the procurement is a sole source purchase must be documented. This methodology may be used only when one or more of the following circumstances apply:
a. The item is available only from a single source;
b. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
c. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request; or
d. After solicitation of a number of sources, competition is determined inadequate.

J. Purchases for the Nutrition Program

The KIPP Metro Atlanta School Nutrition Program will purchase goods, products, and/or services in compliance with the Federal Regulations (7 CFR 210.21 and 2 CFR 200), State requirements (O.C.G.A. 36-80-26 which was recently updated to O.C.G.A. 36-80-27) and local Board of Education policies when procuring items. Those of $100,000 or more must be advertised for bids. However, the school system practices advertising and collecting 3 or more quotes for those items costing $10,000 or more. Price alone does not determine award of bid. Some specialized items or services costing more than $10,000 but less than $100,000 cannot be accommodated by advertising for bids as the service or item is specific in nature.

Section A – COMPETITIVE BIDS - $250,000.00+:

The following will be secured by formal competitive bids (2 CFR 200.320 (c) & (d)) through either an Invitation for Bid (IFB) or Request for Proposal (RFP), depending on the needs:

- Milk
- Bread
- Produce
- Groceries (Meats, Grains, Staple, Canned goods, Frozen goods)
- Paper/Chemical Products
- Smallwares
- Large Equipment

The aggregate amount for some of the above items is likely to be more than $250,000. Therefore, the following procedure will be used:

1. Because of the potential of the KIPP Metro Atlanta School Nutrition Program to purchase more than $250,000 of any one item, it will be the responsibility of the School Food Authority (hereinafter referred to as SFA) to make forecasted projections of the amounts to be purchased so the correct method of procurement for the item will be followed.
2. Specifications with contract and debarment certification (Attachment A) will be prepared and mailed by US Mail to the potential contractors desiring to bid the products and posted on the school system website.
3. Competitive bids will be secured as needed, depending on product. See schedule attached (Attachment B) for general proposed schedules.

4. Each vendor will be given an opportunity to provide quotations on the same specifications.

5. The IFB or RFP will clearly define the purchase conditions. The following, as a minimum, shall be addressed:
   a. Contract period
   b. The SFA is responsible for all contracts awarded (statement)
   c. Date, time, and location of bid opening
   d. How vendor/contractor will be informed of bid acceptance or rejection
   e. Delivery schedule
   f. Requirements which bidder must fulfill in order for bid to be evaluated
   g. Provisions addressing sanctions and penalties administered as appropriate if the contractor breaches, violates, or cannot or will not perform as required in the contract terms
   h. Statement assuring positive efforts will be made to involve minority and small businesses
   i. Termination for cause and for convenience clause for contracts in excess of $10,000 and the basis for any settlement

   r. Protest procedures to resolve disputes by disclosing information regarding the protest to the awarding agency.
   s. Provision requiring contractor to maintain all required records for five years after final payment and all other pending matters are closed.
   t. Provision requiring the contractor to recognize mandatory standards and policies relating to energy efficiency which are contained in the State Energy Plan issued in compliance with the Energy Policy and Conservation Act (PL 94-165).
u. Signed Certificate of Lobbying for all contracts over $100,000 (Byrd Anti-Lobbying amendment in 31 U.S.C. 1352)
v. Signed statement of non-collusion
w. Signed Debarment/Suspension Certificate or statement included in contract or copy of Excluded Parties List System required in Executive Orders 12549 and 12689.
x. Provision requiring “Buy American” (7 CFR Part 210.21(d)) as outlined in Policy Memorandum SP 38-2017; specific instructions for prior approval of any and all non-domestic product.

6. Specifications will be prepared and provided to potential vendors/contractors desiring to submit IFB or RFP for the products or services requested. Vendors/contractors will be selected using the SFA’s procedures such as:
   a. Does the vendor’s product meet the required specifications?
   b. Does the vendor’s delivery schedule meet the SFA’s needs?
   c. Other criteria that each SFA determines is of value to them.

7. If any potential vendor/contractor is in doubt as to the true meaning of specifications or purchase conditions, an interpretation will be provided by SFA.

8. The SFA will be responsible for securing all IFBs or RFPs.

9. The SFA will be responsible to ensure all procurements are conducted in compliance with applicable Federal regulations, State General Statutes or policies of the local Board of Education.

10. The following criteria will be used in awarding contracts as a result of bids:
   a. Price
   b. Delivery
   c. Service

11. In awarding a competitive negotiation (RFP), a set of award criterion in the form of a weighted evaluation sheet will be provided to each bidder in the initial bid document materials. Price alone is not the sole basis for award but remains the primary consideration when awarding a contract. Following evaluation and negotiations a firm fixed price or cost reimbursable contract will be awarded.

12. The contracts will be awarded to the responsible bidder/proposer whose bid or proposal is responsive to the invitation and best meets the needs of the SNP SFA, price, and other factors considered. Any and all bids or proposals may be rejected in accordance with law.

13. The SFA is required to sign on the bid tabulation of competitive sealed bids or the evaluation criterion score sheet of competitive proposals signifying a review and approval of the selections.

14. The SFA will review the procurement system to ensure compliance with applicable laws.

15. The School Nutrition Program Managers will be responsible for documentation that the actual product specified is received.

16. Any time an accepted item is not available, the SFA will select the acceptable alternate. The contractor must inform SFA, in advance of the time when a product is not available.
17. Full documentation as to the reason an accepted item was unavailable, and to the procedure used in determining acceptable alternates, will be available for audit and review. The person responsible for this documentation is SFA.

18. The SFA will be responsible for maintaining all documentation of the procurement process.

19. School Nutrition bids will be presented to the Board of Education for approval.

20. A new product may be purchased on a one-time basis without competitive bid, if the purpose is to evaluate the product.

Section B – MICRO-PURCHASE PROCEDURE – less than or equal to $10,000:

Any item(s) totaling less than $10,000 per transaction within the year will be secured by Micro-Purchase informal procurement procedures (2 CFR 200.67 & 2 CFR 200.320 (a)). When the aggregate amount of purchases for each transaction is less than $10,000, the following procedures will be used:

1. Purchases within the micro-purchase threshold can be awarded without soliciting competitive price quotations if the price is reasonable.

2. The SFA must forecast the purchases that will be made by determining the potential cost of item(s) to be purchased annually or throughout the school year.

3. This distribution of forecasted purchases among qualified suppliers can happen in one of two ways; (1) at the time of the purchase or (2) over several purchasing events. For example, a school procuring apples may purchase them either:
   a. from various qualified suppliers at the same time (the total of each of the purchases cannot exceed $10,000),
   b. by choosing one qualified supplier for the purchase of the apples and another qualified supplier the next time apple needs to be purchased (each of the purchase transactions cannot exceed $10,000).

4. REASONABLE PRICE: Ways to verify the reasonableness of a price is to compare previous purchases, have personal knowledge of the item being purchased, or compare to similar items being purchased. All research conducted should be documented.

5. RECORDS: Records still need to be kept for all purchases regardless of the procurement method used, including micro-purchases.

Section C – SMALL PURCHASE PROCEDURE – Up to $250,000:

The following items will be secured by obtaining at least 3 competitive bids through informal procurement (2 CFR 200.88 & 2 CFR 200.320 (b)):

- Smallwares
- Hood Cleaning
Most of the above items will be secured by small purchase informal procurement procedures of three quotes. The aggregate amount of purchases for each of the above-indicated items must be less than or equal to $250,000 for the fiscal year. With this procurement method, the following procedures will be used:

1. Specifications will be prepared to fit the needs of the SNP, will be unrestrictive in composition, and will be provided to the vendor.
2. Each vendor will be contacted and given an opportunity to provide a price quote on the same specifications. A minimum of three vendors shall be contacted.
3. The SFA or designee will be responsible for contacting the vendors when price quotes are needed.
4. The price quotes will receive appropriate confidentiality.
5. Quotes will be awarded by the SFA or designee. Quotes awarded will be to the lowest and best quote based upon quality, service, availability and price.
6. The SFA or designee will be responsible for documentation that the records show the specifications, selection of vendor, reasons for selection, and the names of all vendors contacted and the price quotes from each vendor.
7. The SFA or designee will be responsible for documenting that the actual product specified is received. Training should occur for all school nutrition professionals on the product specifications and its expectations.
8. Any time an accepted item is not available, the SFA will select the acceptable alternate. Training should occur on the guidelines to all school nutrition professionals.
9. When the lowest quote is not accepted, the reason for unacceptability shall be recorded on the quote tabulations.
10. A new product may be purchased on a one-time basis without quotes, if the purpose is to evaluate the product.

Section D – NON-COMPETITIVE NEGOTIATIONS (Single Source):

Items which are available only from a single source may not be obtained competitively (2 CFR 200.320 (f)). Whenever possible, items which are available only from a single source will be avoided. If the item must be used, the following procedure will be adhered to:

1. Specifications will be prepared and provided to the vendor.
2. The SFA will be responsible for the documentation of records to fully explain the decision to use the non-competitive negotiations. The records will be available for audit and review.
3. The SFA will be responsible for documenting that the actual product specified is
received.
4. The Superintendent or his designee will be responsible for reviewing the procedures to be certain all state and local Board of Education requirements for using non-competitive negotiations are met.
5. Non-competitive negotiations will only be utilized when encountering the following circumstances:
   a. The item is available only from a single source
   b. The public emergency for the requirement will not permit a delay resulting from competitive solicitation
   c. The State Agency expressly authorizes non-competitive negotiations proposals in response to a written request
   d. After solicitation of several sources, competition is determined inadequate

Section E – MISCELLANEOUS PROVISIONS:
1. The KIPP Metro Atlanta Board agrees that the reviewing official of each transaction (Superintendent or his designee) is responsible for the oversight and elimination of the purchasing of duplicate or unnecessary items. The reviewing official will determine the economy and practicality of lease and purchase of alternatives.
2. Positive efforts shall be made to utilize small businesses, woman, and minority-owned business sources, giving them the maximum feasible opportunity to compete. Small businesses, woman and minority-owned business sources will not be given unfair advantage when evaluating competitive bids (2 CFR 200.321).
3. If it is necessary to make an emergency purchase in order to continue service, the purchase shall be made and documentation of all such purchases shall be maintained by the SFA or designee. The documentation of emergency purchases shall indicate:
   a. Item Name
   b. Dollar Amount
   c. Vendor
   d. Reason for Emergency
   e. Person authorizing or making purchase
4. The KIPP Metro Atlanta School Nutrition Program will exhaust every effort to comply with the Buy American Provision (7 CFR 210.21(d) & SP 38-2017) by purchasing foods in which the final product is comprised of 51% or greater agricultural commodities that were grown domestically unless such products are considered cost prohibitive or are not available as a domestic product (ex: banana, pineapple).
   a. Advance notice of a non-domestic delivery must be provided by the vendor and approved by the SFA before the delivery occurs, allowing the SFA time to examine alternatives and prices differentiations.
   b. When receiving bids from vendors, if a product is available as both domestic and imported, prices for both products will be obtained and the SFA or designee will determine if it is fiscally sensible to purchase the domestic product. Records will be maintained to support the domestic vs. import decision. Any verification documentation received from a vendor will be verified through a neutral third party (such as the USDA Agricultural Marketing Service’s (AMS) Market News Report).
   c. Domestic alternatives will be considered before an exception is accepted and supporting
documentation will be required.

d. Documents supporting the use of a non-domestic alternative food due to the domestic food not being produced or manufactured in sufficient and reasonable available quantities of a satisfactory quality will be required.

e. The SFA has the option of using the optional Buy American Justification Form or another comprehensive documentation to support any limited exceptions.

5. A written Code of Conduct that governs the performance of all persons engaged in purchasing procedures and provides penalties for violation has been developed and becomes a part of this procedure.

6. In addition to publicizing competitive bid opportunities as customarily conducted through media, the local Board of Education, etc., will understand that all bids or proposals for goods and services valued at $100,000 or more will also be advertised in the Georgia Procurement Registry per Official Code of Georgia Annotated (O.C.G.A.) 36-80-26 which was recently updated to 36-80-27.

7. In accordance with 2 CFR Part 225, Appendix B, section 15, the SFA will request State Agency (SA) approval for any capital equipment purchase ($5,000 or more) that is not listed on the Pre-Approved Capital Equipment list. Any required approval will be submitted to the SA through the completion of the Capital Expenditures Pre-Approval Request Form.

8. Additionally, any contracts over $5,000 shall contain a provision which requires compliance with all applicable standards, orders, or requirements issued under the Clean Air Act (42 U.S.C. 7401-7671q.), the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, and Environmental Protection Agency regulations.

The KIPP Metro Atlanta Board further assures that open and free competition exists to the maximum extent possible during the procurement process.

Attachment A

DEBARRED, SUSPENDED, AND INELIGIBLE STATUS

Institutions shall solicit offers from, award contracts to, and consent to subcontracts with responsible contractors and/or principals only. The serious nature of debarment and suspension requires that sanctions be imposed only in the public interest for the Government's protection and not for purposes of punishment. Institutions shall impose debarment or suspension to protect the Government's interest and only for the causes and in accordance with the procedures set forth in 2 CFR 200.213.

The Contractor certifies that the Contractor and/or any of its subcontractors or principals have not been debarred, suspended, or declared ineligible by any agency of the State of Georgia or any agency of the Federal government or as defined in the 2 CFR 200.213 which states “Non-federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.” The Contractor will immediately notify the School Food Authority if Contractor is debarred or placed on the Consolidated List of Debarred, Suspended, and Ineligible Contractors by a federal entity.
By signing this agreement, the Contractor is testifying that they are not debarred, suspended or has any ineligible or voluntary exclusions with the U.S. Department of Agriculture or any other Federal or State Agency. All responses will be verified.

TRAVEL POLICY

While traveling to conferences or on other official school business, KIPP Metro Atlanta employees are expected to abide by the following policies:

A. Meals

All employees of the school shall receive a “per diem” amount for meals (including taxes and tips) based on the number of meals per day for which the traveler is eligible. Travelers spending the night are generally eligible for per diem amounts to cover the cost of three (3) meals per day while traveling on school business.

The per diem shall be defined as follows:

1. In order to obtain a specific meal allowance, one (1) meal allowance, the travel status must exceed three (3) continuous hours.
   a. For the morning meal allowance, the travel status must occur between 12:00 a.m. and 10:00 a.m.
   b. For the midday meal allowance, the travel status must occur between 10:00 a.m. and 3:00 p.m.
   c. For the evening meal allowance, the travel status must occur between 3:00 p.m. and 12:00 a.m.

Discretionary tips may not exceed 18% of the total bill for meals.

PLEASE NOTE:

- A temporary credit card may be issued to employees who are traveling and cannot support
related travel and expense needs on a reimbursement basis. KIPP Metro Atlanta will not issue “prepaid per diems.”

- KIPP Metro Atlanta does not pay for alcoholic beverages.
- Employees will need to submit a reimbursement request within 30 days after travel occurs. The request must include:
  - The business purpose of the trip
  - The date(s), time(s), and place of the trip
  - Itemized receipt(s)
- Employees who exceed the per diem amount on purchases charged to their corporate card will be responsible for the difference in the corporate charges and the per diem maximum. In these cases, employees should submit a personal check for the difference within two weeks of the close of the corporate card period.
- Per Diem rates do not apply to team, development, or business meals as they provide additional benefit to the organization via a valid business purpose.

C. Lodging

All employees of the school required to stay overnight while traveling on school business, shall receive the following lodging allowance according to the GSA schedule for the destination (available at GSA.gov).

1. Lodging should be arranged and paid for by school prior to travel dates.
2. Employees should not be required to pay for lodging on a personal card.
3. Employees may exceed the GSA schedule rate by 20% with advance written permission from their manager. For reference, the GSA schedule dictates a lodging rate of $152/night for Atlanta through August of 2019.
4. Accommodations that are required by KIPP Foundation related travel (for example KIPP School Summit, KIPP Leadership Development programming, or School/Regional Leader Retreat) are not subject to the limit prescribed by the GSA schedule.

D. Transportation

All employees, while traveling on school business, shall receive the following reimbursements/allocations with regard to transportation expenses:

1. Employee Mileage Reimbursement:
   a. All employees are reimbursed at the standard mileage rate per mile as determined by the Internal Revenue Service for use of their own vehicle for business related travel in excess of 30 round-trip miles (in a single trip). The starting point is considered to be the employee’s school or office.
   b. All employees requesting such mileage reimbursement are required to furnish a Travel Report containing the destination of each trip, its purpose, and the miles driven within one month after the travel date. All receipts must be submitted with the report. Mileage shall be determined using a commonly used Internet map site, such as Google Maps.

2. Commercial Air Transportation:
a. Every effort should be made to secure a 21-day advance ticket purchase.
b. Any fare booked within 7 days of the date of travel must be pre-approved by the employee’s manager.
c. Employees should always book travel using the least expensive option of major airline carriers, not based on frequent flyer reward benefits. All frequent flyer miles earned are for employees’ personal use.
d. Commercial air transportation will be provided according to the least expensive class of service available. The Principal (or KIPP Forward Director or Support Team Manager) will approve all airline reservations for school business trips.
e. Employees may purchase upgrades and extra leg room with their own funds, but these expenses will not be reimbursed.

CONTRACTOR DESIGNATION POLICY

A. Classification of Workers as Independent Contractors or Employees

KIPP MAC will include as part of its consideration all 20 standard factors employed by the IRS in making determinations about classifying workers as independent contractors or employees. In addition, KIPP MAC will consider other factors it deems appropriate, and assign weight to factors to coincide with company priorities and principles. The 20 factors described in IRS guidelines are:

i. Instructions. A person who is required to comply with instructions about when, where, and how to work is ordinarily an employee.
ii. Training. Training of a person by an experienced employee or by other means is a factor of control and indicates that the worker is an employee.
iii. Integration. Integration of a person's services into the business operations generally shows that the person is subject to direction and control and, accordingly, is an employee.
iv. Services rendered personally. If the services must be rendered personally by the individual employed, it suggests an employer-employee relationship. Self-employed status may be indicated when an individual has the right to hire a substitute without the employer's knowledge.
v. Hiring, supervising, and paying assistants. The hiring, supervising, and paying of assistants by the employer generally indicates that all workers on the job are employees. Self-employed persons generally hire, supervise, and pay their own assistants.
vi. Continuing relationship. The existence of a continuing relationship between an individual and the organization for whom the individual performs services is a factor tending to indicate the existence of an employer-employee relationship.
vii. Set hours of work. The establishment of set hours of work by the employer is a factor
indicating control and, accordingly, the existence of an employer-employee relationship. Self-employed persons are "masters of their own time."

viii. Full time required. If workers must devote full time to the business of the employer, they ordinarily will be employees. A self-employed person, on the other hand, may choose for whom and when to work.

ix. Doing work on employer's premises. Doing work on the employer's premises may indicate that the worker is an employee, especially if the work could be done elsewhere.

x. Order or sequence of work. If workers must perform services in an order or sequence set by the organization for which they perform services, it indicates that the workers are employees.

xi. Oral or written reports. A requirement that workers submit regular oral or written reports to the employer may be indicative of an employer-employee relationship.

xii. Payment by hour, week, month. An employee usually may be paid by the hour, week, or month whereas a self-employed person may be paid by the job on a lump-sum basis (although lump-sum may be paid in intervals in some cases).

xiii. Payment of business expenses. Payment by the employer of the worker's business or travel expenses may indicate that the worker is an employee. Self-employed persons usually are paid on a job basis and may take care of their own business and travel expenses.

xiv. Furnishing of tools and materials. The furnishing of tools and materials by the employer indicates an employer-employee relationship. Self-employed persons ordinarily provide their own tools and materials.

xv. Significant investment. The furnishing of all necessary facilities (equipment and premises) by the employer suggests that the worker is an employee.

xvi. Realization of profit or loss. Workers who are in a position to realize a profit or suffer a loss as a result of their services generally are self-employed, while employees ordinarily are not in such a position.

xvii. Working for more than one firm at a time. A person who works for a number of persons or organizations at the same time is usually self-employed.

xviii. Making services available to the general public. Workers who make their services available to the general public are usually self-employed. Individuals ordinarily hold their services out to the public by having their own offices and assistants, hinging out a 'shingle' in front of their office, holding a business license, and advertising in newspapers and telephone directories.

xix. Right to discharge. The right to discharge is an important factor in indicating that the person possessing the right is an employer. Self-employed persons ordinarily cannot be fired as long as they produce results that measure up to their contract specifications.

xx. Right to terminate. Employees ordinarily have the right to end the relationship with the employer at any time they wish without incurring liability. A self-employed person usually agrees to complete a specific job and is responsible for its satisfactory completion or is legally obligated to make good for failure to complete the job.

If an individual qualifies for independent contractor status, the individual will be sent a Form 1099 if total compensation paid to that individual for any calendar year, on a cash basis, is $600 or more. The amount reported on a Form 1099 will be equal to the compensation paid and will not include reimbursements which should be properly accounted for separately.
B.  Record-Keeping Associated with Independent Contractors

KIPP MAC shall obtain a completed Form W-9 from all vendors to whom payments are made. All independent contractors who work around students must obtain a favorable background check prior to the start of work. A record shall be maintained of all vendors to whom a Form 1099 is required to be issued at year-end. Payments to such vendors shall be accumulated over the course of a calendar year.

PERFORMANCE AND PAYMENT BONDS POLICY

Performance and payment bonds in the amount of 100 percent of the contract price may be required for construction and material or service contracts if the Finance Committee determines the requirement is necessary to protect the interests of KIPP Metro Atlanta.

When proposing bids for projects over $100,000, the participating bidders shall include the cost of performance and payment bonds in their proposals, shown as separate line items. When recommending approval of contracts or binding agreements over $100,000, the staff will make recommendations as to the necessity of any and all bonds depending on the type of project, qualifications of the contractor and/or the financial stability of the bidder.

If performance and payment bonds are deemed to be necessary, the bonds shall be furnished as security of the faithful performance of the work in the contract agreement, including stipulations and agreements of the contract and guarantees the payment of all bills and obligations, including payment of materials and labor by the contractor to all subcontractors and material suppliers arising out of the performance of the contract or binding agreement which might or would in any manner become a claim against KIPP Metro Atlanta.

Performance bonds, if required for construction and material or service contracts, shall guarantee the work included in the construction contract agreement against faulty materials or poor workmanship, or both, for one (1) year after final acceptance of the work by KIPP Metro Atlanta. All Performance and Payment Bonds provided by the contractor must be accompanied by evidence from the insurance company that they are licensed by the Commissioner of Insurance to do business as an insurance company in Georgia and is further authorized to serve as a surety. Surety must have a minimum AM Best rating of “A-VII.”

### D. Document Destruction
KIPP Metro Atlanta’s Director of Finance is responsible for the ongoing process of identifying its records, which have met the required retention period, and overseeing their destruction. Destruction of financial and personnel-related documents will be accomplished by shredding.

Document destruction will be suspended immediately, upon any indication of an official investigation or when a lawsuit is filed or appears imminent. Destruction will be reinstated upon conclusion of the investigation.

E. Compliance

Failure on the part of employees to follow this policy can result in possible civil and criminal sanctions against KIPP Metro Atlanta and its employees and possible disciplinary action against responsible individuals. The Chief Executive Officer and Chief Operating Officer will periodically review these procedures with legal counsel or the organization’s certified public accountant to ensure that they are in compliance with new or revised regulations.

WHISTLEBLOWER POLICY

A. General

KIPP Metro Atlanta is committed to lawful and ethical behavior in all of its activities and requires board members, employees, and volunteers to act in accordance with all applicable laws, regulations, and policies and to observe high standards of business and personal ethics in the conduct of their duties and responsibilities.

The objectives of KIPP Metro Atlanta’s Whistleblower Policy are to establish policies and procedures to:

ii. Encourage each board member, employee, and volunteer (“Individual”) to report what he or she in good faith believes to be a material violation of law or policy or questionable accounting or auditing matter by KIPP Metro Atlanta
iii. Ensure the receipt, documentation, retention of records, and resolution of reports received under this policy
iv. Protect Individuals from retaliatory action

B. Reporting Responsibility

Each Individual has an obligation to report what he or she believes is a material violation of law or policy or any questionable accounting or auditing matter by KIPP Metro Atlanta, its board members, employees, volunteers, or other representatives. The types of concerns that should be reported include, for purposes of illustration and without being limited to, the following:

i. Providing false or misleading information on KIPP Metro Atlanta’s financial documents, grant reports, tax returns, or other public documents
ii. Providing false information to or withholding material information from KIPP Metro Atlanta’s auditors, accountants, lawyers, board members, or other representatives
responsible for ensuring KIPP Metro Atlanta compliance with fiscal and legal responsibilities

iii. Embezzlement, private benefit, or misappropriation of funds
iv. Material violation of KIPP Metro Atlanta policy, including among others, confidentiality, conflict of interest, whistleblower, ethics, and document retention
v. Discrimination based on race, gender, sexual orientation, ethnicity, and disability; facilitation or concealing any of the above or similar actions

C. Reporting Concerns

i. Employees and Volunteers

Whenever possible, employees and volunteers should seek to resolve concerns by reporting issues directly to his/her manager or to the next level of management as needed until matters are satisfactorily resolved. However, if for any reason an employee or volunteer is not comfortable speaking to a manager or does not believe the issue is being properly addressed, the employee or volunteer may contact the Chief Executive Officer. If an employee or volunteer does not believe that these channels of communication can or should be used to express his/her concerns, an employee or volunteer may contact the KIPP Metro Atlanta Board Chair. Reports should be submitted in writing to boardchair@kippmetroatlanta.org.

ii. Board Members

Board members may submit concerns to the Chief Executive Officer. If the board member is not comfortable reporting to the Chief Executive Officer or if he/she does not believe the issue is being properly addressed, the board member may report directly to the Board Chair.

D. Handling of Reported Violations

KIPP Metro Atlanta will investigate all reports filed in accordance with this policy with due care and promptness. Matters reported internally without initial resolution will be investigated by the Chief Executive Officer of KIPP Metro Atlanta to determine if the allegations are true, whether the issue is material and what actions, if any, are necessary to correct the problem. KIPP Metro Atlanta staff will issue a full report of all matters raised under this policy to the KIPP Metro Atlanta Board Chair. The Finance Committee may conduct further investigation upon receiving reports of suspected fraud.

For matters reported directly to the Board Chair, the Board Chair shall make all reasonable efforts to acknowledge receipt of the report to the reporter if the identity of the reporter is known and conduct an investigation to determine if the allegations are true and whether the issue is material and what, if any, corrective action is necessary. Upon the conclusion of this investigation, the Board Chair shall promptly report its findings to the KIPP Metro Atlanta Board of Directors.

E. Authority of Finance Committee
The Finance Committee shall have full authority to investigate concerns raised in accordance with this policy and may retain outside legal counsel, accountants, or any other resource that the Committee reasonably believes is necessary to conduct a full and complete investigation of the allegations.

F. No Retaliation

This Whistleblower Policy is intended to encourage and enable board members, employees, and volunteers to raise serious concerns within the organization for investigation and appropriate action. With this goal in mind, no board member, employee, or volunteer who, in good faith, reports a concern shall be threatened, discriminated against, or otherwise subject to retaliation or, in the case of an employee, adverse employment consequences as a result of such report. Moreover, a volunteer or employee who retaliates against someone who has reported a concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment.

G. Acting in Good Faith

Anyone reporting a concern must act in good faith and have reasonable grounds for believing the matter raised is a serious violation of law or policy or a material accounting or auditing matter. The act of making allegations that prove to be unsubstantiated, and that prove to have been made maliciously, recklessly, with gross negligence, or with the foreknowledge that the allegations are false, will be viewed as a serious disciplinary offense and may result in discipline, up to and including dismissal from the volunteer position or termination of employment.

Depending on the circumstances, such conduct may also give rise to other actions, including civil or criminal lawsuits.

H. Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the reporter or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

CREDIT CARD POLICY

KIPP Metro Atlanta maintains a corporate credit card account with SunTrust bank. No one can apply for or use a credit card account on behalf of KIPP Metro Atlanta other than the existing account without approval of the Board. The CFO and/or MD Finance reserves the right to increase limits on a temporary basis to facilitate effective operational purchasing. Otherwise, limits will be assigned to cardholders across functions and campuses according to the following guidelines:

- In an effort to provide streamlined and responsible purchasing support, KIPP Metro Atlanta provides users with one of two card types (along with their primary purposes):
  - Purchasing Card - P Cards should be used to facilitate any necessary purchasing required to support campus operations. These purchases may include supplies, ad
hoc services, event support, etc.

- Travel and Expense Card - T&E Cards should be limited to facilitate individual and team travel and expense, team meals, professional development, and campus event support. T&E Cards should not be used for recurring supplies purchases or other campus operating activities.

- Primary campus purchasing personnel may have access to a P Card which will have a maximum limit of $10,000 per user with a general limit of $20,000 per campus per month (or $15,000 per month for “single school” campuses). As a general guideline, schools should have no more than 2 purchasing cards, however the CFO and/or MD of Finance may grant cards to additional personnel in the purchasing space if there is a valid business need. These cards should be used to facilitate general recurring purchasing for school operations and events.

- If a school has a demonstrated need for a higher limit, this limit can be extended up to an additional $5,000 at the discretion of CFO and/or MD Finance, but this should be the exception to the rule.

- School Leaders may have T&E Cards with a maximum limit of $4,000 per month - these cards should be used primarily for School Leader and Director of Operations travel and expense, while supporting professional development and other campus events.

- Facilities Associates may have P Cards with a maximum limit of $5,000 per month - these cards should be used primarily for day-to-day tactical purchasing for facilities management and maintenance and repair.

- Support Team Managing Directors and Chiefs may have T&E Cards with a maximum limit of $4,000 per month - these cards should be used primarily for professional development, team related expenses, and travel and expense purposes. No recurring operating charges should be placed on these cards.

- Personnel who engage in frequent or significant travel may be issued a credit card on a full or temporary basis at the discretion of the CFO or MD Finance. The maximum limit of these cards will be determined and set by the CFO and/or MD Finance based on budget parameters and the business requirements of the role.

- Regional Purchasing Personnel may have P Cards with a maximum limit determined by the CFO and/or MD Finance to facilitate the execution of regional purchasing and school support purchasing, based on the strategic requirements of the role.

Other General Rules and Criteria:

- The CFO and/or MD Finance, as acting credit card platform administrator, may revoke or limit card usage for any user at any point based on requirements to meet budget targets, suspected or express card misuse, and/or recurring delinquency or neglect of policy.

- Individual user credit cards shall have a single transaction limit of $9,999.

- All credit card purchases are subject to the criteria set forth by our general procurement policies - this expressly includes the requirement for Purchase Orders for credit card purchases over $1,000.

- The Control Account and/or any card linked to the regional purchasing team are not subject to a transactional dollar threshold.

The following transactions are at all times prohibited on KIPP Metro Atlanta credit cards:

- Alcohol
- Premium travel or premium travel upgrades
● Payments to Independent Contractor
● Payments to Employees (or to Employee businesses)
● Gift cards

All users will follow the above policy and sign off on management’s Credit Card User Agreement annually.

BUDGET MEETING POLICY

It is the policy of KIPP Metro Atlanta to hold a minimum of two public meetings on proposed operating budgets each year. These meetings will be held in advance of the board budget approval meeting that occurs in June of each year.

KIPP ENDOWMENT FUND DISTRIBUTION POLICY

Purpose

KIPP Metro Atlanta is committed to supporting our students to and through college, and as such, allocates resources to offer financial assistance to eligible families to cover a limited portion of education related expenses during high school and college.

Eligibility Requirements – KIPP Endowment Fund

The KIPP Endowment Fund is only available to students who are considered “alumni” of KIPP Metro Atlanta and are enrolled or enrolling in college. To be considered an alumnus of KIPP Metro Atlanta, a student must have completed 8th grade at a KIPP Metro Atlanta middle school or 12th grade at a KIPP Metro Atlanta high school. Priority is given to students who have completed the highest available KIPP grade in their respective district (8th grade for Fulton County students, 8th grade for Atlanta Public Schools students in the Class of 2014 and before, and 12th grade for Atlanta Public Schools students in the Class of 2015 and beyond).

Allocation Philosophy

Allocation decisions for the Endowment are determined based on the fundamental principles of the KIPP Forward mission–academics and character--and also take into consideration family income and
financial status as well as student participation in the KIPP Forward program. The criteria are as follows:

1. Completed Application
2. 2.5 GPA
3. Demonstrate financial need. Student applications are ranked based on Expected Family Contribution (EFC) on the Student Aid Report (SAR)

The endowment is designed to meet gap funding requirements for last dollars, and as such, funds are distributed broadly with smaller allocations not to exceed $3,000. Multi-year commitments are never made but students may apply each year for an additional award. Priority may be given to students who received prior year allocations and final year students. Applications are advertised in several ways to ensure access: KIPP Metro Atlanta social media accounts, email blasts to KIPP Metro Atlanta Schools families, and directly to scholars by their KIPP Forward Counselors and Advisors.

Award Decisions

The KIPP Forward Managing Director is responsible for reporting to the board on an annual basis. There is also a committee to review applications. The committee, made up of both KIPP Forward staff and/or community members, reviews all student application materials and makes a recommendation to the KIPP Forward Managing Director for endowment awards.

The awards identify eligible expenses which generally include: tuition, books, supplies, technology needs, athletic fees, dorm fees, meal cards, uniforms and graduation fees. The KIPP Forward Managing Director, with approval from the CEO, can make exceptions for reasonable educated related expenses.

Award Terms

Endowment award recipients are expected to be fully engaged in KIPP Forward programs during the duration of their post-secondary education. Full engagement includes participating in meetings with their KIPP Forward Counselors or Advisors, providing transcripts each semester, and completing twice yearly benchmarks and regular updates on progress to post-secondary goals.

KIPP METRO ATLANTA RELIEF FUND

KIPP Metro Atlanta’s operating budget will include a small (up to $20,000) allocation of privately fundraised dollars to provide financial support to families, scholars, staff, and alumni facing hardship. Specifically, the Relief Fund is intended to support families, scholars, staff, and alumni that experience unemployment or reduced wages, medical bills, critical utility bills, the need to pay for alternative childcare, or other extenuating circumstances.

Allocation Philosophy

The maximum annual support that can be provided is $599 per calendar year per family (a family may have scholars at multiple schools), alumni, or staff. Payment may be issued as follows:

1. Emergency Support - $250 cash payment, made available at the Support Team office within 48 hours of the decision; this is not available to staff
2. Additional Relief - Up to $349 payment via check, issued via Concur and received within 30 days of the decision; this is not available to staff

3. Other format requested or decided upon, which a school’s DOO, regional office manager, or KIPP Forward teammate will support (example: grocery order, rent payment on credit card)

4. Paycheck stipend – Up to $599 per calendar year, issued to staff only, these funds will be taxed at time of payment.

Awards will be issued until the annual budget is exhausted.

Award Decisions

The caretaker of any KIPP Metro Atlanta student may apply for support from the Relief Fund, as may any KIPP Metro Atlanta alumnus or staff member.

The applicant should contact the social worker on their campus. Support team members should contact a member of the Student Support Team. Alumni should contact their KIPP Forward counselor. The applicant should provide evidence or documentation of the financial hardship for their family, such as:

1. Unemployment or reduced income
2. Medical bills
3. Unanticipated child care costs
4. Other situations with detail provided

Examples of documentation include:

1. Written notice of layoff
2. Written notice of a business’ reduced hours
3. Pay stubs
4. Medical bills
5. Copy of the student’s daycare enrollment form
6. Invoice, receipt or proof of payment to a daycare
7. Proof of payment to a babysitter or caregiver

This list is not exhaustive. KIPP Metro Atlanta will consider any documentation or evidence of financial hardship provided.

A Relief Fund Review Team will be established annually, ideally consisting of: 1 member of the regional Student Support Team, 1 social worker, 1 HR manager, and 1 finance teammate. The review team will evaluate the information provided and decide the amount and format of the relief.

Award Terms

Upon approval of a request, the applicant will receive a letter that states the following:

1. The evidence the applicant provided demonstrating financial hardship
2. The amount of the money the school is providing to the applicant via check
3. The allowable uses of these funds
4. What follow-up documentation may be required of the applicant (e.g. proof of payment of rent, medical bills or childcare; receipts from the purchases of groceries or other necessities- all of these can be sent electronically). [KS1]

All requests, as well as all documentation provided, will be kept confidential.

SECTION B: PERSONNEL POLICIES

EQUAL OPPORTUNITY EMPLOYMENT

KIPP Metro Atlanta Schools, as a matter of policy and practice, is committed to equal employment opportunity for every employee and job applicant. The organization prohibits discrimination based on race, gender/sex, national origin, color, ethnicity, religion, age (40 and over), mental or physical disability, sexual preference or orientation, gender identity and veteran status.

This policy applies to every aspect of employment including hiring, training, compensation, transfers, promotions, demotions, discipline, job assignments, employment, termination, and other working conditions.

An employee who believes they are being or has been discriminated against in violation of this policy should notify the director of human resources or the managing director of talent. All complaints of discrimination are carefully investigated.

The organization flatly prohibits retaliation against anyone for making a complaint of discrimination.

REASONABLE ACCOMMODATION OF DISABILITIES POLICY

A disability is a permanent or less-than-short-term mental or physical condition that substantially interferes with one or more major life activities. KIPP does not discriminate against employees or applicants because of disability.

It is, in addition, KIPP’s policy to reasonably accommodate an employee’s or applicant’s disability. An employee or applicant in need of an accommodation should notify Human Resources. Once that happens, Human Resources will engage the employee/applicant in an interactive process to determine how best to reasonably accommodate the individual.

Not every requested accommodation is reasonable. “Reasonable accommodation” is defined as an accommodation that allows the individual to perform the essential functions of a job now or in the immediate future. KIPP will make an accommodation that is reasonable unless that accommodation creates an undue hardship for the organization.

An employee in need of an accommodation should contact Human Resources who will provide the link to the ADA Accommodation Request Form.
STANDARDS OF CONDUCT

KIPP Metro Atlanta employs individuals of integrity, high ideals and expectations, and sensitivity to other individuals in our educational environment. Employees must take personal responsibility for understanding the organization’s standards of conduct and applying them in daily activities. All employees are expected to:

- Make decisions based on what is best for students in all cases
- Maintain honest, equitable, professional relationships with students, parents, volunteers, and other staff members
- Observe local, state and federal laws, policies, rules, and regulations
- Abstain from fighting or threatening violence
- Demonstrate knowledge of research and competence in state-of-the-art practices in the employee’s field of expertise
- Maintain confidentiality of privileged information
- Support cooperation between the school and the community
- Safeguard school property, equipment, and materials
- Comply with all policies contained within KIPP Metro Atlanta’s Employee Handbook and implement policies in a spirit of good faith

Any employee who violates the policy shall be subject to discipline up to and including termination of employment.

Background Checks, Fingerprints and Clearance Certification

For safety and security reasons, all KIPP Metro Atlanta employees, contractors and volunteers who work around students must undergo a criminal background check prior to beginning employment/service. KIPP Metro Atlanta requires all employees to obtain an updated background check every five years. The cost of required background checks will be covered by KIPP Metro Atlanta. A third-party service is used to collect fingerprints for the background checks, which are forwarded to the Georgia Bureau of Investigation (GBI) and the Federal Bureau of Investigation (FBI). The criminal history sent by the GBI and FBI is reported as far back as a criminal history exists.

If either an applicant or an existing employee has been convicted of any crime, Human Resources will determine if employment is possible based on the following criteria: the position applied for, length of time in position, contact with students, type of crime, number of crime(s), date(s), and relation to performance of job duties. An applicant or existing employee convicted of a felony that involves harm to a minor will be ineligible for employment or will be subject to termination if they are a current employee. Applicants and existing employees have an ongoing obligation to notify their manager and Human Resources within three days of all arrests and convictions (excluding minor traffic violations).

An employee or candidate for employment with KIPP Metro Atlanta will need to obtain a Clearance Certificate from the Georgia Professional Standards Commission (GaPSC). If an employee or candidate is unable to obtain a Clearance Certificate, it could result in termination of employment or revocation of initial offer of employment. Any required fees by the GaPSC to gain Clearance Certification, or any supplemental Certification, will be the responsibility of the employee and will not be reimbursed.
**Benefits Information**

KIPP Metro Atlanta is pleased to offer a comprehensive and competitive benefits program and makes significant financial contributions to help to enable benefit choice and affordability.

All full-time employees working at least 30 hours per week in a benefit eligible position are eligible to enroll in any group benefit plan offered by KIPP Metro Atlanta Schools.

Benefits include medical insurance, dental insurance, vision insurance, life insurance, employee assistance program, retirement options, and optional supplemental insurance. All employees are eligible for employer provided basic life and long-term disability insurance. KIPP Metro Atlanta has the right to change its benefit offerings and service providers at any time.

New employees of KIPP Metro Atlanta who enroll in benefits will start receiving medical, dental, vision, basic life, and long-term disability insurance on the first day of the month following a thirty (30) day waiting period that begins on their first day of employment. As an exception, new employees who start at the beginning of the school year (July) will be eligible for benefits as of August 1. In order to begin coverage on schedule, current employees must enroll prior to July 1 of each year.

The Internal Revenue Service (IRS) states that eligible employees may only make elections to the plan during their initial eligibility period or once a year at open enrollment. Pre-tax benefit choices are binding through the end of the plan year, June 30. However, the IRS provides specific instances when an employee can make mid-year election changes. Examples include:

- Getting married or divorced
- Death of spouse or dependent
- Birth or Adoption
- Loss of Dependent Status
- Involuntary Loss of Coverage for Employee, Spouse, or Dependent

These special circumstances, often referred to as “qualifying events,” allow employees to make plan changes at any time during the year in which they occur. The changes must be made within thirty (30) days of the event in order to make the qualified change. All other changes will be deferred to open enrollment.

Upon separation from KIPP Metro Atlanta Schools, medical, dental, and vision coverage for former employees will expire after the last day of the month in which employment ends. For example, if an employee separates on October 15, coverage will last through October 31. Life and long-term disability coverage will expire immediately following the last day of employment. Information regarding benefits continuation through the Consolidated Omnibus Budget Reconciliation Act (COBRA) will be sent to the employee’s home address.

**Premium Contributions**

- The organization will contribute a fixed amount to each eligible employee’s portion of medical benefits and life insurance.
- Each eligible employee is responsible for paying the other portion of the premium each month.
Half of the employee’s monthly contribution will be deducted directly from their paycheck each pay period. Detailed information about benefits will be maintained within the HRIS.

**Workers’ Compensation Information**

KIPP Metro Atlanta offers a comprehensive workers’ compensation policy at no cost to its employees and, in most cases, the insurance policy covers costs for approved and recommended medical or healthcare coverage related to the injury. This policy covers injury, illness, or death sustained in the course of employment.

Should an employee or volunteer get hurt while at one of KIPP Metro Atlanta’s facilities, they must inform their manager and director of operations immediately after the incident to complete a First Report of Injury Form. The employee is then required to see one of the physicians on the medical providers panel posted in the school’s front office or break-room. If the employee chooses not to go to one of the doctors listed on the medical providers panel, they risk their claim being rejected by the insurance company.

If the workers’ compensation insurer covers an injury, employees may be eligible for income benefits if the injury causes them to miss seven days. KIPP Metro Atlanta Schools will continue the employee’s compensation during the initial seven-day absence for all normal workdays.

**Technology Equipment Usage Policy**

All employees who are issued KIPP Metro Atlanta technology equipment agree to abide by this Technology Equipment Usage Policy. For the purposes of this policy, technology equipment includes all equipment issued to the employee, such as: a computer, monitor, laptop, cell phone, printer, power cord, mouse, etc. KIPP Metro Atlanta technology equipment is intended exclusively for educational and business purposes and is provided for the use of its employees for the performance of their job duties and related activities.

KIPP Metro Atlanta agrees to purchase equipment on behalf of staff members identified as needing such equipment to fulfill their work duties. The equipment is the property of KIPP Metro Atlanta and, although the equipment may be taken from school premises during the employee’s term of employment, it remains the property of KIPP Metro Atlanta. The equipment, documents, and information stored and processed by the computer or laptop remain the property of KIPP Metro Atlanta. Acceptable uses of such technological equipment are limited to responsible, efficient, and legal activities that support learning and teaching. Use of school system technological resources for commercial gain or profit is prohibited.

Any equipment requiring the use of a login name and/or password must be made available to the principal, human resources or chief executive officer upon request. Employees may use password(s) unknown to KIPP Metro Atlanta, but must disclose their password(s) to KIPP Metro Atlanta upon request. Employees are prohibited from the unauthorized use of password(s) of other employees.

All email messages and electronic files created, maintained, or shared using a KIPP Metro Atlanta issued computer or laptop are the property of KIPP Metro Atlanta. Therefore, employees should not assume that messages and files are confidential. The employee understands that all communication on or
transmitted through the KIPP Metro Atlanta issued technology equipment is public information. As a public entity, KIPP Metro Atlanta is subject to open records laws and all communications are deemed “public records.” As such, all communication utilizing public resources as a means of communication (e.g., school laptop, computer, etc.) can be requested at any time from media agencies and the public. Back-up copies of email and computer files may be maintained and/or referenced for business or legal reasons.

Employees must exercise reasonable care to keep assigned equipment in good working order and to safeguard equipment from loss or theft. In cases of theft, vandalism, and other criminal acts, a police report, or in the case of fire, a fire report, should be filed by the employee for the protection coverage to take place. A copy of the police/fire report should be provided to the director of technology. If equipment is damaged, missing any components, lost, or stolen, employees are required to notify their manager immediately. If the laptop damage is beyond repair and needs to be replaced, we will evaluate replacement options on a case by case basis. Instances of negligence and/or inappropriate use may be subject to disciplinary action up to and including termination. Each case will be determined by the director of technology with the support of the director of human resources. Employees who are released from employment for any reason (resignation, discharge, etc.) must return their assigned equipment no later than their final day of employment with KIPP Metro Atlanta, or face legal action. KIPP Metro Atlanta will not permit the purchase of KIPP Metro Atlanta technology to be released to active employees.

The use of school technology equipment should interfere in no way with an employee’s job duties and/or performance, and employees are prohibited from using their assigned equipment in a way that is disruptive or offensive to others, or harmful to school morale. Such prohibited transmissions include those in violation of the KIPP Metro Atlanta Human Rights, Copyright, and Technology Equipment Usage Policies, in addition to all federal and state laws.

Employees are to utilize KIPP Metro Atlanta technology for school related purposes and the job performance. Incidental personal use of technology is permitted as long as such use does not interfere with the employee’s job duties and performance, system operations or other system users. “Incidental personal use” is defined as use by an individual employee for occasional personal communications. Any personal use by employees must comply with this policy.

Any violation of this Technology Equipment Usage Policy may result in disciplinary action, including possible termination of employment.

EMPLOYEE LEAVE POLICY

This section describes KIPP Metro Atlanta’s policy on granting leave. Except in the cases of holidays and the leave covered by the Family and Medical Leave Act of 1993, leave eligibility is not automatic. Employees have the responsibility to request leave from their manager as soon as possible and to establish that leave has been approved.

While KIPP Metro Atlanta will continue to make reasonable efforts to provide leave benefits as described in this section, it reserves the right to modify or terminate any leave benefit now in effect.

Paid Time Off (PTO) Procedures

Full-Time Employees
In addition to school holidays and breaks, eligible employees will receive leave days each year to be used for any combination of sick or personal time off. Managers have the authority to approve or deny any leave request presented to them. The number of annual PTO days and breaks for which each full-time employee is eligible is stated below (see the appendix for a list of holidays for which staff is eligible). On these days, full-time hourly employees will be compensated for a maximum of 8 hours.

<td>19 PTO days + Fall Break + Thanksgiving Break + Winter Break + Mid-Winter Break + Spring Break + 2 week of Summer Break</td>

</tr>
</tbody>
</table>

For purposes of this benefit, non-annual employees are defined as employees who are scheduled to work during the school year, i.e. July – May. Annual employees are defined as employees who are scheduled to work all 12 months.

Paid time off is not automatic. Eligible employees must earn PTO days. PTO is earned each month an employee works. Although a full-time employee will be able to view all of the PTO days they can earn during the year, and can take the days prior to earning them, if the employee stops working for KIPP Metro Atlanta (for any reason) they may be required to pay back the organization for all days taken before earned.

In the event that a current employee transfers to a different school/entity within KIPP Metro Atlanta, they will be eligible to keep the total number of paid time-off days accrued to date and will begin earning days based in their new position beginning the first day with the new school/entity.

**Part-Time Employees**

All part-time employees are eligible to earn paid time off. These employees earn 1 hour of PTO for every 20 hours worked for a maximum of 50 hours earned per year. In addition to accrued leave, part-time
employees will receive pay for the following holidays only. Employees working “on-call” are not eligible to receive holiday pay.

- New Year’s Day
- Martin Luther King Jr. Day
- President’s Day
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

Should part-time employees who have not earned PTO require time off, they should inform their manager as soon as possible. Employees understand that because they are taking time off before they have earned PTO, the day(s) taken off will be unpaid.

**Procedures to request PTO**

- **Future Time Off:** As soon as eligible employees know that they need to take time off, they must do so through the KIPP Metro Atlanta HRIS. Employees are required to use all paid leave before taking any unpaid leave. The only exception is for non-annual hourly employees, who may choose to take unpaid leave during the school year in order to use paid leave during Summer Break.
  - Full-time employees’ leave time must be requested in the following increments (regardless of the employee’s work schedule):
    - 8 hours = 1 day
    - 6 hours = ¾ day
    - 4 hours = ½ day
    - 2 hours = ¼ day

- Part-time employees’ leave requests will be in increments equal to hours worked. For example, if the employee works a 4-hour shift, they would request 4 hours = 1 day.
- Support Team and KIPP Forward Staff can only take time in increments of 1 or ½ day(s).

The employee’s manager will approve/deny the leave request electronically. If necessary, the employee’s manager will meet with the employee to discuss the approval or denial of the leave request.

- **Time Taken in Past:** In the event that an employee is ill and needs to take a day before getting the day approved, as soon as the employee returns to work, they must complete a paper leave request form (found in the school’s main office) or within the HRIS and give it to their manager for approval.

The completed form must be submitted to Human Resources within 48 hours of returning to work. The employee and manager are responsible for ensuring that this process is followed. An employee who cannot come to work due to an unexpected illness must inform their
Critical Days

At the beginning of each school year, principals, chief schools’ officer, chief operating officer, chief of staff, and executive director will identify “critical days” for which staff members are restricted from using their leave days.

Critical days include the day(s) before or following a holiday and/or school break, standardized testing days, professional development days, half days, new scholar orientation, the first day of school, and the last two weeks of the traditional school year.

Unless otherwise approved due to medical emergencies, staff members who do not report to work on a critical day may be subject to performance management procedures. A doctor’s note will be required for all critical day absences resulting from medical emergencies.

The list of critical days for the current school year is located in the Appendix of the employee handbook.

Approval/Denial of PTO

KIPP Metro Atlanta Schools wants employees to use Paid Time Off (PTO) for rest, renewal, and well-being, and encourages all employees to request time to maintain balance between personal and work lives. Likewise, managers will work to honor PTO requests whenever possible, come up with solutions in the event of possible barriers for taking time off, and in the event that PTO needs to be denied, offer a clear explanation to employees.

The manager will have the discretion to deny any leave request based on the burden placed on the school or the organization. If the leave request has been denied and the employee still chooses to take the unapproved day off, that is insubordination. Consequences for insubordination include being written up, to losing the leave day, to termination. Other circumstances where these consequences would apply are:

- The staff member did not seek approval for the leave from the manager in advance
- The staff member takes more than their total number of eligible leave days
- The staff member takes time off and doesn’t report it to their manager and Human Resources

Partial Day Leave

Salaried school-based staff requesting to leave early will use the appropriate portion of their leave days:

<table>
<thead>
<tr>
<th>Early Leave Time</th>
<th>Portion of Day Used</th>
<th>Hours Conversion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before 9:30 AM</td>

<td>1/2 day used</td>
<td>4 hours</td>
</tr>
<tr>
<td>After 2:01 PM</td>
<td>1/4 day used</td>
<td>2 hours</td>
</tr>
</tbody>
</table>

Hourly employees will submit time off for actual hours not worked in increments of 2 hours.
School-based staff members who are approved to use PTO during Early Release Days will be required to use ¾ of a PTO day. Employees who are approved to use PTO during Half Days will be required to use ½ of a PTO day.

Support Team and KIPP Forward employees can only request a full or half day off.

Late Arrival

Staff members who expect to arrive later than the following times for any reason must call their manager’s cell phone as soon as possible:

- KIPP STRIVE Academy, KIPP STRIVE Primary, KIPP Soul Primary, KIPP Soul Academy, KIPP Vision Academy, KIPP Vision Primary, KIPP WAYS Academy, KIPP WAYS Primary, KIPP Woodson Park Academy, and KIPP South Fulton Academy staff after 7:00 a.m.
- KIPP Atlanta Collegiate after 7:40 a.m.

Other excused and unexcused tardies for salaried school-based employees will be treated as follows:

Rollover of Unused Days

All employees can carry over up to five (5) total unused days at the end of each school year for a maximum of thirty (30) days. (Only employees who have worked with KIPP Metro Atlanta for at least six years and who have rolled over five unused days at the end of each year will reach this maximum. Donated leave hours are not eligible for carryover into the next school year.)

The maximum thirty (30) days an employee can accumulate (roll-over from previous years) is in addition to the days an employee can earn in the current fiscal year. (While a non-annual employee can have up to 38 PTO days in a single year, they can never roll over more than 30.)

An employee cannot take off more than thirty (30) paid time off days in a given year, unless it is approved FMLA.

Payment of Unused Days

Employees who leave the organization for any reason (e.g., termination, resignation, independent contractor status, etc.) will forfeit all unused accrued paid time off. Employees who stay through the end of the school year will be compensated for up to three (3) unused accrued paid time off days. Employees leaving in the middle of the school year do not have that option.
Leave Time Donation

In the event an employee has to take an extended leave of absence due to parental leave, medical need, or other emergency situations, other employees may volunteer to donate their leave days to the colleague in need. The employee must have used all paid time off days in order to use pre-approved donated days and the need must be documented by a doctor’s note. Employees can donate only to employees who work for the same school or entity. For example, KIPP STRIVE Academy employees can donate only to and receive donated days from other KIPP STRIVE Academy employees. Full-time employees can only receive and donate hours equivalent to the increments outlined in the Employee Leave Policy. Part-time employees can only receive and donate hours that are equal to or less than their schedule. This process is completely voluntary and anonymous. Donated hours are not eligible for carryover into the next year.

In order to donate a day to a colleague, the employee donating the day must be a current employee. Employees may not donate days after giving notice of resignation. Employees who wish to donate must complete the donation section of the paper leave request form. A copy of the leave request form can be found within the appendix or the HRIS.

Bereavement Leave

Following the death of a family member, an employee is eligible for five (5) bereavement days per incident that will not be deducted from their PTO balance. Employees may be eligible for up to a total of ten (10) days of bereavement leave per school year. Additional bereavement leave may be requested through the Human Resources department and may require documentation. Bereavement leave must be utilized within 30 days of the qualifying event.

Jury Duty

KIPP Metro Atlanta encourages all employees to serve when called for jury duty. If an employee receives a jury summons, the employee must notify their manager immediately. When an employee (hourly or salaried) is summoned for jury duty, KIPP Metro Atlanta will:

- Pay the employee’s regular salary for the days served based on what their schedule would have been on that day. The employee will lose no regular pay due to jury duty.
- Consider the employee’s jury duty pay as payment for extra expenses incurred.

If the court subpoenaes an employee as a witness for personal reasons, the employee must use their PTO time and submit a request to their manager for approved leave for the day(s) involved. The employee must report to work on days or partial days when they are not required to report to jury duty or appear as a witness.

Military Service Leave

Employees ordered to annual tours of duty for the reserves or National Guard during the work year will be granted paid leave up to 18 days for each assignment. Longer military leaves without pay will be granted any time an employee is absent from work for an extended period because of Eligible Military
Service (as defined below). Upon satisfactory completion of the military service, employees who are eligible for reemployment will be reemployed with the same seniority, and all rights and benefits based on that seniority, that they would have attained if they had not taken military leave.

For purposes of this policy, “Eligible Military Service” means certain types of service (listed below) in the following branches of the U.S. military:
- Armed Forces (Army, Navy, Air Force, Marine Corps, and Coast Guard), including the Reserves
- National Guard, including the Army National Guard and Air National Guard, when the employee is engaged under federal authority in active duty for training, inactive duty training, or full-time National Guard duty
- Commissioned corps of the Public Health Service
- Any other category of persons designated by the President in time of war or national emergency

Eligible Military Service also includes:
- Duty as a member of an organized militia or reserve component of the Armed Forces
- Active state service by a member of the Georgia National Guard or any Georgia resident who is a member of the National Guard of any other state

Eligible employees may take leave under this policy for the following types of military service:
- Active duty
- Active duty for training
- Initial active duty for training
- Inactive duty training
- Full-time National Guard duty
- Submitting to an examination to determine your fitness for any of these services
- Funeral honors duty performed by National Guard or Reserve members
- Service as an intermittent disaster response appointee of the National Disaster Medical System when employees are activated under federal authority or attending authorized training in support of a federal mission

If you need to take military service leave, you or an authorized military service officer should provide Human Resources with at least 30 days’ notice if possible. If 30 days’ notice is not possible because of military necessity or for other reasons, you should give as much advance notice as possible. Written notice is preferred, but not required. Where possible, please submit a copy of your military orders, training notice, or order to active duty to Human Resources.

Employees may be eligible for reemployment after their military service leave. Any employees who would like to return to work must report to work or submit an application for reemployment to Human Resources, including their military discharge documentation, if available, as follows:
- If their military service was for active duty, they must submit an application for reemployment within 90 days of completion of service.
- If their military service was for training they must submit an application for reemployment within:
  - 10 days of completion of service if training was less than 30 days
  - 14 days of completion of service if training was 31 to 180 days
  - 90 day of completion of service if training was over 180 days
If an employee is unable to comply with this schedule through no fault of their own or if they are injured or recovering from an injury, they should speak with Human Resources as soon as possible to determine if they are eligible for a reasonable accommodation or additional time to apply for reemployment. Employees who do not report to work or apply for reemployment within the applicable timeframe will be subject to KIPP Metro Atlanta’s rules regarding unexcused absences.

In all cases, military leaves shall be granted in accordance with applicable federal and state laws.

Primary caregivers who have been employed by the organization for less than twelve consecutive months at the time of the birth or adoption of a child(ren) are eligible to receive twenty (20) days of paid Parental Leave.

For purposes of this Parental Leave benefit, “primary caregiver” will be defined as the individual giving birth or, in cases of surrogate birth or adoption, the individual who will assume the primary responsibility of staying home with the child. All cases of requested Parental Leave will require documentation.

Eligible employees must take the Parental Leave within six months of the birth or adoption of a child(ren), and the leave may be taken only in full day increments. If the need for parental leave is foreseeable, employees must provide their manager and Human Resources with at least three weeks advance notice of the date on which parental leave will begin.

These employees will be eligible for leave in accordance with the Family and Medical Leave Act of 1993 (see below for more information). All employees requesting this leave must complete a Request for FMLA Form by contacting Human Resources. As with FMLA, employees are eligible to utilize qualifying Parental Leave balances once per rolling calendar year (i.e. a 12 month period measured from the date an employee first uses any Parental Leave).
**Family and Medical Leave Act (FMLA) of 1993**

The Family and Medical Leave Act (FMLA) of 1993 defines four types of leave categories during which an employee is entitled to for up to twelve (12) weeks of unpaid leave during any period of twelve consecutive months. Below are the four types:

- The birth and care of newborn child of the employee
- A child is placed with the employee for adoption or foster care
- The employee's spouse, child, or parent has a serious health condition
- The employee has a serious health condition that prevents performance of job functions

FMLA was extended to include Military Leave requirement per Section 585(a) of the National Defense Authorization Act in November 2008.

To be eligible for FMLA leave, an employee must have been employed by the organization for at least 12 months and have worked at least 1,250 hours in the previous 12 months. KIPP Metro Atlanta requires employees who need to take FMLA to formally request it by completing a Request for FMLA Form (contact Human Resources for the form) at least two weeks (or as soon as possible) prior to needing the leave time. Staff members are also required to inform their manager (or principal) about the need to request FMLA as soon as possible.

The 12 weeks of FMLA will be a combination of paid and unpaid leave. KIPP Metro Atlanta employees are required to use all unused paid leave and donated day(s) as part of the FMLA leave of 12 weeks. During the leave, health benefits remain in effect if the employee continues to still pay their premium portion. Employees are eligible to receive pay for scheduled breaks while on leave.

The employee will be required to inform their principal or manager and the Human Resources department when expected to return to work. Upon return from FMLA leave, KIPP Metro Atlanta will make every effort to place the employee in their original or equivalent position.

For employees not eligible for leave under the Family and Medical Leave Act, KIPP Metro Atlanta will review business considerations and the individual circumstances involved before leave may be granted. If granted, these employees are required to use all unused paid leave time and donated day(s) as a part of their leave. Employees not eligible are those who have worked here less than a year or have worked fewer than 1,250 hours in the preceding 12 months.

**Snow Days or Unexpected Office/School Closures**

If the school/office is closed unexpectedly or for a snow/inclement weather day(s), employees may be required to make up the work day during the year. This procedure applies to all KIPP Metro Atlanta employees.

In the event of inclement weather, KIPP Metro Atlanta Schools will make a decision regarding the closing of schools. Often, KIPP Metro Atlanta follows the Atlanta Public school closing policy; however, students and staff should wait for an official announcement from KIPP Metro Atlanta regarding the official closure decision.
If KIPP Metro Atlanta Schools close for any reason, we will communicate closing information on our KIPP Metro Atlanta Facebook page, website www.kippmetroatlanta.org, or local media outlets.

When operations are officially closed due to emergency conditions, KIPP Metro Atlanta Schools will pay employees for their established work schedules, with hourly employees being paid for a maximum of 8 hours per day. Essential personnel may be required to report to work if weather conditions permit. In that event, essential personnel will be notified by their manager. If an emergency closing has not been authorized, employees who fail to report for work will not be paid for the time missed. Staff who have already scheduled PTO or are on approved leave (i.e., FMLA) during a snow day(s) or other unexpected school/office closure, will be required to use their already scheduled PTO or leave time.

THE WORK ENVIRONMENT

KIPP Metro Atlanta Schools is not a remote/virtual work organization. Unless otherwise specified for time-limited reasons, or as part of an ADA Accommodation, employees are expected to be able to work/report to work in person.

Behavioral Guidelines

KIPP Metro Atlanta recognizes that healthy and nurturing relationships are a critical component of our educational experience. Positive relationships among students and between students and professional staff are integral to our success and standards of excellence.

We also understand that environments that serve children have been used by some adults to cultivate inappropriate relationships and even sexual abuse of children and young people. After careful consideration, we have agreed as a community to adhere to specific behavioral guidelines designed to articulate our collective understanding of interactions that are welcome and appropriate in our educational environment and those that are not acceptable or permitted between adult staff members and the children and young people we serve. These corresponding examples are not exhaustive and any employee who violates these guidelines shall be subject to discipline up to and including termination of employment.

| Student Transportation Policy - New |

### Field Trip Transportation

Student transportation on field trips must be provided by a KIPP Metro Atlanta approved vendor.

### Non-Field Trip Transportation

If a student requires assistance with transportation of any sort, whether to go home or to a school-related event, employees should follow these mandatory steps until transportation is arranged:

1. Contact the student’s parent/guardian to request that the parent/guardian transport the student; or
2. Contact the student’s emergency contacts to request that the emergency contact transport the student.
3. If the parent/guardian or emergency contacts are unable to arrange for transportation home, then follow these steps:
   i. Arrange for round trip travel via Uber or Lyft to bring the parent/guardian or emergency contact to the school to pick up the student and to transport all parties home.
   ii. Inform the parent/guardian or emergency contact that KIPP will send a ride-share service to bring that person to the school to pick up the student and then transport the student and the accompanying adult home.
   iii. When making ride-share purchases, use a KIPP credit card and save the receipt. This step may require the assistance of school operations.
   iv. Notify the principal.
   v. Notify the school social worker/counselor so that they can follow up with the parent/guardian the next day.
4. If unable to contact parent/guardian or any emergency contacts to arrange transportation home, contact the school social worker/counselor to formally implement the Student Abandonment Process.
5. For transportation to school-related events, contact the parent/guardian and emergency contacts to transport student to the school-related event.
6. If transportation is for a school-related event and we are unable to reach a parent/guardian or emergency contacts, the student will not be allowed to participate in the school-related event. Contact the school social worker/counselor and follow the Student Abandonment process.
Chaperones and Volunteers

Chaperones and volunteers are prohibited from transporting students in their private motor vehicles for school-sanctioned activities/events/field trips or at the request of a KIPP employee.

Personal Relationships in the Workplace Policy

KIPP Metro Atlanta is committed to maintaining a professional work environment that encourages all employees to perform at their highest level and that supports career advancement on the basis of factors such as ability and work performance. In accordance with this commitment, unless otherwise approved by the executive director or board of directors, KIPP Metro Atlanta employees may not: (1) directly or indirectly supervise employees with whom they have a familial or dating relationship; (2) influence or attempt to influence decisions affecting the terms and conditions of employees with whom they have familial or dating relationship (including but not limited to decisions regarding hiring, promotion, or termination); or (3) influence or attempt to influence the award of contracts to vendors with whom they have a familial or dating relationship. For purposes of this policy, a “familial relationship” means a relationship between members of the same family or household. A “dating relationship” means a relationship between individuals engaged in a romantic or sexual relationship.

Questions concerning this policy or its applicability in specific situations should be referred to the director of human resources or the chief executive officer.

If KIPP Metro Atlanta employee has a familial or dating relationship with an employee under their direct or indirect supervision, the parties must promptly notify the director of human resources or the executive director. In situations where the executive director or board of directors approves such staffing arrangements, procedures will be implemented to ensure that decision-making is not influenced by any potential conflict of interest.

Failure to report the existence of a familial or dating relationship in compliance with this policy may result in disciplinary action, including possible termination.

No Harassment Policy

KIPP Metro Atlanta prohibits harassment of anyone based on the person’s race, sex, national origin, color, religion, age (40 and over), disability (mental or physical), sexual orientation, sexual preference or gender identity. Anyone violating this prohibition is subject to discipline, including possible employment termination.

Harassment is any form of uninvited and unwanted physical or verbal behavior which creates an intimidating, hostile, or demeaning environment for education or employment. Creating a harassment-free environment requires the commitment of our entire community. Examples include (but are not limited to):

- Verbal abuse
- Unwelcome physical touching
- Obscene or demeaning remarks, jokes, or slurs
- Comments about a person’s race, religion, gender, national origin, age, color, disability, sexual
preference, sexual orientation, or gender identity

- Display of explicitly offensive or demeaning materials
- Comments about someone’s physique
- Staring at someone in a suggestive manner
- Blocking or impeding someone’s movements

Sexual Harassment

Sexual harassment is a form of sex discrimination under Title VII of the Civil Rights Act of 1964 and the Title IX Education Amendments of 1972. Unwelcome sexual advances, requests for sexual favors, and any other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- Submission to such conduct is made, either explicitly or implicitly, a term or condition of a person’s employment or advancement or participation in a school activity
- Such conduct has the purpose or effect of interfering with a person’s work or academic performance, or intimidating or humiliating a person
- Comments or behavior resulting from hostility towards someone based on her/his gender

Reporting Harassment

KIPP Metro Atlanta is committed to prompt and fair resolution of harassment issues. Any employee experiencing harassment should do any or all of the following:

- As soon as possible, notify someone in Human Resources or the chief executive officer
- Be prepared to provide specifics, including when, where and how you were harassed, witnesses (if any) and other evidence such as e-mails, text messages, notes, etc.

Human Resources will investigate the matter, doing its best to maintain to confidentiality to the extent possible. At the conclusion of the investigation, KIPP Metro Atlanta will take whatever steps are necessary and appropriate to remedy the situation and prevent it from recurring.

Retaliation against anyone merely for making a report of harassment is ABSOLUTELY PROHIBITED.

Children in the Workplace

This policy is established to avoid disruptions in job duties of employees and co-workers, reduce personal and property liability, and help maintain KIPP Metro Atlanta’s professional learning environment.

The presence of children in the workplace with the employee relative prior to the dismissal of KIPP Metro Atlanta students is not permitted. Supervisors may grant exceptions for temporary, unforeseen circumstances, but no parent or relative may have a child in the workplace without the supervisor’s permission.

Employees must contact their supervisor as soon as possible to obtain permission to have a child accompany the employee while working. Factors the supervisor will consider are how long the child needs to be there, the work environment in the employee’s area, and possible disruption to the employee’s and co-workers’ work.

A child brought to the workplace is the responsibility of the employee relative and must be under the
direct supervision of the employee/parent at all times. KIPP Metro Atlanta Schools accepts no liability for injuries to children who are on campus in violation of this policy.

The only exception to this policy are instances in which KIPP Metro Atlanta Schools has approved structured childcare provisions for staff at one of our campuses or other unique instances.

**Personnel Records**

KIPP Metro Atlanta maintains work-related records for each employee. These files are confidential and are accessible only to the employee and the following individuals: principals, executive director, chief schools officers, chief operations officer, chief of staff, managing director of talent, director of human resources, and human resources managers. These records are stored both in hard copy, and via secure electronic storage.

It is the employee’s responsibility to supply KIPP Metro Atlanta with accurate information. Employees are required to update human resources and the school as personal information changes throughout the year. Employees should make changes to their personal information by logging in to the HRIS.

Employees must provide KIPP Metro Atlanta with the following documentation for their personnel files:
- Personal information, which may include home and mobile phone numbers, home address, etc.
- Transcripts or other proof of graduation from colleges or universities from which employees received a post-secondary degree
- Documentation of professional certifications or licenses
- Criminal background check
- Resume
- Emergency contact information
- Employment verification (only for teachers, teacher leaders, counselors, and coordinators)

**Progressive Discipline Policy**

Progressive discipline is a process that attempts to address and/or correct an employee’s performance or workplace behavior by providing clear and constructive feedback through a series of increasingly formal steps. KIPP Metro Atlanta has a progressive discipline process in place in order to address the substandard performance or inappropriate workplace behavior. It is intended to bring attention to the seriousness of the infraction(s) to the employee. This process ensures corrective action is taking place to improve and prevent a recurrence of undesirable employee performance and/or inappropriate workplace behavior. Formal steps in this process may include counseling and a verbal warning (documented in writing), a written warning (that includes a verbal discussion regarding the same), a performance improvement plan (PIP), an unpaid suspension, and/or termination of employment. Nothing in this policy should be deemed or viewed as contractual rights regarding employee discipline or counseling.

**Grievance Procedure**

During the day-to-day operation of KIPP Metro Atlanta, misunderstandings and problems that require attention sometimes arise. Should an employee feel as though their problem has not been adequately addressed or resolved, the employee should use the following grievance procedure.
Step One: Informal Discussion

An employee having a problem, complaint, issue or dispute, either with a fellow employee or with a member of the administration, shall make every effort to resolve the matter through informal discussion with the person with whom they have the problem, complaint, issue or dispute, within five working days of the occurrence or cause of such matter.

Step Two: Administrative Review

If the matter is not resolved through informal discussion, the aggrieved employee may submit a written request for a face-to-face meeting with the principal (or their manager if they are an ST or KIPP Forward employee) and any other person or persons whose actions or decisions give rise to the matter.

The principal (or manager if an Support Team or KIPP Forward employee) will try to schedule such meeting to occur within five business days of their receipt of the request. At such meeting, each party will have the opportunity to be heard and to request relief. After such meeting, the principal (or their manager if they are an Support Team or KIPP Forward employee) will issue a written recommendation as to how the matter should be resolved. All parties present at the meeting shall receive copies of the written recommendation.

Step Three: Review by the Human Resources Department

If the aggrieved employee remains dissatisfied after step two, the employee may, within five business days after their receipt of the principal’s or manager’s written recommendation, file a written grievance, either electronically or through regular mail, with their designated human resources manager.

The human resources manager will respond upon receipt of such grievance by acknowledging such receipt to the aggrieved employee and notifying the aggrieved employee of a meeting at which the employee can discuss the grievance with the human resources manager and/or the director of human resources. If deemed necessary, the Human Resources department will conduct a timely and thorough investigation of the grievance. After such an investigation, the human resources manager and/or the director of human resources will notify the employee of the department’s recommendations.

Step Four: Review by the Managing Director of Talent

If the aggrieved employee remains dissatisfied after step three, the employee may, within five business days after their receipt of the Human Resources department’s recommendations, file a written grievance, either electronically or through regular mail, with the managing director of talent.

The managing director of talent will respond upon receipt of such grievance, by acknowledging such receipt to the aggrieved employee, and notifying the aggrieved employee of a meeting at which the employee can discuss the grievance with the managing director of talent. After the meeting the managing director of talent will determine if further investigation is necessary. Upon conclusion, the principal and/or manager and the aggrieved employee will be notified of the managing director of talent’s decision and recommendations. The managing director of talent has the ultimate and final decision in the grievance process.
Employees are encouraged to take advantage of the formal grievance procedure for issues that cannot be resolved informally, without fear of reprisal as the result of using this process.

**Human Rights Policy**

KIPP Metro Atlanta brings together a diverse group of individuals. It is guided by the principle that respect and consideration for all individuals is foremost in all school activities. It is unlawful to discriminate against any individual based on race, color, religion, sex, nationality, ethnicity, sexual orientation, age, or handicap status. KIPP Metro Atlanta is not only obligated to uphold the law concerning equal opportunity but regards the spirit of these laws to be the very core of its values.

KIPP Metro Atlanta wishes to stress that it is the responsibility of every member of the school community to observe and uphold the principles of equal opportunity as they affect staff, faculty, families, and students in all aspects of school life. It is the responsibility of every member of the KIPP Metro Atlanta community to actively promote appropriate workplace behavior. Any form of coercion or harassment that insults the dignity of others or impedes their freedom to work and learn will not be tolerated. Any such form of coercion or harassment will result in appropriate discipline, up to and including, discharge.

**Drug-Free Workplace**

KIPP Metro Atlanta takes seriously the problem of drug and alcohol abuse and is committed to providing a substance abuse-free workplace. Substance abuse of any kind is inconsistent with the behavior expected of our employees, subjects all employees and visitors to our facilities to unacceptable safety risks, and undermines our ability to operate effectively and efficiently.

**Substance Abuse Policy**

KIPP Metro Atlanta recognizes alcohol and drug abuse are potential health, safety, and security problems. We expect all employees to cooperate in maintaining a work environment free from the effects of alcohol, drugs, or similar substances. Compliance with this substance abuse policy is a condition of employment. Violations of the policy will likely lead to discipline and/or discharge.

Employees are prohibited from engaging in the unlawful manufacture, possession, use, distribution, or purchase of illicit drugs, alcohol, vapes, or other intoxicants, as well as the misuse of prescription drugs on the premises, or anywhere during working time. Employees reasonably suspected of being under the influence of such substances at work are subject to drug and alcohol testing.

Employees are required to report to their jobs in appropriate mental and physical condition, ready and able to work. Being impaired at work is unacceptable, regardless of the reason. KIPP Metro Atlanta does not allow employees to perform their duties under the influence of prescription medication that could adversely affect their ability to safely and effectively perform their jobs. An employee taking prescription medication that could impair the employee’s ability to work safely or effectively must notify Human Resources prior to doing any work. Working while impaired, no matter what the reason, subjects an employee to discipline, including discharge.

Anyone who violates this policy is subject to disciplinary action, including possible termination of
 Possession of Firearms in the Workplace Policy

KIPP Metro Atlanta is committed to maintaining a safe learning environment for all of our students, families, visitors, and staff. Except as expressly stated in this policy or as otherwise required by law, all students, visitors, and staff are prohibited from possessing firearms at any of our events, on our property, on our buses, or within the school safety zone.

This policy does not prohibit staff or visitors who have a valid weapon carry license from keeping a firearm in a locked, privately-owned car on school property or in the school safety zone; however, the firearm must be locked up, out of sight, in an enclosed compartment, or in the trunk.

Any employee in violation of this policy will be subject to disciplinary action, up to and including termination. In addition, KIPP Metro Atlanta reserves the right at any time and at its discretion to search all persons, containers, briefcases, purses, lockers, desks, and other property for the purpose of determining whether any individual is in possession of a firearm in violation of this policy. Employees who fail or refuse to promptly permit a search under this policy will be subject to disciplinary action, up to and including termination.

Any questions concerning this policy or its applicability in specific situations should be referred to the director of human resources or the executive director.

Animals on Premises Policy

No person shall bring, possess, carry, keep, maintain or exhibit an animal on school premises except for educational or instructional purposes as part of the curriculum or an educational enrichment program relating to a specific course of study. A teacher or staff member must request and receive permission from the principal before an animal is brought to school. The request for permission must state the period the animal is requested to be on school property and show how the animal in a school or classroom, as part of the curricula or in conjunction with a course of study, can enrich educational programs, facilitate the learning experience, and otherwise provide valuable educational benefits for students.

At least (3) days prior to an animal being brought to school, the teacher must send written notice to parents/guardians of students as directed by the principal or building administrator. The notice shall provide the opportunity to disclose known allergies, immune deficiencies or other objections so that special precautions or accommodations can be taken.

The person bringing an animal on school premises assumes all risks of loss or harm related to the animal.

These policy guidelines are not applicable to animals trained as therapy-assisted pets. Animals trained to assist the blind are excluded from these guidelines.

Terminating Employment Policy

KIPP Metro Atlanta values a productive and mutually satisfactory employment relationship with each employee. However, both the employee and employer have the right to terminate the employment
relationship at will.

Upon separation, employees are required to return all property owned/issued by KIPP Metro Atlanta and complete an exit interview with Human Resources. Employees will be paid through their last day of employment, which is their last day worked. Non-annual salaried employees who are employed through the end of the school year will, however, be paid through June 30. Employees who terminate employment mid-year will be issued a physical check which will be issued once all exit items are completed which includes returning all KIPP Metro Atlanta issued equipment. Failure to return equipment may result in delay in receipt of the last check.

Employees will be notified of their employment status for the following school year before June.

Resigning employees are expected to notify the principal (or their manager if they are an ST or KIPP Forward employee) of their resignation by March 15 of each year.

With regard to employees leaving during the middle of the school year, the following policies are in place:

*Resignation*

If the employee decides to terminate their employment at KIPP Metro Atlanta before the end of the school year, the employee will be expected to give the principal (or their manager if they are an ST or KF employee) at least two weeks written notice of such intention. Regional Leadership team members and Principals will be required to give a 6 months’ notice. Unless otherwise approved by the Human Resources department, employees resigning prior to the last day of school will not be eligible for rehire. If an employee does not provide adequate notice or depart from KIPP Metro Atlanta Schools in a professional manner, details of the separation may be reported to the Georgia Professional Standards Commission under Standard 9: Professional Conduct (Rule 505-6-.01 The Code of Ethics for Educators). This could lead to an ethics violation to be listed on the employee’s certification.

*Discharge*

The principal (or their manager if they are a Support Team or KIPP Forward employee) may decide to terminate the employment relationship at any time during the school year.

- In situations where the employee has, in the scope of their employment, violated local, state, or federal laws; or where the employee has acted with willful disregard for their duties as an employee; or where the employee has not performed their duties at the high standards held for all KIPP Metro Atlanta employees; or under other circumstances where the principals/KIPP FORWARD director sees fit, the principals/KIPP Forward director may terminate the employment relationship without notice.
- Wherever possible, and to the extent that they see fit, the principals/KIPP FORWARD director will give the employee notice of the decision to terminate the employment relationship.
- In circumstances where the employment relationship must be terminated due to a reduction in the work force resulting from budgetary constraints, the principals/KIPP Forward director will give the employee two weeks’ notice of the termination.
- If an employee disputes a decision of the principals/KIPP Forward director to terminate the employment relationship, the employee should follow the grievance procedure outlined above.
Corporal Punishment Policy

KIPP Metro Atlanta Schools prohibits the use of corporal punishment by all employees. Corporal punishment includes any consequence that results in physical pain or harm to students. On rare occasions, physical force may be necessary to restrain a person or to prevent injury in accordance with the Seclusion or Restraint of Students Policy. When such force is used, it should be applied without anger and as a restraint rather than retaliation. Employees who find it necessary to use physical force with students should immediately provide a written report of the details to the principal of the school.

Seclusion or Restraint of Students - New

KIPP Metro Atlanta Schools is dedicated to providing students with effective and safe learning environments. Pursuant to state board rule, KIPP Metro Atlanta Schools expressly prohibits the use of the following by any of its employees:

1. Seclusion;
2. Prone restraint;
3. Mechanical restraint;
4. Chemical restraint; and
5. Physical restraint, except in those situations in which the student is an immediate danger to himself/herself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques.

Physical restraint is expressly prohibited in KIPP Metro Atlanta Schools:

1. As a form of discipline or punishment,
2. When the student cannot be safely restrained, and/or
3. When the use of the intervention would be contraindicated due to the student’s psychiatric, medical, or physical conditions as described in the student’s educational records.

Nothing in this policy shall be construed to interfere with a KIPP Metro Atlanta Schools employee’s authority to:

1. Implement time-out or any other classroom management technique or approach, including a student’s removal from the classroom;
2. Take appropriate action to diffuse a student fight or altercation;
3. Use his or her discretion to take necessary actions to protect students or others from imminent harm or bodily injury.

Nothing in this policy should be construed to impose ministerial duties on individual employees when acting to protect students or others from imminent harm or bodily injury.

Nothing in this policy should be construed to interfere with the duties of law enforcement or emergency medical personnel. Parents/guardians shall be notified when students are removed from the school setting by emergency medical or law enforcement personnel.
Definitions:

Chemical restraint – any medication that is used to control behavior or restrict the student’s freedom of movement that is not a prescribed treatment for the student’s medical or psychiatric condition.

Mechanical restraint – the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seatbelts and other safety equipment when used to secure students during transportation.

Physical restraint – direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term physical restraint does not include prone restraint, mechanical restraint, or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to a location, or providing comfort.

Prone restraint – a specific type of restraint in which a student is intentionally placed face down on the floor or another surface, and physical pressure is applied to the student’s body to keep the student in the prone position.

Seclusion – a procedure that isolates and confines the student in a separate area until he or she is no longer an immediate danger to himself/herself or others. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion may also be referred to as monitored seclusion, seclusion timeout, or isolated timeout. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student, time-out as defined in this policy, in-school suspension, detention, or a student-requested break in a different location in the room or in a separate room.

Time-out – a behavioral intervention in which the student is temporarily removed from the learning activity but in which the student is not confined

Physical Restraint

Physical restraint may only be used in limited circumstances in which the student is an immediate danger to himself/herself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Preventive measures such as providing reinforcement and providing an enriched environment should be utilized routinely to reduce the potential need for restraint and time out. Staff should become familiar with precursors to dangerous behavior and implement less intrusive procedures when they occur.

In determining when and how to implement this regulation on any associated procedures, educators will have to exercise their professional judgment and discretion. Therefore, the regulation and related procedures are not to be construed as imposing ministerial duties on individual employees. Further, they are not intended to interfere with the duties of law enforcement or emergency medical personnel.
All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress. Whenever possible, all physical restraints should be conducted by a team of three people with an adult to observe and monitor to ensure student and staff safety. Whenever possible, staff trained in the use of physical restraint will physically restrain students. In situations when a trained staff member is not present, but a student is an immediate danger to themselves or others, the student may be restrained. In such situations, individuals present should be directed to summon trained staff and/or seek assistance as quickly as possible. If a staff member who is not restraint trained has to restrain a student, the staff member should attend restraint training as soon as possible.

Physical restraints do not include providing limited physical contact and/or redirection to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to a location, or providing comfort. For example, running after and holding a student who is about to run in front of an oncoming automobile is not in any way prohibited. Providing physical guidance (e.g. lightly holding a student at the elbow to guide him/her from one location to another) is also permitted.

Use of Physical Restraint

Physical restraint should only be employed as a last resort after other methods of de-escalating a dangerous situation have been attempted without success. When a student exhibits behavior that place the student or others in imminent harm and the student is not responsive to verbal directives or less intensive de-escalation techniques and restraint may be necessary, a trained staff member should be notified as soon as reasonably possible. If possible, a trained individual will conduct the restraint and a trained individual will observe and monitor the restraint. However, there may be some situations in which no additional staff is available for the restraint or to serve as an observer or monitor.

Staff Training

KIPP Metro Atlanta employees shall attend training with the Local Education Agency (Atlanta Public Schools or Fulton County Schools) on the appropriate use of physical restraint. In the event that LEA does not offer training to KMA employees, KMA shall make appropriate training available to district staff. This training will be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, as well as prevention and de-escalation techniques. The school leader and/or designee will identify for training those staff members working in schools/programs in which staff historically has been called upon to physically restrain students, or other as deemed appropriate based on their employment positions. Each KIPP Metro Atlanta School will maintain written and/or electronic documentation on training provided and the list of trained staff members. Records of such training will be made available to the State Department of Education or any member of the public upon request.

Documentation

The use of physical restraint will be documented by staff participating in or supervising the restraint for each student in each instance in which the student is restrained. Staff should use KIPP Metro Atlanta’s Incident Report Form to document the use of physical restraint. Each school shall maintain a copy of completed Restraint Incident Report Form as well as any other summary reports, in accordance with the
requirement of the State Department of Education and existing record retention schedules. Additionally, a copy of the Incident Report Form should be emailed to the Director of Student Support Services within one school day of the incident.

Parental Notification

Parents shall be informed within one school day when physical restraint is used and shall be provided a copy of the completed Incident Report Form at that time. Parents and KIPP Metro Atlanta may mutually agree that notification may be provided via electronic mail. The principal or his/her designee shall also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel.

*Mandated Reporting of Abuse/Neglect Policy*

All school personnel and volunteers are mandated reporters of suspected child abuse, including neglect. State law requires that school employees report any suspected child abuse immediately, and no later than within 24 hours. Mandated reporters are required to report suspected child abuse when they have reasonable cause to believe that a child under 18 years old has been harmed, or is in danger of being harmed physically, sexually, through neglect, or that the child is otherwise endangered.

Once a teacher or staff member becomes aware that a student may be the victim of abuse or neglect, they must notify the designated reporter. At KIPP Metro Atlanta, the designated reporter is most often the school counselor/social worker or principal; however, reporting requirements vary by location and employees should verify the correct reporting structure for their school. All staff members who suspect abuse or neglect must fill out a written or electronic child abuse/neglect incident report provided by their school.

No one in the workplace, even a supervisor, is permitted to suppress, change, or edit a report of abuse. A mandated reporter who willfully fails to report suspected incidents of child abuse or neglect is subject to license suspension or revocation, and commits a misdemeanor.

When reporting the incident to the school counselor/social worker, principal, or directly to the Department of Family and Children Services (DFCS), staff must provide the following information (or as much as is known): the name, birth date, address of the alleged victim, and the names of the parents and/or caretakers; the name, address, age or birth date, and relationship of the alleged perpetrator; what type of injury or harm was allegedly done to the victim; and a description of the incident (time/date, place in which it occurred). If possible, staff members should also have information available about the student’s siblings (names, dates of birth, ages, and schools).

When the report is taken by the intake worker answering the hotline, DFCS must assign the investigation and confirm that assignment within 48 hours of the hotline call. Once the case has been assigned, DFCS will send a letter or email to the school providing the contact information for the caseworker and documentation of the initiation of the investigation. The caseworker will contact the designated reporter if further information is needed. When necessary, the caseworker will speak directly with the employee who reported the abuse or neglect.

“Child abuse” means: (A) Physical injury or death inflicted upon a child by a parent or caretaker thereof
by other than accidental means; provided, however, that physical forms of discipline may be used as long as there is no physical injury to the child; (B) Neglect or exploitation of a child by a parent or caretaker thereof; (C) Endangering a child; (D) Sexual abuse of a child; or (E) Sexual exploitation of a child. O.C.G.A. § 19-7-5.

Common injuries for school personnel to be aware of include “bruises that are patterned, resemble the shape of an object, or on non-boney areas of the body like the buttocks, ears, neck, inner thighs/genitals, etc., and/or bruises that are in various stages of healing after an absence from school; bite marks that are too large to be from another child or inconsistent with animal bites; burns that appear to result from immersion in hot liquid or resemble an object like a cigarette or car lighter.” Child abuse also occurs, for example, where a parent creates a substantial risk of physical injury by shaking, throwing, choking, smothering, or pushing the child into fixed objects. When reporting physical abuse, it is also important to document the presence of any injuries, as a report may not be taken unless evidence of harm exists.

Sexual abuse is defined in the Georgia Code (O.C.G.A. § 19-7-5) as “a person's employing, using, persuading, inducing, enticing, or coercing any minor who is not such person's spouse to engage in any act which involves: (A) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex; (B) Bestiality; (C) Masturbation; (D) Lewd exhibition of the genitals or pubic area of any person; (E) Flagellation or torture by or upon a person who is nude; (F) Condition of being fettered, bound, or otherwise physically restrained on the part of a person who is nude; (G) Physical contact in an act of apparent sexual stimulation or gratification with any person's clothed or unclothed genitals, pubic area, or buttocks or with a female's clothed or unclothed breasts; (H) Defecation or urination for the purpose of sexual stimulation; or (I) Penetration of the vagina or rectum by any object except when done as part of a recognized medical procedure.”

A child’s disclosure of sexual abuse must be handled sensitively. When a student attempts to disclose sexual abuse, observe the child closely and listen attentively while maintaining a calm demeanor. The mandated reporter must pay very careful attention to the disclosure of sexual abuse, but should not encourage the student to disclose information in addition to what is being given voluntarily. Take very careful notes, writing the student’s words verbatim as much as possible. Refer the student immediately to the designated reporter.

Neglect is “the failure of a parent or caregiver to provide adequate food, clothing, shelter, medical care, supervision or emotional support for a child for whom they are responsible. Physical injury to a child may occur as the result of a parent or caregiver's failure to provide. Types of neglect include: A) Physical neglect - Failure to provide basic needs like food, shelter, clothing, and medical care B) Emotional neglect - Failure or refusal to provide a child with love and attention C) Educational neglect - Failure to enroll a child in school or ensure they attend. Children must be in school between the ages of 6-16.”

Public Relations/Media Policy

The chief executive officer is the only authorized KIPP Metro Atlanta spokesperson. KIPP Metro Atlanta employees are under no circumstances authorized to speak to the media without prior approval from the executive director.

All media contacts, including interviews, press releases, articles, and media coverage, should be made to or cleared by the executive director or the managing director of external relations. Any inquiries from the
media (including newspapers, TV stations, radio, and blogs) should immediately be referred to the managing director of external relations.

If a member of the media contacts an employee or arrives on campus, employees should automatically refer them to the managing director of external relations. Employees should:

- Tell them “Our chief impact officer is the person you need to speak to.”
- Obtain their contact information and forward it to the chief impact officer
- Provide them with the chief impact officers’ name, phone number, and email address:
  
  Crystal Nasir
  
  Chief Impact Officer
  
  cnasir@kippmetroatlanta.org

Tips for interacting with the media:

- Be polite and professional.
- Remember that anything employees say can be quoted and used.
  
  o Nothing is off the record, even if you say “off the record.”
- Do not say, “No comment” or “I’m not allowed to talk to you.”

**Email Communication Policy**

Employees should use good judgment and appropriate professional writing style in all internal and external emails.

As a public entity, KIPP Metro Atlanta is subject to open records laws and our documents and electronic communications (emails and texts) are considered “public records.” Therefore, the vast majority of KIPP Metro Atlanta emails and documents can be requested at any time from any member of the public, including media agencies.

**Social Media Policy**

We are proud of our KIPP Metro Atlanta Team & Family and the commitment we have all made to support our students on their path to and through college. Employees are encouraged to connect with our official KIPP Metro Atlanta Facebook, Instagram, and Twitter social media accounts and share the story of KIPP with their online communities.

In order to protect our students, our staff, and KIPP’s reputation throughout the community, it is required that employees adhere to KIPP Metro Atlanta’s social media policy and use caution when connecting with others online. This policy covers all types of postings on the Internet; social networking sites (such as Facebook, LinkedIn, etc.); blogs and other online journals and diaries; bulletin boards, wikis, and chat rooms; micro blogging, such as Twitter; postings of videos on YouTube and similar media; and postings on a personal profile or website.

**Protect our KIPPsters’ privacy.** Do not post confidential or proprietary information about KIPP Metro Atlanta students, alumni, parents, or employees.

- Do not post media of students (minors) from your personal account. KIPP Metro Atlanta’s media release covers official KIPP use only. KIPP Metro Atlanta employees may not personally post media showing students, staff, or parents including but not limited to photographs,
videos, audio clips, and/or statements on personal or social networking sites.

- We are always looking to celebrate what is happening in our schools, so if you have a photo or other form of media you would like to share, email the managing director of external relations to request that it be shared through our official account. Please also include a brief description of what is depicted.
- Any mention of students’ names should be first names only.

**Protect your privacy.** Employees should carefully consider the content presented on a personal blog, website, or social networking site that has the potential to be in contravention of KIPP’s educational mission.

- Employees should keep their profiles on social networking sites private in order to prevent students, parents, school leaders, and community members from seeing their personal photos or opinions.
- Inappropriate content on social network sites may result in disciplinary action.

**Be transparent.**

- If it is clear who you work for, be clear your views are your own. Using KIPP logos or insignia may imply you are authorized to speak on behalf of KIPP.
- Only represent and speak on behalf of yourself, unless otherwise authorized.
- If you communicate on social media sites, blogs, wikis, videos, podcasts, social networks, or other forms of online communication regarding KIPP Metro Atlanta, disclose your connection or role within our organization. When doing so, use good judgment and an appropriate and professional writing style.

**Be above reproach.**

- To be above reproach, it is required that employees who wish to connect with any KIPP students (current or alumni under the age of 18), their parents, or their families on social media, do so by creating and maintaining two distinct profiles: one personal and one professional. Employees should invite students (current or alumni), their parents, and/or families to friend or follow the professional profile only.
  - The benefit of maintaining two profiles is that professional and personal representations are completely separate. Personal postings and photos posted by you or others will not be visible to members on your professional profile.
- All KIPP Metro Atlanta staff members engaged in personal or professional social networking communications which reference KIPP-related content should do so in a manner consistent with the organization’s mission and values, administrative policies and procedures, safeguards to ensure the privacy and security of employee and student information, as well as proprietary business information.
- Employees should not use blogs, web pages, or social networking sites to present information about themselves, colleagues, or students that that is defamatory or that violates KIPP Metro Atlanta’s policies against discrimination and harassment. Pictures or descriptions of conduct that would subject an employee to disciplinary action could be detrimental to that employee’s status as an educator or professional and could harm the academic process.
- The use of social media communications by KIPP Metro Atlanta employees that violates

- KIPP Adults may not send email communication to a student past 9 PM.
- KIPP Adults may not zoom or video chat with a student, unless it is a school sanctioned and approved meeting and/or class, and all video communication must be between the hours of 6am and 9pm, and a parent or guardian must be notified of the scheduled meeting.
- KIPP Adults may not text with students unless they are using a KIPP issued phone, and the communication is for school related purposes.
  - It is important to note that texting is inherently informal, and can make a relationship feel more “friend-like.”
  - For any sports team or extracurricular needs, there must be two adults and the entire team or group on the text chain
  - For field trips, overnight trips, or any school related program that requires texting, any electronic communication should be on a school run app, not a personal cell number, and should include administrators who have access to the messaging platform.
- KIPP Adults may not interact or connect with students on any personal social media accounts or any social media platforms, including but not limited to TikTok, Discord, Facebook, Twitter, Instagram and Snapchat.

Technology Use Policy

Background

As the use of telecommunication networks by students and educators increase, there is a need to clarify acceptable use and safety of those networks and to include federal regulations from the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA).

Contents

This policy includes regulations for the safety and use of the Internet. It addresses acceptable use, privileges, accountability and responsibility, network etiquette, security, safety, and vandalism.
Purpose

This policy includes federal regulations regarding issues of child safety and acceptable use of the Internet and is in compliance with Universal Service Fund for Schools and Libraries (E-rate) guidelines.

This policy establishes criteria for the safety and acceptable use of the Internet by students, educators, and school personnel at KIPP Metro Atlanta schools.

- **Scope:**
  - The Internet is an electronic highway connecting millions of computers all over the world and millions of individual subscribers. Access to the Internet will provide students and educators with electronic mail, information access and sharing.
  - With connections to computers and people all over the world also comes the availability of material that may not be considered to be appropriate or have educational value. On a global network, it is impossible to restrict access to all controversial materials. It is the responsibility of the student, parent, teacher and administrator to ensure that access to telecommunication networks, computers and the Internet provided by the school is not abused.

- **Acceptable Use:**
  - Access to the Internet for KIPP Metro Atlanta schools is provided for the sole purpose of academic achievement. The use of the Internet must be in support of education and consistent with the educational objectives of the KIPP Metro Atlanta.
  - Transmission of any material in violation of any U.S. or state law or regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening, abusive, or obscene material, or material protected by trade secrets. Illegal activities and privacy and safety violations of the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA) are strictly prohibited.
  - Each student who will access the Internet will be provided acceptable use training and shall have an acceptable use form, signed by a parent or legal guardian, on file. The system administrators and/or local teachers may deny user access at any time. Additionally, KIPP Metro Atlanta may pursue legal action to recover damages as a result of inappropriate use or safety violations of the network.
  - KIPP Metro Atlanta’s administrative information systems are to be used exclusively for the business of the organization. KIPP Metro Atlanta reserves the right to enter an employee's information system files whenever there is a business-need to do so.

- **Accountability and Responsibility:**
  - The use of telecommunications and/or access to the Internet is an extension of the educator’s responsibility in their classroom. Therefore, it is the educator’s responsibility to ensure classroom activities that utilize Internet-related technologies and focus on appropriate and specific learning goals and objectives. All student use of Internet-related applications must be authorized by the educator. Specific examples of unauthorized use include, but are not limited to:
    - Creating, storing, sending, or viewing pornographic material.
    - Downloading, uploading and/or executing viruses.
- Corrupting, destroying, deleting, or manipulating system data with malicious intent.
- "Hacking" or any other unlawful online activities.
- Disclosing, using, or disseminating personal information regarding minors.

- Employees are required to execute appropriate and reasonable care over all assigned technology equipment. Repeated neglectful damage can result in receiving alternative technology equipment and staff members may receive disciplinary action up to and including termination. The alternative technology equipment will continue to meet instructional/administrative standards, but may not be the same as the previously assigned technology equipment.

- Content:
  - Content should be appropriate, in good taste, and not harmful to any individual or group.
  - Student pictures and names can be published on the school web site at the discretion of the school. Parental permission should be obtained. Internet guidelines stress the importance of not publishing the last names of students. Nicknames may be used in place of the given name. Personal information, such as home address, home telephone, credit card information, mother's maiden name, and other personal information, should not be published.
  - Pages should comply with KIPP Metro Atlanta policies and regulations.
  - Information such as an e-mail address of the responsible contact person, copyright, and the last date updated should be included.

- Etiquette:
  Users are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
  - Be polite. Do not write or send abusive messages to others.
  - Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.
  - Do not reveal the personal home address or phone number of students or colleagues. Note that electronic mail (e-mail) is not guaranteed to be private. Messages related to or in support of illegal activities may be reported to the authorities.

- Security:
  Users who identify a security problem on the system must notify a system administrator. Users must not use another individual's account or give their passwords to others.

- Vandalism:
  Vandalism will result in revocation of user privileges. Vandalism includes any attempt to harm or destroy data or any connections that are part of the Internet. This includes, but is not limited to, uploading, downloading or creating computer viruses.

- Safety:
  Safety measures must be enforced to carry out policies at the school to implement the intent of CIPA, COPPA and E-rate guidelines.
KIPP Metro Atlanta will organize technical protection through the use of filtering, measures to guard against visual depictions that are (1) obscene; (2) child pornography or (3) other materials deemed to be "inappropriate for minors."

Schools must enforce the use of the filtering or electronic technical protection measures during any use of the computers to access the Internet.

Safety includes monitoring the online activities of minors.

Implementation:

KIPP Metro Atlanta board of directors (KIPP STRIVE Academy, KIPP STRIVE Primary KIPP WAYS Academy, KIPP WAYS Primary, KIPP Vision Academy, KIPP Vision Primary, KIPP Soul Primary, KIPP Soul Academy, KIPP South Fulton Academy, KIPP South Fulton Primary, KIPP Atlanta Collegiate, KIPP Woodson Park Academy, and KIPP Forward are under the governance of KIPP Metro Atlanta board of directors) will support KIPP Metro Atlanta to ensure implementation of this policy in a method that promotes proper use of the Internet.

Additionally, where a relative holds a significant interest in any outside business or organization which does or seeks to do business with KIPP Metro Atlanta, the employee must disclose this potential conflict and shall not be involved in any way in the decision regarding whether to engage any such business.

Paragraph "b" above notwithstanding such "special works" may not be reproduced in their entirety; however, an excerpt comprising not more than two of the published pages of such special work and containing not more than 10 percent of the words found in the text thereof, may be reproduced.

**Spontaneity**:
  a. The copying is at the instance and inspiration of the individual teacher, and
  b. The inspiration and decision to use the work and the moment of its use for maximum teaching effectiveness are so close in time that it would be unreasonable to expect a
timely reply to a request for permission.

**Cumulative Effect:**

a. The copying of the material is for only one course in the school in which the copies are made.

b. Not more than one short poem, article, story, essay, or two excerpts may be copied from the same author, nor more than three from the same collective work or periodical volume during one class term.

c. There shall not be more than nine instances of such multiple copying for one course during one class term.

*[The limitations stated above shall not apply to current news periodicals and newspapers and current news sections of other periodicals.]*

### III. **Use of Computer Software**

Once software has been legally obtained, staff may:

- make an archival or backup copy of a software program that they own. The backup copy is to be used only if the original fails. Teachers may not use the backup copy on a second computer simultaneously with the master.
- put a copy of a program on a hard drive (in addition to the backup copy)
- adapt the program to their use by adding to the content or adapting it to another language. They may not sell, distribute, or transfer the adapted version of the program.
- write the publishers of copyrighted programs in order to obtain permission to use the software in a manner that otherwise could be in violation of copyright law.
- ask the staff member responsible for technology to purchase site licensing or multiple copies of the program.

Staff may not:

- make multiple backup copies
- make one copy for home and one copy for school
- make a copy for a friend (unless it is public domain)
- load one program into several computers for simultaneous use
- load a program onto a network without a network license
- make multiple copies of the printed documentation that accompanies copyrighted software unless written permission has been obtained
- All employees are responsible for ensuring that no copies are made of software that is provided by the software publisher for evaluation.

A teacher or sponsor who allows participants to violate the law may share legal liability. Staff should always promote fair use and copyright legal procedures with students.
SECTION D: BOARD MEETING PARTICIPATION POLICY

All KIPP Metro Atlanta Board meetings are open to the public. Meeting dates and times are available on the organization’s website.

Time is set aside at each of its regularly-scheduled quarterly meetings to provide stakeholders the opportunity to address the Board. The public comment period is designed to gain input from the public and not for immediate responses by the Board to the public comments presented.

Individuals who wish to address issues related to an individual school should communicate directly with the school’s advisory board using that school’s advisory board communication protocols or by following the established grievance process outlined in the student/parent handbook (if applicable). Individuals who wish to address the regional governing board about a more global concern at a Board meeting will be required to sign up in advance of the meeting by calling the executive director’s office at least 24 hours in advance.

● Speakers should be courteous and professional. The presiding Board officer may terminate public comments that are profane, vulgar or defamatory.
● Speakers will be heard in the order in which they called in.
● Speakers have three minutes each and must stop speaking promptly when signaled.
● The board reserves the right to cap the public comment period to the first 7 parents who sign up.
● Speakers may not address confidential student or personnel matters, but may submit such concerns to the Board in writing.
● Board members will not respond to the comments during the meeting. If follow-up is necessary, the appropriate staff or a representative of the Board will follow-up in a timely manner via email, letter, or telephone.
SECTION E: STUDENT POLICIES

SCHOOL NUTRITION CHARGE POLICY

The School Nutrition Charge Policy only applies to non-Community Eligibility Provisions schools. Scholars residing in households that either do not qualify for free and reduced priced meals, or do not complete an application for free and reduced price meals, will be charged the full price for school breakfasts and lunches. School meal fees are published at the beginning of each school year.

To expedite meal service, KIPP Metro Atlanta school cafeterias do not accept cash payments for meals. Instead, each scholar has a cafeteria account and a four-digit Personal Identification Number, which is used to charge meals at the point of service. Parents/guardians are strongly encouraged to pre-pay for their scholars’ meals, in order that their scholars’ account balances do not fall into arrears. Payments may be made by check, money order, credit card or online via MyPayments Plus (www.mypaymentsplus.com).

Scholars with negative account balances will receive invoices on a monthly basis. The school will continue to provide scholars with past due balance school meals, however, charges will continue to accrue and parents are responsible for unpaid balances.

Past due cafeteria account balances should be cleared by the end of each month.

Any questions or concerns regarding KIPP Metro Atlanta’s school nutrition charge policy should be directed to the Director of School Nutrition at (404) 924-6310.

TRANSPORTATION POLICY

Parents/guardians must provide contact information and identification information for any person authorized to pick up their student. Parents/guardians who provide transportation for their children are expected to pick up their children in a timely manner at the end of each school day. Parents of students in grades K-8 must notify the office if a child has permission to walk home, or ride Marta. Teachers and staff members at KIPP Metro Atlanta commit to work long hours to ensure a helpful, successful school. We appreciate that students are picked up within 10 minutes after school, field trips, extracurricular activities, and other events have ended.

If students remain at school longer than thirty (30) minutes after the scheduled pick-up time without prior arrangements, families may be charged $1 per minute. These charges will be based upon the time indicated on the school office clock and are not negotiable. Parents have thirty (30) days to pay any outstanding fees related to tardy pick-ups.

Parents are expected to pick up students remaining after school for after school activities. Where bus transportation is provided, parents are also expected to pick up scholars who miss their bus ride home.

**Bus Transportation for Grades K-8:** The bus services provided are extremely limited and may not be available or a suitable solution for all families due to bus capacity and route availability. Routes and stops are created to provide the most efficient and economical services available. Families are informed about bus assignments, bus routes and bus stops prior to the start of each school year. Bus routes and stops are
subject to change each year. All students are expected to be at their specified stop on time. Buses will not wait for tardy students. If a student is suspended from the bus for disciplinary reasons or misses the bus, parents are expected to find another source of transportation to and from school.

**Bus Transportation for grades K-2:** Where transportation is provided, parents will be required, during registration, to indicate an authorized adult to pick up their student at the bus stop each day. The driver will not drop off a student in grades K-2 at a bus stop without an authorized adult to pick the student up. In the case where there is not an authorized person to pick up the student, the student will be returned to the school. Parents may incur late arrival fees in such instances.

**For grades 9-12:** Students may utilize public transportation (MARTA) to get to and from school. Be advised that families will be required to complete an application process to receive free or discounted cards at the beginning of the year. As the school may provide MARTA passes for students and they will be representing our school, they are expected to maintain scholarly behavior while on the train and/or bus. Students who are identified by MARTA personnel as not behaving appropriately may forfeit their reduced fare passes and be required to provide their own transportation to and from school. Parents must inform the office if a child has permission to walk home only in cases where the student has been dismissed early.

**HEALTH POLICY**

*Immunization*

State law requires that all children in elementary, middle, and high school must have an updated Georgia Certificate of Immunization.

Immunizations are required for measles, rubella, tetanus, diphtheria, polio, mumps, whooping cough and hepatitis B. The Georgia DHR Form 3231 and Certificate of Immunization must be used for students in grades K-12. A local health department computer-generated form is acceptable.

Georgia law allows for two types of exemptions from the immunization requirements: medical and religious. Each child must have one of two items on file – either a valid Georgia Immunization Certificate (Form 3231) indicating a medical exemption or a signed, notarized statement, which is called an affidavit of religious exemption.

For entrance into the sixth grade, each student must have at least one additional dose of MMR vaccine.

For entrance into the seventh grade, each student entering or transferring into a KIPP Metro Atlanta School, must receive a tetanus, diphtheria, and pertussis (whooping cough) booster vaccination (Tdap) and an adolescent meningococcal vaccination (MCV4).

For entrance into the eighth through twelfth grade, any student new to Georgia must receive a tetanus, diphtheria, and pertussis (whooping cough) booster vaccination (Tdap) and an adolescent meningococcal vaccination (MCV4).

*Illness Policy*

For the well-being of all the children, a sick child should be kept at home. Do NOT bring your child to
school if your child has any signs of illness such as fever, sore throat, contagious skin rash, cough, headache, vomiting or diarrhea. Students must be free of fever, vomiting and diarrhea for 24 hours before returning to school. Students should remain at home until they can maintain a normal temperature (below 100 Fahrenheit or 37.8 Celsius) for a full 24 hours or more without taking fever – reducing medication.

After more than three consecutive absences for illness, students will need to bring a doctor’s readmittance form to school on their first day back to school to receive an excused absence for missed days.

If a child becomes ill or injured during the school day and is not well enough to stay in class, the parent/guardian will be called to pick the child up. The school does not have the capacity to watch over and care for ill children. It is necessary to have updated emergency contact numbers on file in the school office in case no one can be contacted at home.

*Medication Administration*

Medication should be administered at home whenever possible, however, the need for medications during the school day or school-sponsored activities should not limit students’ access to educational opportunities to the extent possible. A parent or guardian may request that prescribed medication and/or medical health-related procedures may be administered by the school principal, his/her designee, the school nurse, or self-administered by the student per written physician’s orders and written parent/guardian authorization. If your child must take any medication at school (even over-the-counter medications like Ibuprofen) you and your child’s doctor must complete and sign a Medication Form. Parents or guardians must request medication administration and submit all required documentation at the start of each school year or whenever medical orders are changed.

Medications administered by school personnel shall be in accordance with guidelines from the Food and Drug Administration. KIPP Metro Atlanta Schools shall establish rules, protocols and procedures for the possession, storage, use, dispensation and administration of medications in accordance with applicable state law and State Board of Education rules.

School nurses or other employees may administer auto-injectable epinephrine to students upon the occurrence of an actual or perceived anaphylactic adverse (allergic) reaction by the student, whether or not such student has a prescription for epinephrine. School nurses or other employees may administer Levalbuterol Sulfate to students upon the occurrence of an actual or perceived respiratory distress, whether or not such student has a prescription for Levalbuterol Sulfate. Any school employee who in good faith administers or chooses not to administer these medications to a student in such circumstances shall be immune from civil liability, pursuant to Georgia statute.

*Self-Administration of Asthma Medication*

Students to carry and use Anaphylaxis (EpiPen) medication while in school, at a school sponsored activity, while under supervision of school personnel or while in before-school or after-school care on school operated property if:

- The student’s health care providers or doctor provides a written statement/order specifying use and administration of medication;
The student is identified as qualified and able to self-administer medication by healthcare professional;
- The parent/guardian provides written permission for child to carry Anaphylaxis (EpiPen) medication.

WELLNESS POLICY

KIPP Metro Atlanta Schools will develop and maintain a plan for implementation of a wellness policy that outlines the approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day. KMAS will manage and coordinate the execution of this wellness policy by delineating roles, responsibilities, actions and timelines specific to each school; and including information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

This wellness policy and the progress reports can be found at: https://www.kippmetroatlanta.org.

Recordkeeping

We will retain records to document compliance with the requirements of the wellness policy at the KIPP Metro Atlanta Support Team Office and/or on the KMAS network. Documentation maintained in this location will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the policy has been made available to the public;
- Documentation of efforts to review and update the Local Schools Wellness Policy; including an indication of who is involved in the update and methods the district uses to make stakeholders aware of their ability to participate on committees;
- Documentation to demonstrate compliance with the annual public notification requirements;
- The most recent assessment on the implementation of the local school wellness policy;
- Documentation demonstrating the most recent assessment on the implementation of the Local School Wellness Policy has been made available to the public.

Annual Notification of Policy

KMAS will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. KMAS will make this information available via our website and/or other communication delivery systems. KMAS will provide as much information as possible about the school nutrition environment. This will include a summary of the events or activities related to wellness policy implementation. Annually, KMAS will also publicize the name and contact information of the regional and school officials leading and coordinating the committee, as well as information on how the public can get involved with the school wellness committee.
**Triennial Progress Assessments**

At least once every three years, KMAS will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of KMAS are in compliance with the wellness policy;
- The extent to which KMAS’ wellness policy compares to the Alliance for a Healthier Generation’s model wellness policy; and
- A description of the progress made in attaining the goals of KAMS wellness policy. The position/person responsible for managing the triennial assessment and contact information is:

**STUDENT DRESS CODE POLICY**

The student dress code policy at KIPP Metro Atlanta is that ALL students are expected to wear the school uniform every day, unless otherwise indicated.

**HUMAN RIGHTS POLICY**

KIPP Metro Atlanta brings together a diverse group of individuals. It is guided by the principle that respect and consideration for all individuals is foremost in all school activities. It is unlawful to discriminate against any individual based on race, color, religion, sex, nationality, sexual orientation, age, or handicap status. KIPP Metro Atlanta is not only obligated to uphold the law concerning equal opportunity but regards the spirit of these laws to be the very core of its values. KIPP Metro Atlanta wishes to stress that it is the responsibility of every member of the school community to observe and uphold the principles of equal opportunity as they affect staff, faculty, families, and students in all aspects of school life. It is the responsibility of every member of the KIPP Metro Atlanta community to actively promote appropriate workplace behavior. Any form of coercion or harassment that insults the dignity of others or impedes their freedom to work and learn will not be tolerated. Any such form of coercion or harassment will result in appropriate discipline, up to and including, discharge.

**HARASSMENT POLICY**

KIPP Metro Atlanta is committed to equitable and swift resolution of harassment issues. Any student experiencing harassment should follow any or all of these measures:

1. Let the offender know you want the behavior to stop. Be clear and direct. Do not apologize.
2. Make a record of when, where and how you were mistreated; include witnesses (if any), direct quotations, and other evidence.
3. If you are not comfortable confronting the offender alone, ask a friend or adult to accompany you, or write a letter to the offender, keeping a copy.
4. Students should notify the Principal, or if they are uncomfortable doing so, they should speak with another adult.
As soon as possible, the adult notified will report to the Principal. The Principal will notify the authorities, if necessary.

DISCIPLINE POLICY

KIPP Metro Atlanta Schools in Atlanta Public schools has adopted the Atlanta Public Schools policies regarding their Student Code of Conduct and Student Offenses included here as Appendix A. KIPP Metro Atlanta Schools in Fulton County have adopted the Fulton County Student Code of Conduct included here as Appendix B.

At KIPP Metro Atlanta Schools, we believe in the power of language. As such, words and their uses must align to and reflect our equity commitment. Our Scholar Code of Conduct Glossary exists to provide internal shared terms for discussing discipline policies with scholars, families and staff. It is our intention that these terms better reflect our restorative approach and that they work to dismantle the school-to-prison pipeline. We honor that these terms and definitions are not wholly comprehensive as equity terminology is always expanding. However, we do believe the glossary below offers a promising starting point for upholding our commitment to equity.

**TIME OF REFLECTION (SUSPENSION) AND EXPULSION POLICY**

**In-School Time of Reflection (Formerly In-School Suspension)**

The purpose of in-school time of reflection is to provide an isolated environment for those students who may need to be temporarily removed from the general school population for repeated misbehaviors. Students who are assigned to in-school time of reflection must report to the ISS coordinator by 7:15 a.m. and remain in school until 3:50 p.m. All school work will be brought to the student and he/she must complete all work during the allotted school day.

The purpose of in-school time of reflection is to provide an isolated environment for those students who may need independent reflection time for repeated misbehaviors. Students who are assigned to in-school time of reflection must report to school at the start of the school day and remain for the amount of time prescribed by the principal. All school work will be brought to the student and he/she must complete all work during the allotted school day.

The Principal, or his/her designees, may impose an in-school time of reflection at his/her discretion. Before imposing an in-school time of reflection, the Principal shall verbally inform the student of the in-school time of reflection, the reason for it, and whether it will be served in school. The student shall be given an opportunity to deny or explain the charges. The Principal or school administrators shall also notify the parent(s) or guardian(s) of the time of reflection within one (1) business day, by email or phone, at the provided address or phone number on record.

Additionally, a written notice shall be sent (by means reasonably calculated) the same day of the parental notification to the last known address on record. Such notice shall provide a description of the incident, or incidents which resulted in the in-school time of reflection, the specified time of the time of reflection, and the opportunity for the parent to schedule an informal conference with the Principal. All students will be marked present for the days that they attend in-school time of reflection.

**Short-Term Time of Reflection (Formerly Short-Term Suspension)**
The Principal, or his/her designee, may impose a short-term time of reflection at his/her discretion. Before imposing a short-term time of reflection, the Principal shall verbally inform the student of the time of reflection, the reason for it, and whether it will be served in school or out of school. The student shall be given an opportunity to deny or explain the charges. The Principal shall also notify the parent(s) or guardian(s) of the time of reflection within one (1) business day, by email or phone, at the provided address or phone number on record.

Additionally, a written notice shall be sent to the last known address (by means reasonably calculated) the same day of the parental notification to the last known address on record. Such notice shall provide a description of the incident, or incidents which resulted in the time of reflection, the specified time of the time of reflection, and the opportunity for the parent to schedule an informal conference with the Principal.

**Long-Term Time of Reflection (Formerly Long-Term Suspension)**

The Principal may impose a long-term time of reflection of more than ten (10) school days. Such a time of reflection may be imposed after the following actions occur:

1. The principal recommends a hearing with a consequence of greater than ten days
2. The student is taken to hearing with a hearing officer
3. The hearing officer finds the student guilty of the offense and delivers the consequence of a time of reflection greater than ten days.

Additionally, a written notice of the hearing shall be sent to the last known address (by means reasonably calculated) the same day of the parental notification to the last known address on record. Such notice shall provide a description of the incident, or incidents which resulted in the time of reflection, the specified time of the time of reflection, and the opportunity for the parent to schedule an informal conference with the Principal. The Principal should use the KIPP Metro Atlanta approved hearing letters.

At the formal hearing, the student and/or parent(s) or guardian(s) shall have the right to present evidence and ask questions. The Principal, in consultation with teachers and staff, is responsible for making the final decision with regard to long-term time of reflection.

**Expulsion**

**Grades 3-12**

If a student is being considered for expulsion from KIPP Metro Atlanta, the Principal shall provide written notification to the student and his or her parent(s) or guardian(s) that the student is being considered for expulsion using the approved hearing notification letter. Such notice shall also set a time and place for a formal disciplinary hearing with the Principal, inform the parent(s) or guardian(s) of their right to be accompanied by an individual of their choice, as well as state the policy that the student has been accused of violating. At the formal hearing, the student shall have the right to be represented by counsel, question witnesses, and present evidence. The parents, should they so choose, may also present materials to the hearing officer for consideration.

If, following the formal disciplinary hearing, the hearing officer maintains that the student will be expelled due to a violation of specific KIPP Metro Atlanta Policies then the hearing officer shall provide notification
of the expulsion in person to the parent(s).

**Re-Enrollment Following Expulsion**

Depending on the severity of the incident, students may be eligible for re-enrollment to the school from which they were expelled. In order to be eligible, a student must spend at least **one full semester** enrolled at a different institution prior to their re-enrollment. A student’s seat can be held for **up to one (1) year** from the date of expulsion; the student would not need to reapply or be subject to waitlist restrictions.

To re-enroll, students must follow the following procedure:

1. Write a formal letter requesting an interview for re-enrollment which explains why they should be allowed to re-enroll.
2. Document evidence of positive behavior change during their semester away.
3. Interview in front of a panel of KIPP Metro Atlanta staff members.

Once the panel interview takes place, the staff will recommend to the principal whether or not a student may be re-enrolled. The principal will make his or her final decision within 24 hours of the re-enrollment interview.

If a student who has been re-enrolled at KIPP Metro Atlanta following an expulsion commits another violation that results in the same consequence. The student will be **permanently expelled** from KIPP Metro Atlanta Schools and not eligible for re-enrollment in the future.

**Alternate Instruction**

Students who are suspended will be provided with alternate instruction. Arrangements will be made between the school and each individual family for the delivery of services, pick-up/delivery of work, and the making up of any missed assignments and classroom instructional support. All IDEA mandates will be followed for students with disabilities.

**Due Process Procedures**

Students with disabilities have the same rights and responsibilities as other students, and may be disciplined for the same behavioral offenses listed above. If a student with disabilities has an IEP that includes disciplinary guidelines, then that student will be disciplined according to those guidelines as required by IDEA. Students for whom the IEP does not include specific disciplinary guidelines may be disciplined in accordance with the standard school policy listed above.

**Discipline Appeal Process**

Student(s) and parent(s)/legal guardian(s) may appeal any disciplinary action resulting in expulsion directly to a member of the KIPP Metro Atlanta Executive team within five (5) business days of the hearing officer’s decision and state the reason for the appeal. Issues not addressed during the initial Disciplinary Hearing will not be heard on appeal.

- Parents or guardians may appeal an expulsion for two reasons:
  - the decision was made without having a preponderance of evidence, OR
  - there was a breach in policy (must be described) during the time of the Principal’s decision.

The Executive team member will communicate their decision, via email or phone, **within five (5) business days** and will send a written notice the same day the decision is communicated.
If the outcome of the Executive team member’s decision is unsatisfactory, the parent may write an appeal letter directly to the Atlanta or Fulton County Board of Education.

In all events of expulsion, the Principal will work in conjunction with the family to find the best possible alternative setting for the student.

ATTENDANCE POLICY

The following guidelines have been established to minimize absenteeism. The Georgia Board of Education allows for documented absences due to:

- Personal illness
- Death or serious illness in the family
- Recognized religious holidays
- Absences caused by order of government
- Inclement weather or dangerous conditions
- Voter registration or voting in a public election, not to exceed one (1) day per school year

If a student misses the bus or oversleeps, it is the parent’s responsibility to find a way for the child to get to school. Transportation problems are not considered excused absences.

In the event that a student is absent for the first part of the day, he or she is still encouraged to report to school. Scholars who report to school after 12:00 p.m. (Monday – Friday), however, will be considered absent for the entire school day. In addition, students who report to school but leave before 10:30 a.m. will be considered absent for the entire school day.

When a student is absent, a parent or guardian must communicate in person or in writing with the school. This communication should clearly state the reason(s) for the absence. For extended absences (three or more consecutive days), supporting documentation (i.e. doctor’s note) is required. Furthermore, once a student has reached ten (10) cumulative absences for the year, official documentation must be provided in order for any subsequent absences to be excused.

Any absence that is not supported with written documentation and/or does not fall within the guidelines of excused absences as defined by the Georgia Board of Education will be considered unexcused.

In grades K-12, excessive absences may be considered in any retention decision. If a student is absent a total of more than ten days, formal inquiries will be made and reported to the appropriate agency. In addition, students absent more than fifteen days may be considered for retention. Students are also expected to arrive on time to school each day. School begins each day at 7:30 a.m. School handbooks outline school hours to include start time, end time and late arrival. Student attendance performance will be documented in each student’s attendance record.

GRADING POLICY

Grades K-4

Kindergarten through fourth grade scholars are evaluated with a “standards-based” grading system which
is different from traditional “points-based” grading. Scholars are graded on their level of mastery for each standard that is covered in each of their classes. For each standard, a scholar’s performance over time is averaged using a calculation called a decaying average where the most recent attempts at mastery are given heavier weight in the average than earlier attempts at mastery. For example, if a scholar has been assessed on a standard three times, the most recent attempt at mastery counts for 60% of the score for that standard, and the first two attempts count for the rest of the score. In this way, a decaying average rewards improvement and assumes that a scholar’s mastery will continue to improve over the course of the year. All grades and leadership totals are cumulative for the year.

Final grades for state reporting are on a pass/fail basis, in alignment with district guidelines.

*The grading system for KIPP Woodson Park Academy may be moderately adjusted as a result of its K-8 enrollment model.

Grades 5-8 (KIPP Metro Atlanta Schools in Atlanta Public Schools and Fulton County Schools)

Fifth through eighth grade scholars are evaluated with a “standards-based” grading system which is different from traditional “points-based” grading. Scholars are graded on their level of mastery for each standard that is covered in each of their classes. For each standard, a scholar’s performance over time is averaged using a calculation - both standard averages and/or decaying averages will be utilized. Decaying averages refer to where the most recent attempts at mastery are given heavier weight in the average than earlier attempts at mastery. For example, if a scholar has been assessed on a standard three times, the most recent attempt at mastery counts for 60% of the score for that standard, and the first two attempts count for the rest of the score. In this way, a decaying average rewards improvement and assumes that a scholar’s mastery will continue to improve over the course of the year. All grades and leadership totals are cumulative for the year.

Final grades for state reporting will be converted to an alpha-numeric grading in alignment with district guidelines.

*The grading system for KIPP Woodson Park Academy may be moderately adjusted as a result of its K-8 enrollment model.

Grades 9-12

KAC’s academic year is broken into two semesters. The marking periods are long enough (approximately 18 weeks) to allow scholars several opportunities to demonstrate mastery of specific skills. In addition, multiple means are used to determine scholars’ grades and assess their skill levels. Due to the 4x4 schedule, scholars will receive 1 credit for each course per semester. Scholars and parents will receive a report card for each semester and progress reports at the mid-semester point for semester 1 and 2.

In alignment with Atlanta Public Schools, our scholars will be graded on a 100-point, numerical scale on both individual assignments and final quarter grades. The grading scale is as follows:

**GPA Conversion**

To prepare scholars for the college admission process, each semester we will convert the numerical GPA to a 4.0 scale. The conversion will be based on the unweighted, cumulative, numerical GPA that posts to scholars’ transcripts. The 4.0 GPA Conversion will be as follows:

**AP Bonus Points**

Because we encourage classes with more challenging curricula, KIPP Atlanta Collegiate awards extra grade points (10 points on the numerical scale) to a scholar for successfully earning credit in advanced placement courses. The only advanced placement courses eligible for these credits are courses that meet the College Board’s AP standards with differentiated curricula that culminate in an AP examination following the course. It is important for all scholars to recognize that the added points WILL NOT allow a scholar to receive credit for a course if they score lower than 70% without the bonus points. If a scholar fails to earn 70% without the bonus points, they WILL FAIL the course and not earn credit. For example, if a scholar earns a 70% in an AP course, their transcript will record the grade as an 80%; if a scholar earns a 69% in the course, they will fail and the transcript will reflect a 69%.

**AP Exams**

Scholars enrolled in AP courses are expected to take the AP Exams. For the 2020-21 school year, KAC will cover the cost of any exams taken by a scholar. Any scholar who refuses to take the AP exam will forfeit the bonus points and the course title on their transcript. Please note that AP Exam Fees will also be assessed to scholars’ accounts.

**Final Quarter Grades**

A scholar will receive a final grade for each course at the conclusion of each quarter. The final quarter grade will be a measurement of all of the work given throughout the quarter and a passing grade will result in the scholar earning 0.5 credits. Final grades are rounded to the nearest whole number. For courses that have an EOC given by the state of Georgia, the score on that assessment will account for 20%* of the scholar’s final grade for the final semester the course is given (i.e. the Algebra EOC will account for 20% of a scholar’s 2nd semester grade). If a scholar receives a final grade (including the addition of any applicable EOCs) lower than 70%, he or she fails that course for the year.

**PROMOTION POLICY**

**Grades K-4**

Students must meet grade level standards in the core content areas (including reading, written communication, and math) to be promoted to the next grade level. Promotion will be based upon standards established for each subject.

Students absent 15 days for more may be considered for retention.

Students will be promoted or retained on the recommendation of the classroom teacher/s as well as the consultation of the grade level team, learning specialist, and Principal. This recommendation will be based upon the following criteria:

- Formative assessment data
- Summative assessment data
Before a scholar can be retained, there should be documented evidence of:

- Discussion of barriers impacting scholar’s ability to achieve (should occur within a Tier 2, Tier 3, or IEP meeting)
- Use of screener data as well as other data to determine specific areas of deficits.
- Interventions delivered with fidelity (as recommended by the intervention)
- Progress monitoring data collected on intervention effectiveness (at least every other week, but ideally weekly)
- Team meetings that include a review of data, change in intervention or change in the delivery of intervention if found not effective

If a student does not meet the above criteria for promotion to the next grade, he or she may only be promoted at the discretion of the Principal. Progress made toward achieving Individual Education Plan (IEP) goals will be considered in a promotion decision for students with IEPs.

KIPP Metro Atlanta Schools aligns with the state of Georgia’s policies for gateway years for grade 3.

KIPP Metro Atlanta Schools follows the criteria set forth by state and local districts for promotion criteria regarding the Milestones exam.

**Grades 5-8**

To be considered for promotion to the next grade, students must meet at least two of the following three criteria for ALL of the core skill classes (including ELA, Math, and either Science OR Social Studies):

- Have a final yearly grade of 70 or above in the academic subject

Additionally, students will be promoted or retained on the recommendation of the classroom teacher/s as well as the consultation of the grade level team and Principal. This recommendation will be based upon the following criteria:

- Formative assessment data
- Summative assessment data
- Attendance
- Class work
- Social/developmental characteristics
- Other pertinent data

Before a scholar can be retained, there should be documented evidence of:

- Discussion of barriers impacting scholar’s ability to achieve (should occur within a Tier 2, Tier 3, or IEP meeting)
- Use of screener data as well as other data to determine specific areas of deficits.
- Interventions delivered with fidelity (as recommended by the intervention)
- Progress monitoring data collected on intervention effectiveness (at least every other week, but
Ideally weekly)
- Team meetings that include a review of data, change in intervention or change in the delivery of intervention if found not effective

If a student does not meet the above criteria for promotion to the next grade, he or she may only be promoted at the discretion of the Principal. Progress made toward achieving Individual Education Plan (IEP) goals will be considered in a promotion decision for students with IEPs.

**Grades 9-12**

A scholar’s “grade-level” in high school is determined by the annual credit requirements detailed in the scholar handbook. In general, to be promoted to the next grade level, scholars must earn credit in all of their required classes as well as have the total credits required for each level. The total credits, by category, as well as required courses for promotion are listed below.

Scholar promotion will be done bi-annually to reflect the way that credits are earned. Transcript audits will be done in January and June at which point scholars and parents will be notified of the scholar’s grade-level designation.

Scholars will have a variety of ways to recover the credits they fail to earn initially. If a scholar is required to make-up a course, both the initial failing grade as well as the passing grade on the repeated course will show up on their transcript and be averaged into their cumulative GPA.

Annual credit requirements for promotion are below.

GRADUATION CEREMONY POLICY

All requirements for graduation, including successful completion of state testing requirements, must be completed before a senior can participate in graduation exercises. A diploma will be presented upon completion of all graduation requirements. KIPP Metro Atlanta will make available to parents and guardians the graduation dates. The graduation dates are subject to change. (e.g. schools are closed due to inclement weather, emergency on a regular school day, etc.) Scholars’ participation in the graduation ceremony is a privilege and not a right. Therefore, the principal has the right to prohibit a scholar’s participation if the scholar is found to have violated any provision of the Code of Conduct. Participation in the graduation ceremony is required; therefore, a graduation fee or senior dues may be charged to cover costs for such items as diploma covers, printing costs, and additional graduation expenses, etc. However, scholars will be given written notification of this fee and description of costs at the beginning of the school year in which they are to participate in the graduation ceremony.

VALEDICTORIAN/SALUTATORIAN POLICY

KIPP Atlanta Collegiate High School will designate a valedictorian and salutatorian for each graduating class.

A. The valedictorian will be the student who has earned the highest-class rank in the graduating class and who has met the eligibility requirements specified below.

B. The salutatorian will be the student who has earned the second-highest class rank in the graduating class and who has met the eligibility requirements specified below.

The valedictorian(s) and salutatorian(s) will be recognized in graduation ceremonies.

Eligibility

a. The eligible student will have been enrolled in the school from which s/he graduates by the end of the first semester of the junior year.
b. The eligible student will have transferred five (5) or fewer units from a school or program that is not accredited in accordance with state board rule 160-5-1-.15 Acceptance of Transfer Credit and/or Grades and Atlanta Board of Education policy JBC (4) Transferring Credits.
c. For graduating classes that entered ninth grade in 2008-09 or later, all students earning regular education diplomas are eligible.
d. The eligible student will have a weighted numeric grade-point average of 90 or above. Students selected as valedictorians and salutatorians must complete all requirements for graduation by the day specified by the school leadership in the second semester of the senior year.
e. Students who have been selected but fail to complete all requirements for graduation by the
end of the second semester for any reason shall become ineligible, and the next eligible candidate will be selected as the valedictorian or salutatorian.

Selection

a. Class rankings to determine the valedictorian and salutatorian will be generated based on grades earned by the end of the first semester of the senior year.
b. Class ranking is established based on the weighted numeric grade-point average calculated in accordance with policy IHC, Class Rankings.
c. The official class ranking list will be the student information system-generated ranking of the weighted numeric grade-point averages of all eligible students in the graduating class.
d. Co-valedictorians and co-salutatorians will be identified if there is an exact grade-point average tie for either the highest or second-highest class rank.

LOCKER USAGE POLICY

All lockers made available for student use on the school premises are the property of KIPP Metro Atlanta. The lockers are made available for student use in storing school supplies and personal items necessary for use at school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. A student who uses a locker that is the property of KIPP Metro Atlanta is presumed to have limited expectations of privacy in the locker or the locker’s content.

The student’s use of the locker does not diminish KIPP Metro Atlanta ownership or control of the locker. KIPP Metro Atlanta retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen materials, and or any other material forbidden by school rules such as weapons, illegal drugs or alcohol.

SEARCH & SEIZURE POLICY

KIPP Metro Atlanta may use metal detectors, sniffing dogs, or other detection devices to ensure school safety. School personnel may search anything on school property such as cars, school buses, lockers, and personal belongings. Unauthorized items and/or items that threaten the safety of others will be seized and appropriate disciplinary action will be taken.

Personal property of a random group of students can be searched with reasonable suspicion or if the group of students searched is chosen at random. Searches of a student themselves may also be done with reasonable suspicion. The search must be done by a staff member who is the same sex as the student and there must always be a second staff member present as a witness.

Students and parents are responsible for checking clothing, book bags, purses and all student personal possessions for illegal and unauthorized items before entering the school safety zone (defined as on or within 1000 feet of any realty property owned or leased to any public or private elementary school, secondary school, or school board, and used for elementary or secondary education).
TEENAGE/ADULT DRIVERS RESPONSIBILITY ACT (TAADRA)

According to the Teenage Driver Responsibility Act, students must obtain a Certificate of Enrollment in order to obtain a driver’s license or driver’s permit. During the school year, Certificates of Enrollment are issued through the student registrar.

A certificate of enrollment will not be issued for a student under the age of 18 who drops out of school without graduating or has been expelled for disciplinary reasons.

STUDENT CELL PHONE POLICY

KIPP Metro Atlanta has as its highest priority an emphasis on student success. We support parents/guardians’ right to decide whether to allow their children to possess mobile telephones and other portable electronic devices (PEDs). To avoid disruption of instruction, the use of electronic devices, including, but not limited to mobile telephones and other PEDs, is allowed with the restrictions outlined below.

All devices must be out of sight and turned off during the official school day. For students attending KIPP Atlanta Collegiate High School, mobile telephones and other PED are authorized for use during transitions and at lunch. Students may be permitted to turn on and use mobile telephones and other PEDs during the school day as directed by KIPP employees for instructional purposes only or in cases of health or other unusual reasons as approved on an individual basis according to the administrative regulations to this policy.

Photographing, audio recording or videotaping by any means another student or staff member is strictly prohibited while on school premises without the consent of the student or staff member. These prohibitions include all emergency situations unless the student is directed to use a cellular telephone or PED by a KIPP employee. Students who do not adhere to this policy and the associated regulations shall be deemed to have created a disruption to the instructional environment and are subject to appropriate disciplinary action.

Students shall be personally and solely responsible for the security of their mobile telephones and other PEDs. KIPP Metro Atlanta Schools shall not assume responsibility or liability for the theft, loss or damage to a mobile telephone or other PED, nor does it assume responsibility for the unauthorized use of any device.

COMPUTER/INTERNET POLICY

Computers are used to support learning and enhance instruction. Students will use computers frequently in their regular classrooms. However, all of these computer privileges depend on a student’s using the technology in a responsible, efficient, ethical, and legal manner. A student may not:

- Use the Internet for any illegal purpose;
- Use any social networking site (Facebook, Bebo, Twitter, Instagram, TikTok, etc.)
- Use profane, obscene, impolite or abusive language;
- Change computer files that do not belong to the user;
- Violate someone else’s privacy;
● Share his/her password with anyone except adults at the school.

SAFETY AND ACCEPTABLE USE OF THE INTERNET BY STUDENTS, STAFF, AND EDUCATORS POLICY

A student will not be allowed to access the Internet or email until the student and a parent/guardian have signed a Technology Release agreement. Unacceptable use of the Internet may result in immediate revocation of access privileges.

Background

As the use of telecommunication networks by students and educators increase, there is a need to clarify acceptable use and safety of those networks and to include federal regulations from the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA).

Contents

This policy includes regulations for the safety and use of the Internet. It addresses acceptable use, privileges, accountability and responsibility, network etiquette, security, safety, and vandalism.

Purpose

This policy includes federal regulations regarding issues of child safety and acceptable use of the Internet and is in compliance with Universal Service Fund for Schools and Libraries (E-rate) guidelines.

This policy establishes criteria for the safety and acceptable use of the Internet by students, educators, and school personnel at KIPP Metro Atlanta schools.

● Scope:
  o The Internet is an electronic highway connecting millions of computers all over the world and millions of individual subscribers. Access to the Internet will provide students and educators with electronic mail, information access and sharing.
  o With connections to computers and people all over the world also comes the availability of material that may not be considered to be appropriate or have educational value. On a global network, it is impossible to restrict access to all controversial materials. It is the responsibility of the student, parent, teacher and administrator to ensure that access to telecommunication networks, computers and the Internet provided by the school is not abused.

● Acceptable Use:
  o Access to the Internet for KIPP Metro Atlanta schools is provided for the sole purpose of academic achievement. The use of the Internet must be in support of education and consistent with the educational objectives of the KIPP Metro Atlanta.
  o Transmission of any material in violation of any U.S. or state law or regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening, abusive, or obscene material, or material protected by trade secrets. Illegal activities and privacy and safety violations of the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA) are strictly prohibited.
Each student who will access the Internet will be provided acceptable use training and shall have an acceptable use form, signed by a parent or legal guardian, on file. The system administrators and/or local teachers may deny user access at any time. Additionally, KIPP Metro Atlanta may pursue legal action to recover damages as a result of inappropriate use or safety violations of the network.

KIPP Metro Atlanta’s administrative information systems are to be used exclusively for the business of the organization. KIPP Metro Atlanta reserves the right to enter an employee’s information system files whenever there is a business-need to do so.

- **COPPA Notice:**
  - The growing availability of web-based tools and applications is providing teachers with new and exciting methods to improve, enrich, and diversify the delivery of curriculum and instruction to students. Many web-based tools and applications use data to create access accounts and to customize the learning experience. The purpose of this notice is to explain what data will be provided to online educational service providers and parent rights in regard to the use of online educational services.
  - The Children’s Online Privacy Protection Act (“COPPA”) is a federal law governing the online collection of personal information from children under 13. The rules spell out what a website or application operator must include in a privacy policy, when and how to seek verifiable consent from a parent, and what responsibilities an operator has to protect children’s privacy and safety online. KIPP Metro Atlanta Schools utilizes several educational software applications and web-based services that are operated by third parties. In order for our students to use these valuable programs and services, certain personal identifying information (i.e., student’s name, school-issued email address, application user name and password) must be provided to the website or application operator.
  - Under federal law, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. However, the law permits KIPP Metro Atlanta Schools to consent to the collection of personal information on behalf of all of its students, eliminating the need for individual parental consent given directly to the website operator.
  - A list of applications and websites that may be used in KIPP Metro Atlanta Schools classrooms, with links to their privacy policies and terms of service, is available on our website at www.kippmetroatlanta.org.

- **Accountability and Responsibility:**
  - The use of telecommunications and/or access to the Internet is an extension of the educator’s responsibility in their classroom. Therefore, it is the educator’s responsibility to ensure classroom activities that utilize Internet-related technologies and focus on appropriate and specific learning goals and objectives. All student use of Internet-related applications must be authorized by the educator. Specific examples of unauthorized use include, but are not limited to:
    - Creating, storing, sending, or viewing pornographic material.
    - Downloading, uploading and/or executing viruses.
- Corrupting, destroying, deleting, or manipulating system data with malicious intent.
- "Hacking" or any other unlawful online activities.
- Disclosing, using, or disseminating personal information regarding minors.

- Employees are required to execute appropriate and reasonable care over all assigned technology equipment. Repeated neglectful damage can result in receiving alternative technology equipment and staff members may receive disciplinary action up to and including termination. The alternative technology equipment will continue to meet instructional/administrative standards, but may not be the same as the previously assigned technology equipment.

- Content:
  - Content should be appropriate, in good taste, and not harmful to any individual or group.
  - Student pictures and names can be published on the school website at the discretion of the school. Parental permission should be obtained. Internet guidelines stress the importance of not publishing the last names of students. Nicknames may be used in place of the given name. Personal information, such as home address, home telephone, credit card information, mother's maiden name, and other personal information, should not be published.
  - Pages should comply with KIPP Metro Atlanta policies and regulations.
  - Information such as an e-mail address of the responsible contact person, copyright, and the last date updated should be included.

- Etiquette:
  Users are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
  - Be polite. Do not write or send abusive messages to others.
  - Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.
  - Do not reveal the personal home address or phone number of students or colleagues. Note that electronic mail (e-mail) is not guaranteed to be private. Messages related to or in support of illegal activities may be reported to the authorities.

- Security:
  Users who identify a security problem on the system must notify a system administrator. Users must not use another individual's account or give their passwords to others.

- Vandalism:
  Vandalism will result in revocation of user privileges. Vandalism includes any attempt to harm or destroy data or any connections that are part of the Internet. This includes, but is not limited to, uploading, downloading or creating computer viruses.

- Safety:
  Safety measures must be enforced to carry out policies at the school to implement the intent of CIPA, COPPA and E-rate guidelines.
- KIPP Metro Atlanta will organize technical protection through the use of filtering, measures to guard against visual depictions that are (1) obscene; (2) child pornography or (3) other materials deemed to be "inappropriate for minors."
- Schools must enforce the use of the filtering or electronic technical protection measures during any use of the computers to access the Internet.
- Safety includes monitoring the online activities of minors.

### Implementation:
- KIPP Metro Atlanta board of directors (KIPP STRIVE Academy, KIPP WAYS Academy, KIPP WAYS Primary, KIPP Vision Academy, KIPP Soul Primary, KIPP Soul Academy, KIPP STRIVE Primary, KIPP Vision Primary, KIPP South Fulton Academy, KIPP Atlanta Collegiate, KIPP Woodson Park Academy, and KIPP Forward are under the governance of KIPP Metro Atlanta board of directors) will support KIPP Metro Atlanta to ensure implementation of this policy in a method that promotes proper use of the Internet.

### OUTSTANDING FEES POLICY

Students may be subject to fees for a variety of reasons, including but not limited to: breakfast and lunch fees, class fees, lost or damaged textbooks or instructional materials, or late pick up fees. As a general rule, parents have 30 days to pay any outstanding fees. At the high school level, all outstanding fees must be paid by a date set prior to graduation.
At KIPP Metro Atlanta Schools, we believe in the power of language. As such, words and their uses must align to and reflect our equity commitment. Our Scholar Code of Conduct Glossary exists to provide internal shared terms for discussing discipline policies with scholars, families and staff. It is our intention that these terms better reflect our restorative approach and that they work to dismantle the school-to-prison pipeline. We honor that these terms and definitions are not wholly comprehensive as equity terminology is always expanding. However, we do believe the glossary below offers a promising starting point for upholding our commitment to equity.

Appendix A
A Message from Our Superintendent

Dear Students and Families of Atlanta Public Schools,

We move into the 2022-2023 school year with renewed excitement, commitment, and hope! Atlanta Public Schools (APS) continues to be a student-focused district where students love to learn, educators inspire, families engage and the community trusts the system.

Our efforts to reimagine APS continue and it will take each of us — students, parents/guardians, educators, support staff, and administrators — to do all we can to ensure the success of every student.

Education is the greatest equalizer. I believe strongly in the inner strength, power, and talent of our scholars. Look at what they were able to accomplish despite the distractions of a global crisis. Our students are resilient and inspiring. Through partnerships, we can maximize our students’ talents and provide opportunities so they may pursue whatever paths they choose for their lives.

I am humbled and privileged to be able to put these beliefs and that personal mission into motion in our schools.

Scholars, please know that I — as your Superintendent — serve at the pleasure of a Board that is committed to your success, a community that is eager to enjoy the promise of your contributions, but most importantly, I serve at your pleasure. You are the reason this work is so important. We — that is, every APS employee, and I — are committed to providing you with equitable opportunities to be the best you can be.

We come with a renewed mission focused on equity and treating everyone in our community justly and fairly. Everything we do in our district — from academics and operations, to our district culture, and our resources — must be considered through the lens of equity. That is why equity stands at the core of the district’s 2020-2025 strategic plan and guides all of our work as a school system.

We do this with the hope that you will exceed our accomplishments and be the better leaders of tomorrow.

As APS families, you play a critical role in supporting our efforts, and your engagement matters to the district and to your child. As support, we have provided you with this 2022-2023 APS Student Handbook to serve as your comprehensive guide to student and parental rights, responsibilities, and expectations for the upcoming school year. Be sure to read this document carefully and sign the electronic acknowledgement located in the Infinite Campus Portal within five days to acknowledge receipt of this handbook. Please inform your school if a paper copy is needed.

Thank you for your ongoing partnership. Welcome back, and have a great school year!

Yours in Service,

Dr. Lisa N. Herring,
Superintendent, Atlanta Public Schools
A Message from Our Coordinator of Student Discipline

Family Educational Rights & Privacy Act Notice (FERPA)
The Family Educational Rights and Privacy Act (FERPA) is a federal law that affords parents/guardians the right to have access to their child’s education records, the right to seek to have the records amended, and the right to have some control over the disclosure of personally identifiable information from the education records. When a student turns 18 years old, or enters a postsecondary institution at any age, the rights under FERPA transfer from the parents/guardians to the student ("eligible student"). The FERPA statute is found at 20 U.S.C. § 1232g and the FERPA regulations are found at 34 CFR Part 99. Please visit this website for more information: FERPA.

Each school is to keep any opt out provided in the student’s permanent record folder and a copy should be forwarded by school mail to the Accountability Department, Attn: Director of Research and Evaluation, Atlanta Public Schools, Center for Learning and Leadership, 130 Trinity Avenue, Atlanta, Georgia 30303.

Protection of Pupil Rights Amendment
PPRA affords parents/guardians of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. Please visit this website for more information PPRA.

Parent’s Right to Know
In compliance with the requirements of the Every Student Succeeds Act statute, APS informs parents/guardians that you may request information about the professional qualifications of your student’s teacher(s). The following information may be requested:

- whether the teacher has met the Georgia Professional Standards Commission requirements for certification for the grade level and subject areas in which the teacher provides instruction;
- whether the teacher is teaching under an emergency or other provisional status through which Georgia qualifications or certification criteria have been waived;
- the college major and any graduate certification or degree held by the teacher;
- whether the student is provided services by paraprofessionals, and if so, their qualifications.

If you wish to request information concerning your child’s teacher’s qualifications, please contact the principal.

APS Nondiscrimination

The Atlanta Public Schools Board of Education believes that all students are entitled to equal educational opportunities regardless of their race, color, religion, sex, citizenship, ethnic or national origin, age, disability, medical status, military status, veteran status, marital status, sexual orientation, gender identity or expression, genetic information, ancestry, or any legally protected status. No student shall be subjected to discrimination or harassment. Atlanta Public Schools has established both informal and formal procedures for resolving any complaints of discrimination, harassment, or bullying. Allegations of discrimination should be reported immediately to an administrator or counselor at the school, center, or any school event. See Policy JAA.

Title IX & Equal Educational Opportunities For Students
In accordance with the provisions of Title IX of the Educational Amendments of 1972, the Board of Education does not discriminate against students on the basis of gender in the educational programs and activities that it operates. No student shall, on the basis of gender, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, or other educational program or activity operated by this District. Board policy prohibits acts of sexual harassment that may not rise to the level of a violation of federal law.

For detailed information regarding Title IX reporting (including reports of sexual harassment, formal complaint procedures, grievance process, procedures, supportive measures, investigation, available relief, appeal rights, or for any other information regarding Title IX, please visit: www.atlantaschools.com/titleix, or contact the Title IX Coordinator, at 404-802-2203.

Transgender Students
The district values the uniqueness of every student; therefore, whenever a student identifies themselves as being transgender, if the family desires to do so, the school will collaborate with the student and family to develop a plan for the student.

Pursuant to O.C.G.A. §20-02-0690.1, parents/guardians or other persons having control or charge of students are liable for the students’ attendance in school. In view of the negative effects of excessive tardiness and absenteeism on student performance, the Board expects local schools to initiate programs to assist students in improving their attendance and punctuality. See Policy JB.

Compulsory Attendance Law
In accordance with the Official Code of Georgia, O.C.G.A. § 20-2-690.1, mandatory attendance in a public school, private school, or home school program shall be required for children between their 6th and 16th birthdays. Any parent/guardian or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to:

- Fine: not less than $25.00 and not greater than $100.00
- Imprisonment: not to exceed 30 days
- Community service
- Or any combination of such penalties at the discretion of the court having jurisdiction

Notification Of Absences
In accordance with the provisions of state board rule 160-5-1-.10, Student Attendance, the Atlanta Board of Education defines acceptable excuses for being absent from school as:

- Personal illness.
- A serious illness or death in a student’s immediate family.
- A court order or an order by a government agency.
- The observation of religious holidays.
- Registering to vote or voting in a public election, which shall not exceed one day.
- A student whose parent/legal guardian is in military service or the National Guard, and such parent/legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for days missed from school to visit with their parent or legal guardian prior to deployment.
- A student whose parent/legal guardian is currently serving or previously served on active duty in the armed forces or on extended active duty may be granted excused absences, up to a maximum of five school days per school year, not to exceed two school years, for the day or days missed from school to attend military affairs sponsored events.

Upon return to school from an absence, the student shall bring to the school a note, signed and dated by the parent/legal guardian, stating the reason for the absence and the dates the absences occurred.

The notification must be received by designated school personnel within three school days of the student’s return.

All children enrolled in public school for 20 school days or more are subject to compulsory school attendance, even if they are under six years of age (O.C.G.A. § 20-2-150). Please see the chart below for a quick view of APS attendance protocol:

- A student who serves as a Page of the Georgia General Assembly.
- A student who attends court proceedings related to their foster care.
- A student who successfully participates in the Student Teen Election Participant (STEP) program.
- A student who has an emergency necessitating absence from school for a portion of the school day must be present at school at least for half of the instructional day, excluding lunch.

Tardies
Administrative Regulation JBC-R(2) states in part: A school may request a parent/guardian provide proof of residency if a student’s attendance record indicates a pattern of tardies that place the school on notice that the address of record is invalid/inaccurate.

Early Check-Outs
Whenever a student is checked out prior to the end of the regular school day, the student should bring a written note from their parent/legal guardian stating the reason. The student will only be released to their parent/legal guardian or to a person designated by the parent/legal guardian, as documented by school records, and upon presentation of proper identification. Students may also be released to child welfare authorities as allowed by law.

Participation In Extracurricular Activities
If a student is marked with an unexcused absence for the school day, the student will not be allowed to participate or attend extracurricular activities scheduled for the same day that the student is absent.

Making Up Missed Assignments Or Tests
It is the student’s and parent’s/guardian’s responsibility to make arrangements for makeup work. Students should ask their teacher for any missed assignments on the first day they return to school. Failing to comply with this procedure will result in a grade of zero being given for graded assignments missed during an excused absence. Local boards of education are not required to provide makeup work for unexcused absences.

Suspension And Testing
At the discretion of the school principal, any student who receives an out-of-school suspension (OSS) that interferes with their ability to participate in standardized testing, may be granted an opportunity to participate in partial suspension and attend school during the testing time only. Any student who receives OSS, but presents as a safety concern to the school community may be denied an opportunity to return to their zone school and participate in standardized testing during the suspension period.

Truancy
When a child is absent, parents/guardians or other persons who have control of a child enrolled in APS should report reasons for absences in compliance with Policy and Regulation JB. Georgia law requires that after any student accrues five days of unexcused absences in a given school year, the parent/guardian or other person who has control or charge of that child shall be in violation of O.C.G.A. § 20-2-690.1(b). Any child that is subject to compulsory attendance who, during the school calendar year, has more than five days of unexcused absences is considered truant. The law states the following:

“Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine of not less than $25.00 and not greater than $100.00, or imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day’s absence from school in violation of this part after the child’s school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absences for a child shall constitute a separate offense.”

- Schools will notify parents/guardians when a student has accumulated five unexcused absences.
- Schools will also notify parents/guardians of students 14 years of age and older when the student has accumulated seven unexcused absences during the school year.
- Possible consequences may also include disposition for unruly children in accordance with O.C.G.A. § 15-11-67.

Enrollment, Registration and Transfers

Students in all grade levels who are new to Atlanta Public Schools should enroll as soon as possible. Students enrolling for pre-kindergarten must be four years old on or before September 1. Except as allowed by law and APS Regulation JBC-R(1), kindergarten students must be five years old on or before September 1 and first-grade students must be six on or before September 1.

APS requires registration when a student is new to the district, transitions from 5th to 6th grade, transitions from 8th to 9th grade, or whenever a change of residence occurs.

Eligible unemancipated minor students shall be enrolled in school by their parent(s)/legal guardian(s). Persons in control or charge of students who do not have legal guardianship may conditionally enroll students. Adult students and emancipated minors may enroll themselves. Emancipated minors must present a certified copy of the legal documents granting emancipation. See Policy JBC.

APS shall serve all eligible K-12 students residing with their parent(s)/court-approved legal guardian(s) in the city of Atlanta. In all cases where the question of interpretation of the law relative to residence is involved, the final decision shall rest with the Superintendent. Students must meet enrollment and age requirements as defined in state law. See Policy JBC. The Atlanta Public School System has established attendance zones for schools. Students must attend the school in their assigned attendance zone where their custodial parents/legal guardians reside unless they request and receive a transfer to enroll elsewhere. A person who owns property in the city of Atlanta, but does not reside in the city of Atlanta, is not considered a resident. For more information about enrollment or if you are contemplating moving or a transfer, please call Student Assignment at 404-802-2233, visit your school, or visit the APS website at www.atlantapublicschools.us.
Verification Of Residency
A school system employee or designee may visit the address given by any parent/guardian to verify residency. The property address given must be the actual location where the student and parent/guardian live full time. Schools may request a parent/guardian provide proof of residency if: (1) mail is returned from the student’s address of record; (2) a student’s attendance record indicates a pattern of absences, or tardies; or (3) other circumstances occur that place the school on notice that the address of record is invalid/inaccurate for the student.

Change Of Address
Parents/guardians shall inform the school and provide updated residency information including a change of address form and general affidavit of residency accompanied by new proof of residency documentation within 10 business days of a move that occurs during the school year. These documents should be returned to the main office or registrar’s office of the student’s school. If it is discovered that a student and their family failed to inform the school that they have moved out of the school zone, the student may be withdrawn immediately and placed in the school to which the current residence is zoned. See Regulation JBC-R(2).

School Choice/General Administrative Transfers
The APS offers school choice options for students who request to attend a school other than their neighborhood/zoned school. Parents/guardians must request a transfer to attend an out-of-zone school during the annual application period. Transfer applications for the upcoming school year will be accepted each spring semester. Students with transfers are expected to have regular and punctual attendance and to abide by all disciplinary rules at the transfer school where they attend. A transfer may be revoked if any of the following occur:

- The student has accumulated any combination of 10 or more unexcused absences from school or class, tardies to school or class, early dismissals from school or class, or late pickups from school;
- The student has a combined total of four in-school suspensions, suspensions of one to three days, or disciplinary referrals to the office; and/or
- Two or more suspensions of three days or more for any reason, or expulsion.

The General Administrative Transfer Application Window for the 2022-2023 school year will be posted on the APS website. For more information regarding transfers to attend an out-of-zone school, please contact Student Assignment at 404-802-2233 or studentassignment@atlantapublicschools.us or reference Regulation JBCA-R(2).

Custody
Parents/guardians are encouraged to provide the school with a copy of all court order(s) regarding the custody of the child. APS personnel may request proof of legal custody in situations involving multiple adults claiming control of the same student or should a question arise. See Regulation JBC-R(2). Student enrollment forms, as well as other official documents of the school, should be signed by the with whom the child resides. The school will give to non-custodial parents, upon request, all information required under the Family Educational Rights and Privacy Act and the laws of Georgia, unless there is a valid court order directing the school not to divulge such information. If such an order exists, a copy must be presented to the principal.

Grade Placement
Parents/guardians shall present an official transcript of work or credit at the time of enrollment. If a transcript is not presented, the student shall be accepted provisionally in the grade to which they indicate membership. If upon receipt of an official transcript, it is found that the student has been enrolled in the wrong subject or grade, the student shall be withdrawn immediately and re-enrolled in the appropriate grade or subjects. The parent(s)/legal guardian(s) shall be informed in writing of the change.

Records of each student’s previous work should be required before final placement is determined. A reasonable effort should be made to obtain such records. If the records are not forthcoming within 30 calendar days, an academic assessment shall be made by the school to determine final placement. See Regulation JBC-R(2).

Withdrawal From School
At the time of withdrawal, students must return all textbooks, library books, and other school-owned items. Any such items not returned, and any other school-related expenses for which the student is responsible (such as lunch charges), must be paid for at the time of withdrawal. The school may withhold grade reports, diplomas, and/or certificates of progress until restitution is made for lost or damaged textbooks and/or media materials.

Students who are under disciplinary investigation or who are in the process of being disciplined or referred to a disciplinary hearing may not be withdrawn.

No Shows And Withdrawal Without Parent/Guardian Permission:
Pursuant to Administrative Regulation JBCD-R(1: The District may withdraw a student without parental permission. In all scenarios, the Superintendent or the Superintendent’s designee shall use due diligence to notify the parent/guardian or other person if the Local Education Agency (LEA) plans to withdraw such a student. The Superintendent or designee shall document a minimum of three attempts to contact the parent/guardian, grandparent, or other person. Such notification shall be by certified mail, return receipt requested. The school may still pursue the interventions as outlined in the APS attendance policy and regulations.

The District can withdraw a student without parental permission when:

- The student is older than 16 and has accumulated 10 consecutive unexcused absences.
- The student is 6-16 and has accumulated 10 consecutive unexcused absences.
- The student is enrolled in another school or home schooled.
- The student no longer resides in the school attendance zone. See JBC-R(3) School Admissions — Students who Move During the School Year.
- Student is not in attendance on the first day of school but was expected based on prior year enrollment.

Field Trips
No student shall be barred because of lack of funds from participating in trips planned as part of the general instructional program that occur during the school day. All requests for financial participation in such field trips shall be optional and shall in no way affect a student’s ability to participate. This policy applies to all school-sanctioned field trips, regardless of the mode of transportation, including those sponsored by schools, by parent groups or by community partners. Fees may be required for participation in excursions planned as enrichment activities outside of the regular school day, however, reasonable efforts shall be made to raise funds to assist students who are not able to pay the fees due to financial hardship. See Policy IFCB.

Clubs, Organizations & Extracurricular Activities
Students attending regularly scheduled club meetings must follow the rules established by their school. Clubs will meet on a scheduled basis so as not to conflict with academic instruction. Sponsors or coaches may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization’s standards of behavior. For more comprehensive guidelines, please refer to Policy JHC and Regulation JHC-R(1).

Cancellation Of School
In the event of severe weather or other emergencies, official information about school closings will be broadcast on Atlanta area radio and television stations. Parents/guardians should be aware that severe weather or other emergencies could cause school to be canceled during the school day and should plan accordingly. APS works closely with local television and radio media outlets to inform the public when school closings occur. The following media outlets will provide up-to-date information to the public in the event of a school closing or if the student day must be shortened due to emergency conditions: WSB radio and local television WSB (ABC), WGCL (CBS), WAGA (FOX), and WXIA (NBC) are the official stations for APS announcements of school closure.

Emergency Procedures: Evacuations, Shelter-In-Place & Other Protective Actions
All APS facilities have an emergency operations plan. The specifics of each plan differ for each location. Students, teachers, and other district employees will participate in training and drills of emergency procedures. When emergency announcements are made or the fire alarm is sounded, students and visitors must follow the direction of teachers or other campus staff in charge quickly, quietly, and in an orderly manner.

Child Abuse
Any student (or parent/guardian, or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator, or other school system employee is urged to make an oral report of the act to any teacher, counselor, or administrator at their school. Please refer to Policy JCAC for comprehensive guidelines. Georgia law requires that school employees and volunteers immediately (or within 24 hours) report any suspected cases of child abuse or neglect. Once a report has been made, official representatives of DFCS have the right to come to the school to interview the child without parent/guardian notice or permission. APS personnel are not permitted to discuss or share information about child abuse reports with parents/guardians. To report suspected child abuse, you may contact your school social worker, school administrator or staff member, APS Social Work Services at 404-802-2247, or the DFCS Child Protective Center at 855-GACHILD/855-422-4453 where reports are taken 24 hours a day, 7 days a week.

Driver’s License/Certificate Of Attendance
The Teenage and Adult Driver Responsibility Act requires that students must satisfy school attendance requirements in order to receive and maintain a Georgia driver’s permit or license. There is a $5.00 fee for all Certificates of Enrollment. Students should submit their request for a Certificate of Enrollment at least two weeks prior to the date needed. For additional information, contact the school office. During the summer months, Certificates of Enrollment are issued by the Department of Student Relations, 130 Trinity Avenue, Second Floor, Atlanta, Georgia 30303; 404-802-2233.

Driving And Parking On School Campus
Parking on school grounds is not a right, it is a privilege, which can be revoked. Students who drive to school must follow all safety rules and procedures established by the principal, including obtaining a parking permit if required. Violation of the rules, regulations, and policies of the Board of Education and/or the school concerning driving or parking a vehicle on school campus can result in suspension or expulsion from school, revocation of parking privileges, and/or having the vehicle towed away at the driver’s expense. While a student’s vehicle is on school property, the principal and their designee have the right to search the vehicle without obtaining permission of the student. If you disagree with the school’s ability to search your vehicle, do not park on school property.
Georgia Sexting Laws For Teens And Minors

In Georgia, teens and minors accused of sexting images of or to another minor can be charged with a felony or misdemeanor, depending on the circumstances involved. In accordance with O.C.G.A 16-12-100, a felony conviction carries a sentence between five and 20 years imprisonment and a fine of up to $100,000. The offense is considered a “sexual offense,” which requires a mandatory minimum sentence that cannot be suspended. The maximum penalty for a misdemeanor conviction is 12 months in jail, a fine of $1,000, or both.

Felony Offenses

An adult (older than 18) who commits a crime of computer or electronic child pornography faces felony penalties. Teenagers ages 18 and younger can also be charged with a felony if the conduct involved does not fall within the misdemeanor offense.

Misdemeanor Offenses

Georgia law allows a reduced misdemeanor penalty for certain acts of teen sexting. Misdemeanor penalties apply only if:

• The child depicted in the image is 14 or 15
• The depicted child consented to its creation, and
• The defendant did not distribute the image to another

Human Trafficking

Georgia Law O.C.G.A 16-5-46 prohibits trafficking of persons for labor or sexual servitude. Sexual servitude means, in part, “any sexually explicit conduct as defined in Code Section 16-12-100 for which anything of value is directly or indirectly given, promised to, or received by any person, which conduct is induced or obtained by coercion or deception or which conduct is induced or obtained from a person under the age of 18 years. Any person who commits the offense of trafficking a person for labor or sexual servitude against a person who is under the age of 18 shall be guilty of a felony, and upon conviction thereof, shall be punished by imprisonment for 10-20 years.

The Atlanta Public School District is taking a strong stand against human trafficking by educating our students, teachers, administrators, support staff, and other employees about the dangers and signs of child exploitation, as well as human trafficking. Professional development offerings are provided online to all staff, and students are also provided with opportunities to learn about human trafficking through our Social Emotional Learning curriculum. Additionally, in accordance with O.C.G.A 16-5-47 Georgia State Bill 104, all buildings in the district have adult-appropriate awareness/reporting posters in the adult restrooms, as well as age-appropriate signage in all schools.

Discuss internet safety with your child. Please encourage your child to do the following:

• Allow you as a friend with them on all social media accounts for safety
• Accept friend requests only from people they have met in person
• Inform parent/guardian if any adult request to be their friend on social media
• Speak with you if any sexual images or other inappropriate links/messages are received
• Alert parents/guardians if anyone suggests they send inappropriate photos or if someone offers a job or travel opportunity

Learn additional internet safety tips here: [www.internetsafety101.org](http://www.internetsafety101.org) and warning signs of human trafficking here: [www.gacares.org/warning-signs.html](http://www.gacares.org/warning-signs.html)

Lockers

Lockers are property of the school and may be opened by a school official without the permission of the individual student. Students to whom lockers are assigned can be suspended or expelled if the locker contains weapons, drugs, or other unauthorized materials.

Lunch With Students

Parents/guardians are welcome to eat lunch with their children at school; however, a school may limit or cancel lunches if a parent’s/guardian’s presence or behavior intentionally or unintentionally causes a disruption or safety concern. All visitors must sign in at the school office and obtain a visitor’s badge that must be worn at all times while in the building or while on the school grounds. Food cannot be delivered to students during the school day by any food establishment, inclusive of but not limited to UberEat, DoorDash or GrubHub, without prior approval by the principal.

Illness

If a student becomes too ill to remain in class, the student may contact their parents/guardians to make arrangements to be checked out of school. The principal should be notified in writing if a student has a chronic illness or disability that could require special or emergency treatment. Students should not return to school until fever-, vomiting-, and/or diarrhea-free for 24 hours without the use of medication.

COVID-like symptoms: students who arrive at school with COVID-like symptoms (i.e., new onset of cough, headache, fatigue, sore throat, fever, runny nose, shortness of breath, loss of taste and smell, nausea, vomiting, and diarrhea) will be transported to the CARE room for parent/guardian to be notified and check their student out of school. Parents/guardians should make arrangements to check the student out within one hour of being notified by school.

Parents/guardians are required to monitor their student’s health and conduct a health attestation prior to their student returning to school. If a student is ill with COVID-like symptoms, has been exposed to a confirmed case of COVID-19, or is pending test results from a COVID-19 test, the student is required to stay home and contact their school administrator and school nurse for additional guidance. Parents/guardians are highly encouraged to complete the student self-reporting form located on our district website to self-report positive COVID-19 cases and exposures to confirmed COVID-19 cases.

Immunization Requirements

Your written request must be submitted no later than the 14th day after the enrollment of your children.

Use Of District Technology
The Atlanta Board of Education recognizes that electronic media, including the internet and email, enhance the quality and delivery of instruction in our schools by providing access to unique resources and opportunities for collaborative work. Any electronic activity conducted by employees, students, or other persons via the APS network or using APS computer resources, hardware, or software is subject to inspection and monitoring. There should not be any expectation of privacy. Use of electronic systems shall be in support of and consistent with the vision, mission, and goals established by the Atlanta Board of Education and for the purpose of instructional and administrative support. The use of electronic technology is a privilege that may be revoked at any time. For more information, visit www.atlantapublicschools.us and review the Student Code of Conduct, Regulation JCDA-(R)(1), as well as Board Policy IFBG, Internet Acceptable Use.

Textbooks And Instructional Materials
APS provides the most appropriate instructional resources available and uses a rigorous selection process to ensure our textbooks and educational materials meet our goals. Please refer to Policy IFAA for more information. Instructional resources may include textbooks, software, online materials and programs, workbooks, and specialized formats, e.g., Braille, audio, digital, large print, or other versions. All instructional resources are aligned with the Common Core Georgia Performance Standards and other standards for our course offerings. The number of materials available is based on the instructional requirements for the course. In some cases, students are assigned textbooks to take home; in other cases, the materials are available only during classroom time. In all cases, students should receive all materials needed to successfully complete the homework assigned by the teacher.

Visitors/Unauthorized Persons On School Grounds
To ensure the safety of students, the confidentiality of personal information, and the integrity of the learning environment, the board limits visitors to:
- The parent/guardian of a current student;

In accordance with policy GAMA Safe and Drug-Free Workplace, visitors shall not possess weapons on APS property, in a school or other APS facility, or at any school or district-sponsored activity in accordance with O.C.G.A. §16-11-127.1, any other applicable laws and administrative regulations issued by the Superintendent. **The presence of unauthorized visitors on school grounds or in facilities may constitute trespassing and may subject violators to criminal prosecution under the laws of the State of Georgia.

Requirements For Graduation
In support of student success, the Atlanta Board of Education shall offer programs of study that permit students to earn unit credit in grades nine through 12 leading to graduation with a diploma that prepares students for postsecondary education and careers. To participate in any graduation exercises or ceremonies, APS seniors must meet all of the requirements

**Graduation Ceremony**

Student participation in the graduation ceremony is a privilege and not a right. Therefore, the principal may prohibit a student's participation if the student is found to have violated any provision of the Code of Conduct. Participation in the graduation ceremony is voluntary; therefore, a graduation fee or senior dues may be charged to cover associated costs. However, students will be given written notification of this fee and description of costs at the beginning of the school year in which they are to participate in the graduation ceremony.

**Valedictorian/Salutatorian**

Each traditional high school, including individual small schools comprising educational complexes, will designate a valedictorian and salutatorian for each graduating class.

**Valedictorian:** The student who has earned the highest class rank in the graduating class and who has met the eligibility requirements specified below.

**Salutatorian:** The student who has earned the second-highest class rank in the graduating class and who has met the eligibility requirements specified below.

**Eligibility**

**Parent and Student Resources**

**Campus Portal For Parents**

Parents/guardians of students in grades K-12 have access to class schedules, attendance records and grades through Campus Portal for Parents (CPP) which is an easy-to-use, secure communications tool. Additionally, CPP enables parents/guardians to verify household information, including their email address, home address and telephone numbers. Contact your child’s school to get your CPP activation key or visit www.atlantapublicschools.us for more information.

**Family Engagement**

Pursuant to Policy LEBA, the Atlanta Board of Education believes that attentive, engaged, and empowered families are a key to the success of our students and our system. In order to achieve our mission, APS must foster an environment in which parents/guardians and other caregivers have the opportunity to be active participants in the life of our schools, and family engagement should be an integral part of the work of every district staff member. To achieve this goal, the Superintendent shall:

- Recruit, develop, and retain employees who believe that all parents/guardians and caregivers love their children, want what is best for them, and are responsive to their needs;
- Cultivate a safe, welcoming, and caring environment for students and their families;
- Demonstrate an attitude of partnership through regular, two-way communication with families that is respectful, accessible, and culturally relevant;
- Support families in understanding the strengths and needs of their children and in fostering students’ lifelong relationship with learning; and,
- Empower families as advocates by valuing their voices in decision-making about their children and their schools.

For more information on the Office of Family Engagement, contact Director of Family Engagement, Keasha Copeland, at keasha.copeland@atlanta.k12.ga.us or 404-802-2802.

**Parent Teacher Association (PTA)**

Most schools have a parent teacher organization — either a PTA (which is part of the national Parent Teacher Association) or a PTO (which is an independent parent teacher organization). Through initiatives and activities sponsored by these groups, parents/guardians work with faculty to enhance the school environment and improve student achievement. At most schools, membership drives begin at the start of the new school year and activities are scheduled throughout the year. Contact your child’s school for information on who to contact about membership, meetings, dues, and upcoming activities.

**School Governance (GO) Teams**

GO Teams work with school leadership and the community to help determine the long-term direction of the school, design innovative solutions to increase student achievement, and serve as school ambassadors to the local community. GO Teams operate under the control and management of the Atlanta Board of Education and will follow Board policies and procedures unless a waiver is granted.
GO Teams include nine to 11 voting members and the school principal. Each team consists of three elected parents/guardians, three elected non-supervisory instructional staff, two appointed community members, one appointed swing seat, and two appointed students (high schools only). For more information about GO Teams, please visit apsstrongschools.com.

Homeless Children And Youth

The McKinney-Vento Homeless Education Act ensures educational rights for children and youth experiencing homelessness. The primary goal is educational stability. The Act defines homeless students as those who:

• Lack a fixed, regular, and adequate nighttime residence;
• Share the housing of other persons (doubled-up) due to the loss of housing, economic hardship, or a similar reason; live in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; live in emergency or transitional shelters;
• Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
• Live in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
• Are migratory and live in the conditions set forth in items 2, 3, and 4 above.

Homeless students have certain educational rights and can: enroll without delay in school (zoned or school of origin) without proof of residency or permanent address, immunization, school records, or other documents or while documentation is being obtained; choose between the local school where they are living or the school last attended before becoming homeless, when requested by the parent/guardian and determined by the district to be feasible and in the student’s best interest; attend school and participate in school programs with children who are not homeless; and receive all the school services available to other students including transportation services, special educational services where applicable, and other supportive services (food, housing, clothing, etc.).

To be considered eligible, to enroll, and for more information regarding homeless education services, contact the school social worker or the Homeless Liaison, Sana Ali at sana.ali@atlanta.k12.ga.us or 404-802-2245. For additional guidance, please refer to Policy JBC(1) and Administrative Regulation JBC(1)-R(1).

Home Schooling Attendance Reporting

Parents/guardians wishing to establish or continue utilizing the home school program must complete and submit a declaration of intent form to the Georgia Department of Education. It is the responsibility of the parent/guardian to obtain and file a new declaration of intent each year. To submit an online declaration of intent form or for more information regarding home school programs, contact the GaDOE at 404-463-7891 or visit http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Pages/Home-Schools.aspx

Hospital Homebound

Hospital Homebound (HHB) instruction is designed to provide continuity of educational services between the classroom and home or health care facility for students enrolled in Atlanta Public Schools whose medical needs, either physical and/or psychiatric, do not allow school attendance for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with regular school attendance (e.g., pregnancy, students receiving dialysis or radiation/chemotherapy; or students with other serious health conditions). Students must be enrolled in an APS institution in order to receive HHB instruction. For additional information, contact the counselor at the local school for forms and information.

Health & Safety

Safety And Security

The Office of Safety and Security works in collaboration with staff, parents/guardians, communities, and community partners to ensure that safety and security measures meet the unique needs of the Atlanta Public Schools’ learning environment. The Office of Safety and Security includes a police department managed by a chief of police, an emergency management unit led by an emergency management coordinator, and a security operations department managed by a security operations director. The police department is composed of school resource officers (SRO) who philosophically align with the district’s social-emotional learning approach, and the national TRIAD model in which law enforcement officers are viewed as an extension of school support. The SROs are assigned to middle and high schools to support students, staff, and parents/guardians. For additional information contact the Office of Safety and Security, 130 Trinity Avenue Police Precinct, Atlanta, Georgia 30303, Phone 404-802-2000.

School Counselors

The school counselor provides a safe, nurturing environment to foster a trusting relationship with students. Parental/guardian permission is not required for students to see the counselor or to participate in classroom instructional activities. In this confidential relationship, students can explore their feelings and experiences in hopes of finding a meaningful, positive solution to their personal issues. In many cases, the school counselor works on problem solving, decision-making, and goal setting with the student.

In addition to the above tasks, middle and high school counselors also help with student advisement and planning for career pathways. Parents/guardians, students, teachers, or any staff member can initiate a referral to meet with the school counselor. School counselors do not take the place of private therapists and cannot provide long-term therapy for students. For additional information, contact your school counselor or the Coordinator of School Counseling, Maria Grovner, 130 Trinity Avenue SW, 6th Floor, Atlanta, Georgia 30303, Phone 404-802-2642.

School Health Services

The School Health Services Program provides coordinated district health initiatives and school-based nursing services to ensure delivery of quality, individualized support for students. Services provided by
school nurses require a referral and parental/guardian consent for individualized screenings (e.g. vision, hearing, dental). Referrals of individuals with health problems or suspected health problems are accepted from parents/guardians, school personnel, students, and health care providers in the community and may be submitted to the school-based health services professional or central health office personnel. For additional information contact Comprehensive Health Services Manager, Dr. Valencia Hildreth, 130 Trinity Avenue SW, 6th Floor, Atlanta, Georgia 30303, Phone 404-802-2674.

Medicine

Atlanta Public Schools is committed to the health and safety of its students. Medication and/or medical procedures required by students should be administered by a parent/legal guardian at home. Under exceptional circumstances, prescribed medication and/or medical, health-related procedures may be administered by the school principal, his designee, the school nurse, or self-administered by the student per written physician’s orders and written parent/guardian authorization. The parent/guardian must complete and sign the Administration of Medication/Medical Procedure form to acknowledge that the school assumes no responsibility for medications or procedures that are self-administered.

School nurses or other employees may administer auto-injectable epinephrine to students upon the occurrence of an actual or perceived anaphylactic adverse (allergic) reaction by the student, whether or not such student has a prescription for epinephrine. School nurses or other employees may administer levalbuterol sulfate to students upon the occurrence of an actual or perceived respiratory distress, whether or not such student has a prescription for levalbuterol sulfate. Any school employee who in good faith administers or chooses not to administer these medications to a student in such circumstances shall be immune from civil liability, pursuant to Georgia statute. See Policy JGCD.

School Social Workers

School social workers serve as liaisons between the home, school, and community. They work to ensure that students remain in school and graduate, reach their fullest academic potential, and grow socially and emotionally. As part of the educational team, social workers support students’ thriving in schools by removing barriers that interfere with their academic performance. They are professionally trained to provide services to students who face serious challenges to school success; including, but not limited to, mental health and behavior difficulties, school adjustment issues, poverty, discrimination, abuse, addiction, bullying, divorce of parents/guardians, and loss of a loved one. School social workers are available to provide support when needed. For additional information, contact your school social worker or the Coordinator of Social Work Services, Dr. Jacquelyn Anthony, 130 Trinity Avenue SW, 6th Floor, Atlanta, Georgia 30303, Phone 404-802-2247, Fax 404-802-1205.

Mental Health Support

Atlanta Public Schools prioritizes care of the Whole Child as a means to ensure that the comprehensive needs of students are identified and supported. As part of the Whole Child initiative, schools will implement a universal social, emotional, behavior screener twice per school year (Fall and Spring administration) to determine strengths and areas of growth relative to social, emotional, and behavioral well-being. The screener is a starting point for next steps in determining the best course of action to support students identified as being at-risk for developing a variety of behavior and emotional disorders that can lead to adjustment problems. For more information about APS and the implementation of universal social, emotional, behavior screeners please visit https://www.atlantapublicschools.us/Page/67035.

Students who have been identified to be in need of mental health support may receive services from one of the many community mental health wraparound providers that partner with each school. For more information on the mental health service providers who are currently in partnership with APS, please visit https://www.atlantapublicschools.us/Page/45966. If you are interested in your child receiving mental health support at school from the school mental health wraparound provider, please contact your school social worker or the Coordinator of Social Work Services, Dr. Jacquelyn Anthony, 130 Trinity Ave, SW, 6th Floor, Atlanta, Georgia 30303, Phone 404-802-2247, Fax 404-802-1205.

School Nutrition Information

The primary goal of the Nutrition Department is to provide all students with healthy school meals that meet their daily nutritional needs and support optimal academic performance at school for student success. For more information visit http://www.atlantapublicschoolsnutrition.us.

Child Find

The purpose of Child Find is to identify, locate, and evaluate children and youth, birth to age 21, who are suspected of, or have a disability or developmental delay, in order to provide free and appropriate Special Education services. Child Find at APS offers comprehensive special education services to eligible students ages three through 21. Parents/guardians of students, who suspect their child may have a disability, should contact the teacher, principal, or the RTI Point of Contact. All referrals are considered confidential, and services are provided at no cost. The parent/legal guardian retains the right to refuse services and is provided other procedural safeguards under federal and state law.

Public school services include screening in areas of suspected disabilities, such as vision, hearing, autism, motor skills, speech, language, and general development. Evaluations in the schools are provided for several areas of suspected disabilities, including learning disabilities, speech and language development, orthopedic impairments, vision or hearing problems, intellectual disabilities, emotional behavior disorders, autism spectrum disorders, health impairments, traumatic brain injuries, and significant developmental delay. For more information concerning eligibility criteria and referral procedures, contact the Department of Special Education at 404-802-1602 or visit the District’s website at www.atlantapublicschools.us.

Section 504 Rights And Procedural Safeguards

Notice of Rights of Students and Parents Under Section 504: Section 504 of the Rehabilitation Act of 1973, commonly referred to as “Section 504,” is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the Atlanta Public Schools’ actions or inactions regarding a child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the APS Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate APS’ obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the Section 504 Coordinator. The APS Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

Hearing Request (must include the following):

- The name of the student.
- The address of the residence of the student.
Student Bullying Incident Reporting

In an effort to minimize bullying in the school environment, which includes on school property, at a school-sponsored event, on a school bus, or on an electronic device accessed on school property or at a school event, the APS Office of Student Discipline has created a process whereby a student, parent/guardian, staff member, or bystander may report instances of bullying for further review and investigation.

Students who commit an infraction will receive a disciplinary response. Disciplinary action and the length of the assignment will be progressive and will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including positive behavior interventions and restorative practices. If a student/parent/guardian is uncertain as to the interpretation of the student Code of Conduct they should contact The Office of Student Discipline at 404-802-2239.

Disciplinary action will be related, but not limited, to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student's attitude, whether the student was acting in self-defense, the effect of the misconduct on the school environment, intent or lack of intent at the time the student engaged in the conduct, and requirements of law. As such, disciplinary responses may differ on a case by case basis.

Any and all violations of the Code of Conduct will be part of a student’s disciplinary record and may be used in a student disciplinary hearing pursuant to APS’s progressive discipline process.

The Student Behavior Code provides examples of offenses that may occur and is not intended to include all offenses for which disciplinary action may be taken as it is not possible to identify every behavior which might result in disciplinary consequences.

Location Of Violations:
Exception as otherwise provided herein, the following code provisions apply to offenses that students commit while on school property or while using school technology resources at any time.

School property includes, but is not limited to:
- The land and improvements which constitute the school
- Any other property or building, including school bus stops, any school function, event, or activity
- Any bus or other vehicle used in connection with school functions and activities, including but not limited to, buses leased by APS and privately owned vehicles used for transportation to and from school activities
- Personal belongings, automobiles, or other vehicles located on school property
- Off-campus locations if the behavior meets the definition of an off-campus behavior violation or directly affects the safety and welfare of the school community or the orderly mission and function of the school
- En route to the student’s home from school (Prior to imposing discipline regarding incidents occurring en route from school, school administration should consult with the Office of Student Discipline)
- School computers/devices issued to the student, computers/devices owned by APS, school technology resources wherever located including, but not limited to, all distance learning platforms, websites, and programs.

Investigation Of Misconduct:
When a Student Code of Conduct violation is reported or suspected, the principal or designee will determine whether the charge or complaint has a basis in fact and whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation may include, but is not limited to, an interview with the charged student(s), interviews with victim(s) and identified witnesses, if any, and interviews with others who might have relevant information. Written statements should be requested from all individuals who are interviewed. Video surveillance, if available and relevant, should be reviewed and secured. School police and other support staff may be utilized for their expertise as determined by the circumstances of the matter. If the local school administration is uncertain as to the interpretation of the Code of Conduct, they are to contact the Office of Student Discipline.

At an appropriate time during or after the investigation, the parent/guardian will be notified. However, if the incident involves an injury or similar situation, appropriate medical attention should be provided, and the parent/guardian should be notified immediately. The principal or their designee should also immediately inform parents/guardians when students are removed from the school setting by emergency medical or law enforcement personnel.

The determination of whether or not a student has violated the Student Code of Conduct will be made based solely on a preponderance of the evidence. In other words, it is more likely to be true than not true, based on the evidence, that the student did violate the rule. Once it has been determined that a rule(s) was violated, the administrator will follow the progressive discipline process. Repeated level 2 disciplinary violations and Level 3 violations may result in a student being referred to a disciplinary hearing.

Searches: In accordance with APS administrative regulation JCDAF-R(1), school officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought onto any APS campus, student book bags, school lockers, desks, and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents/guardians. Students are required to cooperate if asked to open book bags, lockers, or any vehicle brought on campus. A student’s refusal to cooperate with a search could result in a decision by the school administrator to involve the school resource officer or local law enforcement. Students who disrupt or refuse to cooperate with general or reasonable suspicion searches may be referred for disciplinary action. Alternative schools may use specialized searching procedures and criteria as allowed by law and as designated by the alternative school.

If a search yields illegal or unauthorized materials, such materials should be turned over in person to an APS Police Department school resource officer.

APS assumes no liability for the theft, loss, or damage of mobile telephones, PEDs, unauthorized materials/objects/contraband possessed by students on school property or held by school officials.
during the confiscation period. APS assumes no liability for the theft, loss or damage of items possessed by students on school property or held by school officials during the confiscation period. APS employees will not be responsible for searching for lost or stolen student property.

Progressive Discipline:
The school discipline process should include appropriate consideration of support processes to help students resolve issues that may be contributing to violations to the Student Code of Conduct. These resources may include, but are not limited to, Student Support Team, positive behavioral supports, restorative practices, counseling with school counselor, school social worker intervention, behavior, attendance and academic contracts and plans, peer mediation, and prevention programs.

The offenses have been organized into three levels of prohibited behaviors: Level 1 discipline (minor) offenses, Level 2 discipline (moderate) offenses, and Level 3 discipline (serious) offenses. Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.atlantapublicschools.us/titleix.

Level 1 offenses are generally MINOR OFFENSES and may represent a failure to demonstrate universally defined expectations or social skills. Following appropriate teacher intervention, students may be referred to an administrator.

Student Offenses:
A student shall not violate any of the following rules of APS. The disciplinary levels below correspond to the progressive discipline levels detailed above. However, in serious offenses, principals or designees working in conjunction with the Office of Student Discipline or an Associate Superintendent may use a higher level of progressive discipline. The Student Code of Conduct provides examples of offenses that may occur, but it is not intended to include all offenses for which disciplinary action may be taken, as it is not possible to identify every behavior which might result in disciplinary consequences.

Personal Communication/Electronic Devices:
All students may possess mobile telephones and other personal electronic devices (PEDs) with the expressed, written consent of their parents/guardians. The parent/legal guardian must complete the Parental Consent & Acknowledgement Form For a Mobile Telephone/Personal Electronic Device each school year and deliver it to the school principal or designee before the student is allowed to possess a device on school property.

Unless otherwise directed by school administration or school staff, the use of cellular telephones or other PEDs is forbidden for all students at all times during the instructional day. The instructional day includes, but is not limited to, lunch periods, class changes, study halls, and any other structured or unstructured instructional activity that occurs during the normal school day. Devices must be out of sight and turned off. This prohibition includes all emergency situations unless the student is directed to use a cellular telephone or PED by a school administrator or school staff or unless an extreme threat to the health or safety of a student arises and no school administrator or school staff member is present.

All staff members have the right to confiscate mobile phones and PEDs when used in violation of policy JCDAF and its implementing regulation. If a student refuses to relinquish a phone or other device to a school staff member, the staff member may refer the student with the device to the principal or designee. Atlanta Public Schools assumes no liability for the theft, loss, or damage of mobile telephones and other PEDs possessed by students on school property or held by school officials.
Students shall not use, display, or turn on cellular phones, or PEDs during instructional time, class change time, or breakfast/lunch. The principal shall determine specific times on campus if and when electronic devices may be used for instructional purposes. Additionally, if a student uses a mobile phone or other PED in the commission of any violation of the Rules contained herein, the device may be confiscated, and the student may lose the privilege of possessing a mobile phone or PED on school property for one calendar year. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve it.

Disciplinary actions for students whose parents/legal guardians have completed the Parental Consent & Acknowledgement Form are as follows:

- First violation: Verbal warning.
- Second violation: The device will be confiscated and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.
- Third violation: The device will be confiscated and will result in the student’s loss of the privilege of possessing a mobile telephone or PED on school property for one semester. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.
- Fourth (or more) violation: The phone will be confiscated, and the student will lose the privilege of possessing a cellular telephone or PED on school property for one calendar year. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.

Disciplinary actions for students whose parents/legal guardians have not completed the Parental Consent & Acknowledgement Form are as follows:

- First violation: The device will be confiscated, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item. The parent/legal guardian will be given the opportunity to complete the Parental Consent & Acknowledgment Form at the first conference. Should a parent/guardian choose not to complete the Parental Consent & Acknowledgement Form, further disciplinary actions against the student may be warranted for subsequent violations.
- Second violation: The phone or device will be confiscated and will result in the student’s loss of privilege of possessing a mobile telephone or PED on school property for one semester. Written notice will be mailed to the parent/guardian, and the cellular telephone or PED will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.
- Third violation: The phone will be confiscated, and the student will lose the privilege of possessing a cellular telephone or PED on school property for one calendar year. Written notice will be mailed to the parent/guardian, and the telephone or device will be returned only to the parent/legal guardian who must schedule a conference at the school to retrieve the item.

Chronic-Disciplinary-Problem Students:
A “chronic-disciplinary-problem student” is defined by law as a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around them and which are likely to recur. Any time a teacher or principal identifies a student as a chronic-disciplinary-problem student, the principal shall inform the parent/guardian of the student’s disciplinary problem. Notification should be by either first-class or certified mail (with return receipt requested) and a telephone call.

The principal should invite the parents/guardians to observe their child in a classroom situation. Also, the principal and at least one parent/guardian will meet to develop a disciplinary and behavioral correction plan.

Before such a student returns to school after suspension or expulsion, the principal/designee of that school and at least one parent/guardian will meet to develop a disciplinary and behavioral correction plan. At the discretion of the principal, a teacher, counselor, or other person may attend the conference. The principal will note the conference in the student’s permanent file. Failure of the parent/guardian to attend shall not preclude the student from being readmitted to the school.

Disciplined Students on Campus:
Students who are suspended or expelled are not allowed on school grounds to participate in regular school activities, extracurricular activities, athletic participation, and other school events. Students assigned to alternative school may not return to their home school or any other APS school to participate in school events without permission of the principal. Failure to adhere to this rule can result in the student receiving additional disciplinary charges and/or an increased disciplinary response.

Teacher Reporting
Teachers are required to file a report within one school day, with the principal or principal’s designee if they have a student that has exhibited behavior that repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in their class or with the ability of such student’s classmates to learn, where such behavior is in violation of the Student Code of Conduct. The principal or the principal’s designee will, within one school day after receiving such a report, send to the student’s parents/guardians a copy of the report and information regarding how the student’s parents/guardians may contact the principal or the principal’s designee. For additional information visit [https://codes.findlaw.com/ga/title-20-education/ga-code-sect-20-2-738.html](https://codes.findlaw.com/ga/title-20-education/ga-code-sect-20-2-738.html)

Removing Disruptive Students from the Classroom
The Superintendent and principals shall, and do, fully support the authority of every teacher in their school(s) to remove a disruptive student from their class pursuant to O.C.G.A. § 20-2-738. The principal or the principal’s designee will respond when a student is referred by a teacher by employing appropriate discipline management techniques that are consistent with District policy, procedure and guidelines.
**Teacher Removal Of Disruptive Student:**
When a student is removed from the regular classroom, a conference will be scheduled within three school days between the student’s parent/guardian, the teacher, and the student. During the conference the administrator will explain the grounds for the student’s removal from class and give the student the opportunity to explain their behavior. After the conference, the principal will notify the student and parents/guardians of the consequences of the Student Code of Conduct violation.

For a student with disabilities, including those with IEPs or 504 plans, the removal from class must be consistent with state and federal laws and regulations regarding students with disabilities. School staff should refer to additional processes maintained by the Office of Student Discipline for more information regarding implementation of the Removal Process.

NOTE: For the purpose of this policy, the term “repeatedly or substantially” shall be defined as a minimum of three incidents.

**Reporting To Law Enforcement:**
In addition to discipline of students by APS, student conduct may be reported to appropriate law enforcement authorities, including pursuant to O.C.G.A. 20-2-1184. Some Student Code of Conduct violations may also result in criminal charges. School disciplinary action will be independent of any criminal or juvenile court decisions. When it comes to the attention of APS that an offense has occurred which may constitute criminal behavior, the officials and employees of Atlanta Public Schools will cooperate with the police and other investigative agencies in providing and sharing information about the student to the degree that the official or the employee deems necessary and/or is governed by law. As required by the Georgia Legislature, APS encourages parents/guardians to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

**Discipline Of Students In Pre-K Through Third Grade:**
Pursuant to O.C.G.A. 20-2-742: Students in Pre-K through 3rd grade will not be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention. ‘Multi-tiered system of supports’ or ‘MTSS’ also may include a systemic, continuous-improvement framework in which data based problem-solving and decision making is practiced across all levels of the educational system for supporting students at multiple levels of intervention.

If such a student is receiving or has received a multi-tiered system of supports, the school has met these requirements. This requirement does not apply if:
- the student possessed a weapon/dangerous instrument (including Rule 5.25) or illegal drugs (including Rule 5.2); and/or
- the student’s behavior endangers the physical safety of other students or school personnel

In addition, if a student has an Individualized Education Program (IEP) or a Section 504 plan, prior to assigning the student out-of-school suspension for more than five consecutive or cumulative days during a school year, the school or program shall also convene an IEP or Section 504 meeting to review appropriate supports being provided as part of the IEP or Section 504 plan.

**Student Hearing Procedure:**
APS supports effective student discipline procedures to support student success and safety in the classroom and the school. For more information pertaining to student hearing procedures see Policy JCEB Student Hearing Procedure and Administrative Regulation JCEB-R(1) Student Hearing Procedure.

**Board Policy JGBB: Restorative Practices**
The Atlanta Public Schools Board of Education recognizes restorative practices as a shift from punitive and punishment-oriented student consequences to those that provide opportunities for all people affected by a student’s action to engage in dialogue and measures seeking to restore the classroom, school community, and interpersonal relationships. By implementing restorative practices, schools work to ensure that students are not suspended for subjective offenses and can spend more time in their classrooms, thereby leading to increased student achievement and graduation rates. Restorative practices provide proactive systems, emphasize reintegration, and promote positive classroom environments.

This Board recognizes that in K-12 public education, there is a correlation between higher suspension/expulsion rates and lower proficiency and graduation rates. The Board also acknowledges that student discipline practices are often disproportionately imposed upon certain student subgroups. Implementation of restorative practices should (1) work to reduce the influence of implicit and explicit biases in decisions around student suspensions and expulsions and (2) ensure that students do not face harsh disciplinary consequences for minor, often subjectively defined, offenses.

The safety and welfare of student riders depends on proper behavior and observance of the following rules and regulations. Students who violate the Student rules will be reported to the school principal or designee and their privilege of transportation may be denied. These rules apply to STUDENT ACTIVITY TRIPS as well as regular bus routes to and from school. Students are permitted to ride their assigned school bus only.

1. The DRIVER is in FULL charge of the bus and its passengers and has authority to enforce all the rules. Respect the authority of the driver by obeying promptly and courteously AND following instructions the first time that they are given.

2. BE ON TIME AT THE BUS STOP. The BUS WILL NOT WAIT for those who are tardy. DO NOT run after the bus if you are late. Drivers have been instructed NOT TO STOP for anyone running after a bus.

3. Wait for the bus to come to a COMPLETE halt before trying to board or depart. If you must CROSS THE ROAD, wait for the DRIVER TO SIGNAL you across with their hand when they have determined all traffic has stopped. ALWAYS cross at least ten (10) feet in front of the bus, whether boarding or departing.

4. Promptly board the bus in an orderly manner. After boarding the bus, sit down and remain seated until the bus reaches your stop. IF THE DRIVER ASSIGN SEATS, students will sit in the seats assigned to them.

5. NO fighting, pushing, tripping, kicking, etc.

6. Students are not allowed to use tobacco, drugs, alcohol, or to light matches or lighters on the bus.

7. Students should respect the property and privacy of others while at the bus stop and on the bus.

8. NO loud or boisterous speech, swearing, or shouting in the bus or out the windows. Rude and abusive language will not be tolerated.

9. DO NOT sit with more than the proper number in one seat.

10. DO NOT extend any part of your body out the bus windows.

11. DO NOT throw anything in or out of the bus window.

12. DO NOT eat or drink on the bus.

13. DO NOT bring sharp objects, alcohol, illegal drugs, tobacco, firearms, knives, explosive devices, firecrackers, or other dangerous materials aboard the bus. Such ITEMS WILL BE CONFISCATED and appropriate discipline will follow.

14. TREAT THE BUS WITH RESPECT. ANY DAMAGES TO THE BUS WILL BE PAID FOR BY THE STUDENT OR THEIR PARENTS/GUARDIANS.

15. Keep the aisle clear. Store personal items on your lap or under the seat.

16. Keep the bus clean. A waste container is provided at the front of the bus. Use this container when boarding or departing the bus only.

17. USE HANDRAILS when boarding or departing the bus.

18. Students should board and exit the bus at their assigned stop. Avoid crowding or pushing while boarding or exiting the bus.

19. DO NOT board or exit the bus from the rear emergency door, unless instructed to do so by the driver.

20. In the morning, students will be discharged ONLY at their regularly designated school stop. NO student will be allowed to get off at ANY OTHER PLACE.

21. Students transported to an athletic, academic, or co-curricular activity will return to the point of departure on the bus.

22. Never do anything that could distract the driver or other students.

23. Students should not play and chase other students or hang onto school buses.

24. Students should remain cautious at all times when traveling on or standing near school buses to avoid the possibility of being dragged under the wheels of the bus and seriously injured. Students should never crawl or reach under the wheels of the bus.

25. Enter or exit the bus stop area only when it is safe, cross roads at intersections or crosswalks only when it is safe, and look both ways while crossing. Always assume that cars will not stop for you.

Student Code of Conduct
&
Discipline Handbook

For Students, Parents, & Staff
August 2022

Dear Stakeholders:

The beginning of the 2022 - 2023 school year is upon us! We have many great accomplishments to celebrate from the previous school year. However, a new school year also presents us with many opportunities to improve the quality of our students’ experiences, as well as opportunities to forge ahead with our strategic plan.

School safety remains a top priority for us, and we take maintaining safe and secure learning environments extremely seriously. This year’s Student Code of Conduct and Discipline Handbook contains some vital information that will help your child understand the expectations of the Fulton County School district. Additionally, this document provides information that will aid students and parents with questions about various services and rights afforded to all student throughout Fulton County Schools.

We all need to work together to provide a safe and nurturing environment for our students. A safe climate is something we must all own and never take for granted. We are asking everyone to help monitor the security of our students and communicate with us concerns or challenges you or others are facing.

We encourage you and your child to take some time to familiarize yourselves with the content of this student handbook. Teachers will spend the first days of school reviewing portions of the handbook with their students. All students and parents are asked to acknowledge receipt of the handbook and to confirm that you’ve read it. Your child’s school will provide a link for you to complete this process.

It’s going to take us all working collectively to ensure the safety of everyone who enters our schools. We are looking forward to an exciting, worthwhile 2022-2023 school year!

Sincerely,

Mike Looney, Ed. D  
Superintendent

Student Discipline and Code of Conduct
Board of Education Policy JD

The Board of Education supports all students’ rights to learn. To do so, each student must be in a school climate that is satisfying and productive without disruptive behavior by any student infringing upon the rights of others.

Therefore, it is the policy of the Board of Education that each school within this school system shall implement the District’s age-appropriate student code of conduct which is designed to improve the student learning environment by improving student behavior and discipline. Schools may address discipline within student handbooks or similar publications, but these publications should be in compliance and consistent with the District student code of conduct. The student code of conduct will comply with state law and state board of education rules and will include the following:

1. Standards for student behavior designed to create the expectation that all students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other, school system employees and any other persons attending school functions, and to motivate students to obey student behavior policies adopted by this Board and to obey student behavior rules established at each school within this school system;

2. Student support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;

3. Progressive discipline processes are designed to create the expectation that the degree of discipline imposed will be in proportion to the severity of the behavior leading to the discipline and will take into account the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;

4. Parental involvement processes are designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors that detract from the learning environment.

The code of conduct should require disciplinary action for infractions of the code. Also, parents should be involved in developing and updating a code of conduct.

The student code of conduct should be distributed to each student at the beginning of the school year and upon enrollment of each new student. The parents/guardians will be requested to sign an acknowledgment of the receipt of the code of conduct and promptly return the acknowledgment to the school. The student code of conduct should be available in the school office and each classroom.
Teacher Reporting Information

A teacher has the authority, consistent with Board policy and applicable law, to manage his or her classroom, discipline students, and refer a student to the principal or designee to maintain discipline in the classroom.

Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of such student's classmates to learn should file a report of such behavior with the principal or designee. The principal and teacher should thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. 20-2-737-738.

Student behavior which violates state or federal laws as specified in O.C.G.A. 20-2-1184 will result in a report being filed with the police and district attorney.

The Superintendent and/or designee shall develop procedures and guidelines as necessary for implementation of this policy and law.

Reporting Inappropriate Behaviors

The District adheres to the requirements found in O.C.G.A. § 20-2-751.7 and the Professional Standards Commission’s state mandated process for students to follow reporting instances of alleged inappropriate sexual behavior by a school employee. Any student (or parent or friend of a student) who has been the victim of an act of abuse, sexual abuse, sexual misconduct, or other inappropriate behavior by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

Pursuant to O.C.G.A. § 19-7-5, if a student has allegedly been abused a report of such allegation will be made immediately as provided in, Operating Guidelines JGEB, DFCS Protocol.

Any report of behavior contemplated in O.C.G.A. § 20-2-1184 will be made to the appropriate superintendent level administrator, and school resource officer and the Office of Student Discipline. The Chief of the Fulton County Schools Police or designee will report the matter to the district attorney’s office.
Student Discipline and Code of Conduct

JD Operating Guideline

NOTE: Upon implementation of the Title IX revisions released on May 6, 2021, any discipline incident, or portion of a discipline incident, which involves a Title IX matter or incident will be subject to the Title IX Grievance Procedure as detailed at www.fultonschools.org/titleix.

In instances where there has been a report of sexual harassment pursuant to Title IX, see www.fultonschools.org/titleix for more information about supportive measures.

A well-disciplined school promotes the ideal of each student working toward self-management and controlling his or her own actions. At the same time, the school recognizes that adult intervention is both desirable and necessary.

Schools have the goal of helping each student to learn appropriate behavior as he or she develops into a mature member of society. Social, emotional and life skills help students develop into mature members of society by providing the following benefits:

- Promotes character development through the exploration of ethical issues
- Develops a positive and moral climate by engaging the participation of students, teachers, and staff, parents, and communities.
- Teaches students how to solve conflicts fairly, creating safer schools that are freer of intimidation, fear and violence and are more conducive to learning.

The following character traits are essential for students to be competitive locally, nationally, and internationally. These traits should be modeled and maintained by adults and students. This student code of conduct is developed to meet these purposes.

**Respect**
Showing high regard for self, others, and property.

**Responsibility**
Being accountable for individual behavior that is positive and contributes to a conducive learning environment

**Honesty**
Being truthful in word and action.
Caring  
Showing concern for the well-being of others.

Fairness  
Demonstrating impartial, unbiased, and equitable treatment for all.

Citizenship  
Being an informed, responsible, and caring participant in the community.

Courage  
Intentionally/deliberately doing the right thing in the face of difficulty regardless of who is around.

Perseverance  
Staying the course and not giving up while maintaining a positive attitude in completing tasks.

Many discipline problems can be minimized through prevention. Problem behavior should be handled quickly and decisively as teachers and administrators intervene and restore a supportive learning atmosphere. To maintain a positive school climate, the Board, the Superintendent, and/or their designees have established this code of conduct governing student behavior and discipline.

Compliance with these requirements is mandatory. Parents and students will annually receive a summary of these discipline guidelines outlining standards of conduct, means of reporting misconduct, and possible disciplinary sanctions.

Positive Behavioral Support  
A variety of resources are available at every school to help address behavioral problems. The school discipline process should include appropriate consideration of support processes to help students resolve such problems.

Schools should make reasonable efforts to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. Positive behavior supports and interventions should be implemented to improve the learning environment by improving student behavior and discipline. Behavior supports and interventions may include, but are not limited to, Student Support Team, counseling with school counselor, school social worker, school police officer, and other staff, behavior, attendance, and academic contracts or plans, peer mediation, FCS’ Drug & Alcohol Prevention Program, Choose 180 and Stopping Acts of Violence Through Education (SAVTE) Program.
Parents, guardians, teachers, administrators, and other staff are expected to work together to improve and enhance student behavior and academic performance and should freely communicate their concerns about and actions in response to student behavior that detracts from the learning environment.

In instances where there has been a report of sexual harassment pursuant to Title IX, see www.fultonschools.org/titleix for more information about supportive measures.

**Investigation**

When an administrator receives information of an alleged disciplinary rule violation, he/she should investigate to determine whether the charge or complaint has a basis in fact. Such investigation may include, but not necessarily be limited to, an interview with the charged student or students, interviews with witnesses, if any, and an examination of any relevant documents, including written statements from teachers, staff, and student witnesses. Based on the evidence available, the administrator will determine whether a disciplinary rule(s) was violated. If the local school administration is uncertain as to the interpretation of the Code of Conduct, they are to contact the District’s Office of Student Discipline.

Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.fultonschools.org/titleix.

**Searches**

School officials are authorized to conduct reasonable searches of students, staff, and visitors pursuant to applicable law. When reasonable suspicion exists, school officials may search students whom they believe have either violated particular laws or rules of the school. The scope of the search will be reasonably related to the purpose of the search and not excessively intrusive considering the age and gender of the student and the nature of the suspected infraction.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of student vehicles on school property. Students should not expect their vehicles or vehicle contents to remain private if exercising the privilege of parking on campus.

School computers and school technology resources, as defined below, are not private and are open to school review at any time.
Student lockers, desks, and all school and classroom storage areas are school property and remain, at all times, under the control of the school. These areas are not private. Periodic general inspections of these areas may be conducted by school authorities for any reason at any time without notice, and without student consent.

If a search yields illegal or unauthorized material, such materials should be turned over in person to the Chief of the Fulton County School Police or School Police Officer or proper legal authorities for ultimate disposition. See Operating Guideline FEE, Searches, for additional information.

**Disciplinary Consequences**

Once it has been determined that a rule(s) was violated, the Principal or designee will afford the student oral or written notice of the charges. If the student denies the charges, he/she shall be given an explanation of the evidence the school authorities have and an opportunity to present his/her side of the story.

The administrator will follow a progressive discipline process. The degree of discipline to be imposed by each school administrator will be in proportion to the severity of the behavior of the student and will take into account the student's discipline history, the age of the student, and other relevant factors. Disciplinary consequences may include local interventions, in-school suspension (ISS), short-term suspension, long-term suspension, expulsion, and/or a referral for a disciplinary hearing.

Disciplinary hearings may result in assignment to an alternative education program, long-term suspension, expulsion, or permanent expulsion from all Fulton County schools.

In addition to discipline, behaviors may also be reported to law enforcement at the District’s discretion and as required by law, including O.C.G.A. §§ 20-2-1184 and 19-7-5. Major offenses including, but not limited to, drug and weapon offenses, can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16.

**Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.fultonschools.org/titleix.**
**Suspensions/Expulsion**

Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in [www.fultonschools.org/titleix](http://www.fultonschools.org/titleix).

If a student is removed from regular class assignments for more than one-half of the school day, written notice of this assignment to in-school suspension must be sent to the parent. The student's parent/guardian should be notified of in-school suspension and out-of-school suspension (OSS) as soon as possible. This notification should be confirmed in writing no later than two school days after the suspension begins. This notification should contain the charges, a description of the alleged acts, and the number of days and dates of the suspension. The written notification should be delivered to the student's parent/guardian either in person or by first class mail to the last known address of the parent/guardian. If notification is delivered in person, a written confirmation of delivery should be obtained. Students under suspension or expulsion shall not participate in or attend school activities on or off campus or be present on any Fulton County school campus without permission.

If less than the number of suspended days remains in the complete grading period or regular school year, the suspension/expulsion will continue into the next regular school year or complete grading period.

Per the Fulton County Schools Parents Bill of Rights, a parent has the right to appropriately advocate for their child’s education. Even though there are generally no appeal rights guaranteed by law for students on short-term suspension (10 days OSS or less), the parent/guardian may call the Principal and/or Assistant principal to discuss their child's discipline. Also, per the Parents Bill of Rights, parents are expected to communicate appropriately and respectfully with administrators, teachers and school staff when advocating for their student’s education. Please find the FCS Bill of Rights here: [https://www.fultonschools.org/billofrights](https://www.fultonschools.org/billofrights)

If the school recommends OSS for more than 10 school days, or alternative school, a disciplinary hearing is required and will be offered. Schools may recommend and/or the Disciplinary Hearing Officer may determine that students attend the alternative school during their suspension/expulsion. Upon this recommendation or determination, students may attend alternative school pursuant to strict academic, attendance, and behavior requirements. If students fail to comply with the strict requirements, they may forfeit the opportunity to attend the alternative school during the remainder of their suspension/expulsion. The Director of the District’s Office of Student Discipline will determine whether the student has violated the strict requirements and whether the suspension/expulsion will be reinstated.

Suspension days for any student with an Individual Education Plan (IEP) or Section 504 Plan should conform to applicable legal requirements (including any legal limitations of cumulative suspension days). Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in [www.fultonschools.org/titleix](http://www.fultonschools.org/titleix).
Chronic Disciplinary Problem Student

A "chronic disciplinary problem student" is defined by law as a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. Any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall inform the parent or guardian of the student’s disciplinary problem. Notification should be by either first-class mail or certified mail with return receipt requested and telephone call.

The principal should invite the parent or guardian to observe the student in a classroom situation. The principal should also request that at least one (1) parent or guardian attend a conference with the principal and/or teacher. The purpose of the conference would be to devise a disciplinary and behavioral correction plan.

Before any chronic disciplinary problem student is permitted to return from suspension or expulsion, the school to which the student is to be readmitted should request by telephone call or by either certified mail with return receipt requested or first-class mail that at least one (1) parent or guardian schedule and attend a conference with the principal, or principal’s designee, to devise a disciplinary and behavioral correction plan. At the discretion of the principal, a teacher, counselor, or other person may attend the conference. The principal will note the conference in the student's permanent file. Failure of the parent or guardian to attend shall not preclude the student from being readmitted to the school. The District may, by petition to the juvenile court, proceed against a parent or guardian of a chronic disciplinary problem student if District personnel believe the parent or guardian has willfully and unreasonably failed to attend a conference requested by a principal.

Teacher Classroom Management

The Fulton County Board of Education is committed to its stakeholders and strongly believes that their voice matters. Students, teachers, and parents across the district created a student, teacher, and parent/guardian Bill of Rights. These documents are intended to support an environment of reciprocal accountability, and outline tenets for each of the groups.

Bill of Rights are attached and can be found here: https://www.fultonschools.org/billofrights

Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.fultonschools.org/titleix.

Teachers have the authority, consistent with District policy, procedures, and guidelines to manage the classroom, discipline students, and refer a student to the principal or the principal's designee to maintain
discipline in the classroom. The principal or the principal's designee will respond when a student is referred by a teacher by employing appropriate discipline management techniques that are consistent with District policy, procedure, and guidelines.

a. Teacher Reporting

Teachers are required to file a report with the principal or principal's designee if he or she has a student that has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the student code of conduct. This report will be filed within one school day of the most recent occurrence of such behavior, will not exceed one page, and will describe the behavior. The principal or the principal's designee will, within one school day after receiving such a report from a teacher, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the principal or the principal's designee.

If student support services are utilized or if disciplinary action is taken in response to such a report by the principal or the principal's designee, the principal or the principal's designee will send written notification to the teacher and the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day after the utilization or action and will make a reasonable attempt to confirm that such written notification has been received by the student's parents or guardians. Such written notification will include information regarding how the student's parents or guardians may contact the principal or the principal's designee.

b. Teacher Removal

Teachers have the authority to remove from the class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report pursuant to the Teacher Reporting section of this Code, or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. Principals will implement the District's removal process and will fully support the authority of every teacher in his or her school to remove a student from the classroom pursuant to Georgia law. Each school will establish one or more placement review committees, each of which is to be composed of three members, to determine the placement of a student when a teacher withholds his or her consent to the return of a student to the teacher's class. For each committee established, the faculty will choose two teachers to serve as members and one teacher to serve as an alternate member and the principal will choose one member of the professional staff of the school to serve as a member. The teacher withholding consent to readmit the student may not serve on the committee. The placement review
committee will have the authority to return the student to the teacher's class upon determining that such placement is the best alternative or the only available alternative; or refer the student to the principal or the principal's designee for appropriate action consistent with the removal process. The District will provide training for members of placement review committees regarding the provisions of this process, including procedural requirements; policies, procedures and guidelines relating to student discipline; and the student code of conduct that is applicable to the school.

For a student with disabilities, including those with IEPs or 504 plans, the removal from class must be consistent with state and federal laws and regulations regarding students with disabilities. The Superintendent fully supports the authority of principals and teachers in the Fulton County School District to remove a student from the classroom pursuant to O.C.G.A. § 20-2-738.

School staff should refer to additional processes maintained by the Office of Student Discipline for more information regarding the implementation of the Removal Process.

c. Attendance

Regular attendance in school is important for a student to make adequate academic progress. When a child is absent, parents, guardians, or other persons who have control of a child enrolled in the school district should follow Policy JBD, Absences and excuses and Policy JB, Attendance, as well as the local school rules to report reasons for absences. Georgia compulsory attendance law requires that after any student accrues five days of unexcused absences in a given school year, the person, guardian, or other people who has control or charge of said child shall be in violation of O.C.G.A. § 20-2-690.1(b) and the child will be considered truant. The law also places notice requirements on Georgia school systems. The law provides for the penalties and notice as discussed below:

*Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine not less than $25.00 and not greater than $100.00, or imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction.*

*Each day’s absence from school in violation of this part after the child’s District notifies the parent, guardian, or other person who has control or charge of a child of five (5) unexcused days of absence for a child shall constitute a separate offense. After two (2) reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five (5) unexcused days of absence without response, the District shall send a notice to such parent, guardian, or other person by certified mail, return*
receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in the public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, or other persons having control or charge of children. By September 1 of each school year or within 30 days of the student’s enrollment in a District, the parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are ten (10) years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties.

After two (2) reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, or first-class mail, to such parent, guardian, or other person who has control or charge of a child, or children. Public schools shall retain signed copies of statements through the end of the year.

As stated in O.C.G.A. § 20-2-690.1(c), the District is entitled to file proceedings in court to enforce attendance requirements. A truant student may also face disposition as an unruly child pursuant to O.C.G.A. § 15-11-67.

**Clubs and Organizations**

"Clubs and organizations" mean clubs and organizations comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. This term shall include any activities reasonably related to such clubs and organizations but shall not include competitive interscholastic activities or events. "Competitive interscholastic activity" means functions held under the auspices or sponsorship of a school that involves its students in competition between individuals or groups representing two or more schools. This term shall include cheerleading, band, and chorus.

All terms of the Code of Conduct apply to all school-sponsored activities, including Clubs and Sports.
Part I: Disciplinary Rules

The following code provisions apply to student behavior AT ANY TIME while on school property, engaging in or attending a school-sponsored event, at all times during distance learning activities/lessons, while using school technology resources or, in some cases, off-campus (see Rule IV.21a and Rule III.6). The decision to charge a student for violation of this Code of Conduct shall be made by the administration of the local school. If the local school administration is uncertain as to the interpretation of the Code of Conduct, they are to contact the District’s Office of Student Discipline.

This includes a student forcing another person to make physical contact with the student’s intimate body parts, such as having another student perform sex acts. No student shall commit any act of sexual molestation or the attempts thereof on school property, school buses, or at school-sponsored events.

| 20a.II | Bus Interference | All code of conduct rules applies on school provided transportation and at school bus stops. Students may not violate any direction of the school bus driver.

Students may not disrupt the environment of the bus or bus stop in any manner, including but not limited to loud or boisterous behavior; failure to remain silent at railroad crossings; using emergency exits improperly; riding an unauthorized bus; disembarking at an unauthorized stop; throwing objects in the bus, or into or out of the bus; extending body parts or objects outside of the bus; drinking/eating/chewing gum; interference with District recording equipment; [failure to wear seatbelts where fitted on buses, or unbuckling of seatbelts before reaching the destination,] and failure to remain seated.

These items include but are not limited to cell phones; pagers; audible radios; tape or compact disc players without headphones; mirrors; lasers, or flash cameras. (Consequences may include confiscation of device.) Cell phone use will not be allowed during the operation of the bus because it interferes with operational technology. However, cell phones may be used with the special permission of the principal, supervising teacher, or bus driver while the student is on the bus waiting to depart the starting location or when the bus returns to its final destination after athletic events, fields trips, or another special situation deemed appropriate by the principal, supervising teacher, or bus driver. **Part II: Disciplinary Hearing Process**

a. NOTE: Upon implementation of the Title IX revisions released on May 6, 2021, any discipline incident, or portion of a discipline incident, which involves a Title IX matter or incident will be subject to the Title IX Grievance Procedure as detailed at [www.fultonschools.org/titleix](http://www.fultonschools.org/titleix).

**Discipline Team Meeting (DTM)**

When a Principal recommends a long-term out of school suspension/expulsion, and the disciplinary hearing may potentially be waived, a Discipline Team Meeting (DTM), which consists of the principal/designee, the student behavioral specialist, and/or another representative from the District’s Office of Student Discipline, and the parent/guardian, will be offered to the parent/guardian within 5 school days of the first day of suspension. The student may be invited where practicable. The principal/designee will notify the office of the Student Behavior Specialist, or Superintendent’s designee, as soon as practicable after the investigation of the occurrence. The principal/designee should furnish the following documents to the Student Behavior Specialist or Superintendent’s designee, before or at the time of the Discipline Team Meeting: witness/student statements; a current copy of the student’s permanent record; a copy of the student’s test record card; current status of the student’s academic and conduct grades in all classes (progress reports); days present and absent (excused and unexcused absences); number of tardies and class cuts; detention assignments with reasons; anecdotal report citing discipline, attendance and academic records, and interventions offered at the local school including SST referral, counseling sessions, and parent/guardian conferences with dates, reasons, and results; copy of police report; special education, Section 504 or SST status (active enrollment or referral for any of these programs); SST reports; copy of the currently approved suspension letter that includes the school administrations’ recommendation for consequences, and any other information or evidence relevant to the incident.

The purpose of this meeting is for the team to discuss the investigation completed by the school, the discipline procedures afforded, and any information provided by the student and/or the parent/guardian. As this is a parent conference, the student’s or parent’s legal counsel may not attend. The student behavioral specialist and/or another representative from the District’s Office of Student Discipline may set a reasonable time limit for the DTM and may end the DTM if it is evident that resolution is not imminent. If the parent/guardian and school can reach an agreement about the disciplinary outcome and the parent/guardian waives the hearing in writing, then the hearing will be canceled. If the parent/guardian disagrees with the disciplinary outcome and the result of the DTM, or the parent/guardian does not attend the DTM, then the hearing will proceed as scheduled.

Discipline Team Meetings can be conducted using various modes of communication. If the DTM does not occur or does not occur as discussed in this Code, the hearing will proceed as scheduled.

b. **Disciplinary Hearing**

Hearings will be held as noted in this procedure and/or as required by applicable authority. Any recommendation of long-term suspension/expulsion/alternative school will result in a hearing being scheduled for a student. The hearing should be held within ten (10) school days after the first day of suspension.

Any confiscated drugs, weapons, or other criminal evidence should be transferred to the Chief of the Fulton County School Police for use during a disciplinary hearing and/or criminal case.

**Group Hearing:** When students are charged with violating the same rule(s) and have acted in concert, and the facts are basically the same for all students, a group hearing may be conducted for them if the Director of the District’s Office of Student Discipline believes that the following conditions exist:

- A single hearing will not likely result in confusion and
No student will have his/her interests substantially prejudiced by a group hearing.

Any student who objects to participation in a group hearing should notify the District’s Office of Student Discipline in writing no less than 48 hours before the hearing.

If during the disciplinary hearing, the hearing officer finds that a student’s interests will be substantially prejudiced by the group hearing, he/she may order a separate hearing for that student.

**Written Notice of Hearing:** When long-term suspension/expulsion and/or alternative school is recommended by the school, a disciplinary hearing is required. The school or District shall provide written notice of the relevant procedures to the student’s parent/guardian/student aged 18 or older. The notification shall include the following:

1. A brief statement of the act(s) student is alleged to have committed, along with the portion of the Code of Conduct allegedly violated.

2. The maximum penalty which may be administered for the alleged misconduct, and a recommendation for discipline.

3. A copy of this document.

4. The date, time, and place of the hearing.

5. The names of witnesses expected to be called at the hearing and a short summary of evidence that may be presented.

6. A statement that a hearing is required unless the parent/guardian/student 18 years old or older waives the hearing.

7. A statement that at the hearing the student is entitled to be represented by an advocate (spokesperson) of his/her choice, including an attorney if so desired; and that the student may subpoena witnesses and utilize other compulsory process upon request.

8. A statement that all parties are afforded an opportunity to present and respond to evidence and to examine and cross-examine witnesses.

**Delivery of Notification:** The notice of hearing shall be delivered to the student and his/her parent/guardian either in person, by priority mail, certified mail return receipt requested, and/or delivery confirmation, in conjunction with electronic mail where available and deemed appropriate by the district, to the last known address of the parent or guardian. If notice is delivered in person, a written confirmation of delivery should be obtained by the person delivering the notice to the parent/guardian. Service shall be deemed to be perfected when the notice is deposited in the United States mail with enough postage addressed to the last known address of the parent/guardian.

**Continuance:** If good and sufficient cause exists, the District’s Office of Student Discipline may reschedule a hearing. Upon rescheduling, written notice of the rescheduled date and time of the hearing will be sent to the student’s parent/guardian/representative/attorney/ student aged 18 or older either in person, by priority mail, certified mail return receipt requested, and/or delivery confirmation, in conjunction with electronic mail where available and deemed appropriate by the District.

The student’s parent/guardian/representative/attorney/student aged 18 or older may request a continuance of the hearing from the District’s Office of Student Discipline. Continuances should be requested no later than 24 hours in advance of the scheduled hearing date and time. Extenuating circumstances should be presented to the District’s Office of Student Discipline for approval. If a continuance is requested or caused by the
parent/guardian/student aged 18 or older/student's representative, the student will continue to serve his/her recommended school level discipline (ISS or OSS) during the time of the continuance and until the hearing is conducted and the Hearing Officer has rendered a decision.

**Waiver of Hearing:** If the student’s parent/guardian/representative/attorney/student aged 18 or older waives the hearing, they may do so by requesting a waiver from the District/school prior to the notified date and time of the hearing. If no waiver request is received, or if the hearing may not be waived by the student’s parent/guardian/representative/attorney/student aged 18 or older, the hearing will be held as scheduled, whether the student/parent/guardian/representative/attorney chooses to participate.

**Record of Proceedings:**

a. A verbatim record of the hearing shall be made and shall be available to all parties upon request. The cost of recording shall be borne by the District. Parents/guardians/student's legal counsel may request a copy of the recording.

b. A written transcript will be prepared by the District if the Board so requests; or if the decision the Board is appealed to the State Board of Education. If a written transcript is not prepared by the District, the parent/guardian/student may obtain a written transcript at their own expense.

**Burden of Proof:** The burden of proof is a preponderance of the evidence (more likely than not) and shall be on the school.

**Legal Representation/Involvement of an Attorney at the Disciplinary Hearing:** If the student is represented by an attorney, the Board attorney may be present. The Board attorney shall advise the Hearing Officer, as necessary. The student/parent/guardian must notify the District’s Office of Student Discipline not less than 48 hours prior to the hearing if the student may be represented by an attorney. Failure to give such notice can result in the hearing being continued so the Board's attorney may be present.

**Presentation of Evidence:** The evidence for the school and student/student representative (if present) shall be presented to the Hearing Officer. The administrator representing the school, the Board attorney, the student's representative, the Hearing Officer, and the Hearing Facilitator are entitled to question witnesses about any matters which are relevant to the charges against the student or the appropriate discipline. The Hearing Officer or Hearing Facilitator has the authority to limit unproductively long or irrelevant questioning.

**Procedural Objections:** Objection to the sufficiency of the notice and/or other procedural objections shall be waived unless written notice thereof is filed with the District’s Office of Student Discipline no less than 24 hours prior to the time the hearing is scheduled to begin. The hearing may be postponed until such defects have been removed or remedied.

**Hearing Officers and Hearing Facilitators:** Disciplinary Hearings may be conducted by a Student Discipline Hearing Officer or Hearing Facilitator (which may include the director of the District office that is responsible for student discipline or designee).

Notwithstanding any language in this Code of Conduct, Hearing Officers and Hearing Facilitators will possess minimum qualifications as set by the State Board of Education and will receive initial training and ongoing continuing education as required by the State Board of Education.

The Hearing Officer will serve as the presiding officer and may rule on issues of procedure and admissibility of evidence presented during the hearing if no Hearing Facilitator is present. A Hearing Facilitator, if present, may
serve as the presiding officer and may rule on issues of procedure and admissibility of evidence presented during the hearing.

The Disciplinary Hearing Officer after conducting the hearing and receiving all evidence, shall render a decision based solely on the evidence received at the hearing and shall determine what, if any, disciplinary action shall be taken. Such action may include, but is not limited to, assignment to alternative school, short-term suspension, long-term suspension, expulsion, or permanent expulsion.

**Appeals:** Any party may appeal the hearing decision to the Board by filing a written notice of appeal within twenty (20) calendar days of the date of decision. The appeal should be addressed to the attention of the Superintendent and delivered to the District’s Office of Student Discipline. Appeals via email alone may be accepted but appealing parties must confirm receipt with the District’s Office of Student Discipline within the 20-calendar day appeal timeline. Appeals by administration must be approved by the Superintendent. The Superintendent shall have the authority to suspend the decision of the disciplinary hearing officer, during the period of appeal to the Board. Upon the appeal of a decision of the disciplinary hearing officer to the Board, the Board will render its decision within 10 days, excluding weekends and public and legal holidays, from the date the Board receives notice of the appeal, unless all parties agree to a different date. The decision shall be in writing and a copy shall be provided to the student/parent/guardian, the Principal, and Superintendent.

The Board will discuss the appeal in Executive Session. The parties shall have the right to be represented by legal counsel during the appeal. The Board's review will be based solely on the record and written arguments submitted by the student and the District’s Office of Student Discipline if briefs are submitted. The Board shall not hear any oral arguments as part of any appeal, nor shall it consider any evidence that was not presented at the disciplinary hearing. The Board may take any action it deems appropriate. Any party may appeal the Board's decision to the State Board of Education pursuant to O.C.G.A. § 20-2-1160 (b) through (f) and regulations of the Georgia Board of Education governing such appeals. If an appeal to the State Board is requested, a written transcript of the disciplinary hearing will be prepared and submitted to the State Board. The decision of the Board will not be suspended during the State Board appeal period.

**STUDENTS WITH DISABILITIES**

Nothing in this Code of Conduct shall be construed to infringe on any right provided to students pursuant to the federal Individuals with Disabilities Education Act, Section 504 of the Federal Rehabilitation Act of 1973, or the federal Americans with Disabilities Act of 1990.

An IEP or Section 504 committee shall be convened to determine if the behavior of a student receiving special education services or who has been identified as a student with a disability under the Individuals with Disabilities Act (IDEA) or Section 504 of the Rehabilitation Act, is a manifestation of his/her disability.

Any student who is receiving special education services or has been identified as a student with a disability under the Individuals with Disabilities Act (IDEA) or Section 504 of the Rehabilitation Act, and whose acts are determined by the disciplinary hearing officer to have violated any of the rules, regulations, or laws as alleged, shall be referred to an IEP or Section 504 committee as appropriate.

If the IEP or Section 504 committee determines that the student’s conduct is a manifestation of the student’s disability, the discipline ordered by the disciplinary hearing officer will not be carried out, or the disciplinary hearing may be rescinded altogether.

If the IEP committee determines that the student’s conduct is not a manifestation of the student’s disability, the IEP Committee shall determine what services the student shall receive during the student’s discipline as determined by the disciplinary hearing officer. If the Section 504 committee determines that the student’s conduct is not a
manifestation of the student’s disability, the student’s 504 Plan will be implemented at the new location of educational services if the Disciplinary Hearing Officer recommends alternative school placement. The IEP or Section 504 committee shall also have the authority to consider, recommend and implement any changes in the student’s IEP or 504 Plan or educational placement. Nothing in this rule shall alter or adversely affect the rights of students with disabilities under applicable federal and state laws.

Behaviors that implicate Title IX regulations (as implemented) will be managed as discussed in www.fultonschools.org/titleix.

Part III: Tiered Offenses and Disciplinary Responses:

Tiered Offenses:

The responsibility cycle included in the code of conduct handbook covers discipline for some more commonly known infractions of the student behavior code. However, parents and school administrators should refer to the remainder of the student code of conduct for more information about specific offenses and should contact the system office of student discipline with questions or concerns.

This cycle cannot anticipate all possible misbehaviors. Typical Infractions of student behavior are tiered, and school administrators should consider the tier’s range of discipline when making discipline decisions. Unique, serious, or multiple offenses may result in more severe consequences. If a student’s behavior is a violation of more than one rule, the student may face more severe or “stacked” discipline to reflect these multiple offenses.
**Positive behavior support and discipline management techniques:**
Where appropriate, Schools should implement positive behavioral supports, as discussed in this code of conduct, and supportive discipline management techniques designed to improve the learning environment by improving student behavior and discipline. This may include the following and is not limited to:

- Classroom Interventions (assigned seats, etc.)
- Replacement or Payment for any Damaged Property
- Reflective Essay or other Reflective Activity
- Written Apology
- Role-Playing/Teaching of Expectations and Skills
- Participation in a School-Service Project
- Confiscation of Devices
- Conference w/Student, Caregiver(s), & Staff in Attendance
- Mediation
- Conference with School Police Officer
- Saturday School
- Before or After School Detention
- Restorative Practices
- Administration Change of Class Schedule

The Board of Education believes that all students should be able to enjoy an educational environment free from all forms of gender discrimination, including sexual harassment. Sexual harassment undermines the integrity of the educational environment. It is a form of sex discrimination prohibited by Title IX. The District is committed to upholding these laws and takes discriminatory behaviors seriously. Therefore, Board policy prohibits even acts of sexual harassment that may not rise to the level of a violation of federal law.

CIVIL RIGHTS CONCERNS:

**A NOTE FOR PARENTS REGARDING TECHNOLOGY USE**

**Cell Phone/Smart Phone Use**

Please review the cell phone use policy contained in Rule I.18e and Rule II.20a of the Student Code
of Conduct, Operating Guideline JD. While cell phones can be an important communication and safety device for families, their use during the school day may be prohibited and can be quite disruptive.

Cell phones/smart phones containing evidence of potential criminal activity, including types of pornography, may be permanently confiscated, and provided to law enforcement. Students who use cell phones or visual recording devices to participate in inappropriate behavior or film inappropriate activity at school or to violate someone’s privacy may also be charged with a violation of the Student Code of Conduct. (See, e.g., Rule II.1b, III.18d, III.18h and II.22a) Behaviors that could result in disciplinary action include but are not limited to: sending or showing an inappropriate picture/video to another (other than a staff member); sending or showing a picture/video of a student's misconduct to another (other than a staff member); or knowingly viewing an inappropriate picture/video on another's device. Students charged with violating the Student Code of Conduct, may have the device confiscated by the school administrator or designee. The school is not responsible for electronic devices on school property or at school sponsored events.

Harassment and Inappropriate Technology Use
Parents should have a serious conversation with their students about the harmful effects of sending out inappropriate videos, pictures, or information, or using technology to harass or threaten someone. Students should also be told about the serious emotional, educational, and criminal impacts that harassing, bullying, or threatening another, or sending or viewing sexually explicit information, may have. Georgia law and the Student Code of Conduct permit serious penalties for students who engage in these behaviors. For instance, these behaviors can result in expulsion, criminal charges for terroristic threats or child pornography.

Social Networking Web Sites
Social networking websites and applications such as Twitter, Instagram, Tik Tok, Snapchat or Facebook, can become a hurtful or dangerous place for students if left unsupervised.

Students are sharing information or acting upon negative information that they have posted or read. This creates disruptions to student relationships and the learning environment. Please talk with your child about the importance of never posting or sharing something mean, hurtful, profane, or obscene online or through other technology.

Recommendations
Open communication and being able to access and review the content of your child’s social media accounts, internet use, and cell phone use is a step in the right direction for student safety. Remember that students sometimes share personal information that jeopardizes their safety such as: suggestive photos, substance use, weapons, personal cell numbers, personal diary or blog, or current location

Online predators may use this information to search for potential victims. These predators may also pose as teenagers or young adults in order to establish relationships with young people.

Your support in keeping our students safe is greatly appreciated! Please contact your school administration with any questions or concerns.

District Issued Device Fines
If your school issues devices (tablets, laptops, computers accessories) to students, fines will apply for lost, stolen, damaged, or destroyed items.
Failure to Return a Device or Accessories:
A student who fails to return a device or any accessories or peripherals will be responsible for the full replacement cost of the item that was not returned.

Please note that, while you may purchase insurance for your device or your homeowner's insurance may cover the device, the District will not be responsible for communicating with your insurance provider.

You remain solely responsible for paying fees directly to the District.

POLICY IFBGA – RESPONSIBLE USE OF ENTERPRISE NETWORK

The Fulton County District’s Responsible Use Policy is designed to prevent unauthorized access and other unlawful activities by staff and students, to prevent unauthorized disclosures of or access to sensitive information, and to comply with the Children’s Internet Protection Act (CIPA) of 2000, and the Family Education Rights and Privacy Act (FERPA) of 1974 while using the district’s Enterprise Network.

The District maintains an Enterprise Network (EN) that includes all District-provided electronic devices, software, data, communications services, storage media, and access to internal and external networks (Internet). Access to the EN is the property of the District and shall be used solely in support of the District’s instructional and administrative programs. Use of this property is a privilege that may be discontinued at any time. The existing EN is exclusively intended for employees, students, and guests using FCS-IT approved EN resources.

All use of the EN should be consistent with the District’s goal to promote educational excellence. The EN should be used only in a responsible, ethical, and lawful manner in ways that contribute to communication, collaboration, creativity, and critical thinking. Any unauthorized use of the EN or any failure to comply with the local and District-wide provisions relating to use of the EN will be grounds for disciplinary and/or legal action.

Principals, department heads, and technology personnel shall be responsible for monitoring all use of the EN at their facilities. Student access to the EN shall be under the supervision of a teacher or other appropriate staff member. There is currently no charge for access to the EN when used in accordance with Board policy and procedures.

Internet Safety:

a. The Superintendent shall, with respect to any computers, portable, mobile, or other electronic devices belonging to the District and having access to the Internet:

1. Ensure that a qualifying "technology protection measure," as that term is defined in section 1703(b)(1) of the Children's Internet Protection Act of 2000, is installed and in continuous operation; and

2. Institute, maintain and enforce procedures or guidelines which provide for monitoring the online activities of users and the use of the chosen technology protection measure to prevent access to visual depictions that are (i) obscene, (ii) child pornography, or (iii) "harmful to minors," as that term is defined in section 1721(c) of the Children's Internet Protection Act of 2000.

3. Ensure that measures are in place to support order FCC 11-125 which requires that a
school’s Internet safety policy provide for the education of minors about appropriate online behavior, including interacting with other individuals on social networking websites, blogs, wikis, discussion boards, and in chat rooms and cyber bullying awareness and response.

b. The Superintendent shall, with respect to access to the Internet by or through computers, portable, mobile, or other electronic devices belonging to the District, institute, maintain, and enforce procedures or guidelines which:

1. Provide for monitoring a school’s Internet safety policy to ensure it provides for the education of minors about appropriate online behavior, including interacting with other individuals on social networking websites, blogs, wikis, discussion boards, and in chat rooms and cyberbullying awareness and response.

2. Record all users’ online activities and to access, review, copy, store, or delete any electronic communication or files and disclose this information as deemed necessary. Users should have no expectation of privacy regarding their use of District property, networks, and/or Internet access or files, including email. Students/staff using unapproved Virtual Private Network (VPN) filters to bypass FCS content filters, while using enterprise network, will be subject to disciplinary action.

3. Are designed to promote the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications

4. Are designed to prevent unauthorized access, including so-called "hacking," impersonations, service disruptions, and/or any other unauthorized activities by minors online

5. Are designed to prevent the unauthorized disclosure, use, and dissemination of personal identification information regarding minors

6. Are designed to restrict minors' access to materials "harmful to minors," as that term is defined in section 1721(c) of the Children's Internet Protection Act of 2000.

While this Act specifically references minors, the protections listed above should apply to all users of the School District’s network.

Responsible Use Agreements for use of Fulton County Schools Enterprise Networks and Computers Regardless of the access provided, all users of the District’s enterprise network, computers, portable, mobile, and/or other electronic devices must complete Responsible Use Agreement and the annual Security Awareness Training, prior to use of the District’s electronic networks, computers, portable, mobile, and/or other electronic devices each school year. This includes, but is not limited to teachers, administrators, paraprofessionals, clerical staff, maintenance, and facilities staff, technology staff, vendors, students, parents, and volunteers.

**Operating Guideline IFBGA**

Computer, Internet, E-Mail, and Enterprise Networks

I. **Responsible Use Agreement for Employees, Contractors, Volunteers, and Students.**

The following document outlines guidelines for the use of computing systems and facilities
located at or operated by the District. The definition of District information and data resources will include any computer, server, network, portable, mobile, cloud resources, or other electronic device provided by the District, or access provided or supported by the District, including the Internet. Use of the computer facilities includes the use of data/programs stored on District computing systems, data/programs stored on magnetic tape, CD-ROMs, DVD-ROMs, computer peripherals, or other digital storage media, that is owned and maintained by the District. The "user" of the system is the person requesting an account (or accounts) in order to perform work in support of the District programs or a project authorized for the District. The purpose of these guidelines is to ensure that all District technology users share the District technology resources in an effective, efficient, ethical, and lawful manner. Employees who violate the Responsible Use Agreement could be subject to disciplinary action, up to and including termination. Students who violate the Responsible Use Agreement could be subject to any appropriate disciplinary action.

II. Accessing the Enterprise Network and Instructional Resources

The Board recognizes that the District Enterprise Networks (EN) provide access to a wide variety of instructional resources in an effort to enhance educational opportunities. Use of Enterprise resources must be in support of, and consistent with the vision, mission, and goals established by the Fulton County Board of Education and for the purpose of instructional support or administrative functions. All users of the district enterprise network and/or other informational services must maintain strict compliance with all applicable ethical and legal rules and regulations regarding access.

The District encourages the use of the Internet, hardware, and software tools to support teaching and learning. It is the responsibility of each teacher to verify that the resources he/she chooses, outside of the FCS Marketplace, are curriculum related and aligned with the mission and vision of the District.

See Board Policy IJND: Video Usage

III. Harmful and Offensive Material

The District recognizes its inability to control all information available via the Internet due to the world-wide access to the Internet that exists. Some of the information that can be accessed via the Internet may be inaccurate, defamatory, obscene, profane, sexually explicit, threatening, racially offensive, or otherwise objectionable. The District strongly encourages parents to discuss the appropriate access of information and materials with their students. Students who violate the Student Code of Conduct in relation to access and/or distribution of harmful or offensive materials may be subject to disciplinary action.

The Children’s Internet Protection Act and Family Education Rights and Privacy Act

The Fulton County Board of Education supports and complies with requirements outlined in the Children’s Internet Protection Act and the Family Education Rights and Privacy Act

IV. Children’s Internet Protection Act and Family Education Rights and Privacy Act

In compliance with the Children’s Internet Protection Act (CIPA), the Fulton County School District is required to adopt and implement an Internet safety policy addressing: (a) access by minors to inappropriate matter on the Internet; (b) the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c)
unauthorized access, including “hacking,” and other unlawful activities by minors online; (d) unauthorized disclosure, use, and dissemination of personal information regarding minors; and (e) measures restricting minors’ access to materials harmful to them.

This Responsible Use Agreement, with Policy IFBGA and other District policies, procedures, and operating guidelines, complies and will continue to comply with CIPA as outlined below. References to this Responsible Use Agreement and other District policies, procedures, and operating guidelines are merely illustrative and not exhaustive.

1. In accordance with Children’s Internet Protection Act (“CIPA”), the Fulton County School District blocks or filters content over the Internet that the Fulton County School District considers inappropriate for minors via a technology protection measure. This includes pornography, obscene material, and other material that may be harmful to minors. The Fulton County School District may also block, or filter other content deemed to be inappropriate, lacking educational or work-related content or that pose a threat to the network. The Fulton County School District may, in its discretion, disable such filtering for certain adult users for bona-fide research or other lawful educational or business purposes. [See, e.g., Section V. Content Filtering; Section XII. Monitoring the Enterprise Network, E-mail, and Internet Usage].

2. The Fulton County School District educates students and minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. [See, e.g., Policy JD Student Discipline/Code of Conduct; Operating Guideline JD Student Discipline/Code of Conduct; Section X. Use of the Internet and Electronic Mail (E-Mail)].

3. Users, including minors, may not access inappropriate material in violation of the District's policies, procedures, or guidelines. [See, e.g., Policy JD Student Discipline/Code of Conduct; Operating Guideline JD Student Discipline/Code of Conduct; Section X. Use of the Internet and Electronic Mail (E-Mail)].

4. The District will work to protect the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications. [See, e.g., Section VIII. Public Posting Areas; Section IX. Real-time Interactive Communications Areas; Section X. Use of the Internet and Electronic Mail (E-Mail); Section XII. Monitoring the Enterprise Network, E-mail, and Internet Usage].

5. The District will work to prevent the unauthorized access, including "hacking" and other unlawful activities by minors online. [See, e.g., Policy JD Student Discipline/Code of Conduct; Operating Guideline JD Student Discipline/Code of Conduct; Section VII. Copyright Considerations; Section X. Use of the Internet and Electronic Mail (E-Mail); Section XV. Vandalism].

6. The District will work to prevent the unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors. The Family Educational Rights and Privacy Act (“FERPA”) is a federal law that protects the privacy of education records. Under FERPA guidelines, parents or eligible employees have the right to inspect and review the students’ education records maintained by the school or district. (See, e.g., Policy EBC Data Access and Security for Sensitive Information; Policy JR Student Records).
V. Content Filtering

The District maintains an Internet filtering system that includes filtering categories. The Information Technology Department maintains a published list of Internet filtering settings by category that have deemed appropriate based on a review by a committee of District staff.

Teachers are expected to monitor usage of technology in the classroom. All Internet-based activities should be conducted using the District network to allow for filtered access that is appropriate for student use.

Local schools have the option to request a site be unblocked if it has been determined to be free of visual depictions that are: (i) obscene, (ii) child pornography, or (iii) "harmful to minors, and the site is to be used for instructional purposes.

Users shall not use any website, application, or methods to bypass filtering of the network or perform any other unlawful activities. Examples include unapproved third-party VPNs and Proxys, used to bypass content filters.

VI. Enterprise Network Access

The existing Enterprise Network EN is exclusively intended for employees and students using District approved and/or issued devices, tools, and/or applications. It is acceptable to provide guests with temporary guest login accounts for personal computers, tablets, and mobile devices used onsite by FCS stakeholders such as visitors, vendors, parent liaisons, volunteers, etc. Contact your School Technology Specialist or the IT Help Desk for assistance with guest login credentials.

VII. Copyright Considerations

Many written materials are the personal property of the author or other persons. Copyright laws protect these ownership interests. It is not always possible, particularly in the midst of classroom activity, to know whether a particular material is protected by copyright laws and, if so, whether a particular use is permitted as "fair use." Therefore, students and employees should assume that any material they access on the District Enterprise Network (EN) is the property of another and that use of the material is restricted by copyright laws, unless there is definitive evidence to the contrary.

Material downloaded from the District Enterprise Network (EN) should not be distributed to others unless such permission is obtained from the owner of the copyright or his/her authorized representative. Users shall not upload computer programs or software of any kind onto the District Enterprise Network (EN) unless they obtain permission in advance from authorized school personnel. The District accepts no responsibility for violation of copyright laws by employees, students, or other users.

VIII. Public Posting Areas

Messages can be posted on the Internet from computer systems around the world. The District has no control over the content of messages posted from external systems. District staff will determine which discussion boards, blogs, wikis, and groups are most beneficial to the educational mission of the District. Use of external content not approved by District staff is prohibited. Messages posted locally may be removed by school personnel if they are in violation of Board policy, procedures, or school rules. Misuse of discussion boards or groups may result in termination of the user's access and/or other disciplinary measures.
IX. Real-time Interactive Communications Areas

Students, employees, and other users are expected to use the real-time conference and communication features of the District Enterprise Network (EN) for educational or work-related communications only.

Users must abide by any restrictions posted on the District Enterprise Network (EN) regarding interactive communications.

X. Use of the Internet and Electronic Mail (E-Mail)

Users will comply with all Federal and State laws, and all District policies when accessing their account. This includes, but is not limited to:

1. User accounts may not be used for illegal or unlawful purposes, including, but not limited to, copyright infringement, obscenity, libel, slander, fraud, defamation, plagiarism, harassment, intimidation, cyberbullying, forgery, impersonation, illegal gambling, soliciting for illegal pyramid schemes, unauthorized access to the systems, data, or network of the District or a third party (including "hacking"), and/or service disruptions (e.g. spreading computer viruses and/or denying services).

2. User accounts may not be used in any way that violates District policies, procedures, or operating guidelines. Users engaging in online behavior that is not consistent with the mission of the District, that misrepresent the District, or that violates any District policy is prohibited.

3. The District prohibits use of the Enterprise network for mass unsolicited mailings, access for non-employees to District resources or enterprise network facilities, competitive commercial activity unless pre-approved by Fulton County Schools, and/or the dissemination of chain letters.

4. Individuals may not view, copy, alter, or destroy data, software, documentation, or data communications belonging to the District or another individual without authorized permission.

5. In the interest of maintaining network performance, users should refrain from sending unreasonably large e-mail attachments.

6. Accessing wireless “hotspots” with District technology at public and/or unsecure locations should be avoided to prevent the breach of confidential data and information.

Transmission and storage of PII & FERPA-protected

It is the responsibility of all District employees and contractors to protect sensitive data, and personally identifiable information (PII) in a professional manner. District employees and contractors will not be granted access to sensitive information that is not authorized based upon a job-related need to know or for a job-related legitimate educational purpose. This includes accessing data on district devices as well as devices containing district data owned or rented by employees and contractors. Sensitive information includes, but is not limited to:

- Student or parents name, address, telephone number, and social security number
- Student ID, grade, attendance, medical, or transcript information
- Student or parent financial aid or similar financial information
- Race/Ethnicity, birth date, age
- Employee name, address, telephone number
- Employee payroll and benefits information
- Any information which by itself or if combined with other information would allow a person to be able to discretely identify an individual

For transmission and storage of PII & FERPA-protected information refer to appropriate sections of Policy EBC.

XII. Monitoring the Enterprise Network, E-mail, and Internet Usage

Use of the Enterprise Network (EN) is limited to the support of the District's educational mission. Therefore, information transmitted or received over the District’s EN (including E-mail) should not be considered "personal" or "private." Messages may be opened and read by the school principal, department head or other appropriate personnel without the consent of the sender or intended recipient. Local, state and/or federal officials may also obtain access to electronic communications in connection with investigations or other purposes. In addition, messages sent over the EN may be subject to disclosure under the Open Records Act.

Therefore, use of the EN for transmitting confidential student or personnel information should be avoided. In addition, an employee found to have used this medium for purposes contrary to this procedure may have privileges terminated and may be subject to disciplinary action pursuant to Board policies, procedures, and/or operating guidelines.

XIII. Cellular Communications, Telephone, Computers, Laptops, & Tablets and Other Charges

Use of the EN in the manner permitted by the District should not generate any additional costs or charges to the District. Therefore, users will not be charged for such use. However, if the EN is used in a manner that is not allowed by the District, the users engaged in such disallowed uses will be required to pay all costs incurred. In addition, misuse of the EN in this manner may result in loss of access or other punitive action up to and including termination of employment.

Portable, mobile, hand-held, or other electronic devices and/or associated accessories for these devices should be used solely to support the vision and mission of the Fulton County School District. The district will offer a list of supported phones and will update the list as new technology emerges. The district will not fund or provide technical support for unapproved devices.

Usage of district-issued electronic devices will comply with all Federal and State laws, and all District policies, procedures, and operating guidelines. This includes, but is not limited to, the following:

- Devices may not be used for illegal or unlawful purposes, including, but not limited to, obscenity, libel, slander, fraud, defamation, harassment, intimidation, impersonation, illegal gambling, or soliciting for illegal pyramid schemes.

- Devices may not be used in any way that violates District policies, procedures, or operating guidelines. Use of a device in a manner that is not consistent with the mission of the District or that misrepresents the District is prohibited.
Information transmitted or received over District-issued portable, mobile, hand-held, or other electronic devices should not be considered “personal” or “private.” Local, state, or federal officials may obtain access to records of calls or texts placed via District-issued electronic devices in connection with investigations or other purposes. These records may also be subject to disclosure under the Open Records Act.

Use of District-issued devices in the manner permitted by the District should not generate additional costs or charges to the district. Therefore, users will not be charged for such use. However, if the District-issued electronic devices are used in a manner that is not permitted, the users engaged in such disallowed uses will be required to pay all costs incurred.

Misuse of District-issued electronic devices may result in a loss of access privileges and/or other disciplinary measures. Users who are issued a device are expected to exercise reasonable caution in conducting business related communications i.e., when in public, when driving, etc. Hands free devices should be used when driving. Texting while driving is strictly prohibited per O.C.G.A. § 40-6-241.2.

Electronic devices that are issued to employees are the responsibility of that employee. Electronic devices that are damaged under normal wear and tear by employees will be replaced at no cost. Employee devices that are otherwise damaged will be replaced at the contract rate afforded the district by our contract with the approved vendor. Employee’s may be required to cover some or all the expense. In the event that an employee resigns or is terminated, the impacted employee must surrender the equipment immediately upon request. If the employee is unable to present the equipment in good working order, the district shall expect the employee to reimburse the District for the cost of a replacement device.

The District will receive and pay one master bill for all authorized employee cellular expenses. The Accounting Department will then cost allocate based on approved allocations to each individual school or departmental account.

**XIV. User Identification Information**

The District may occasionally require new or updated information from users. Users must provide all such information as requested. Users also must notify the administration of any changes in user identification information (address, phone, name, school enrollment, etc.).

Use of passwords to protect information: FCS Enterprise Network

Access: Passwords provide an important means of protecting EN access and preventing unauthorized access to data. Therefore, sharing your passwords, attempting to logon the EN using another person's password, falsely posing as a District administrator, or engaging in other security violations will be grounds for termination of privileges and other disciplinary measures. Users should immediately notify an administrator if their password is lost or stolen or if they believe that someone has obtained unauthorized access to their account password.

The following requirements will apply to all passwords used for computer logon, email access, employee portal, and all single sign-on applications that utilize the same password. District password guidelines apply to all staff, students, contracted employees, charter school staff and/or anyone using a user account provided by the district.

1. Passwords expire and must be changed every 60 days. You will be prompted when you log
on to make this change.
2. Passwords are a minimum of eight (8) characters long.
3. New passwords cannot match any of the previous twelve (12) passwords used.
4. Passwords cannot contain part of the user’s name or login name.
5. Passwords must meet all the following complexity requirements:
   - Contain at least one uppercase letter (A through Z)
   - Contain at least one lowercase letter (a through z)
   - Contain at least one number or one special character (for example: 0 through 9 or $, #, %)
   - Contain at least one special character (for example: $, #, %)
6. A user account will lock after five (5) consecutive invalid login attempts and will remain locked for 17 minutes. The account will automatically unlock after 17 minutes and allow login attempts to the account again.

The following guidelines will help you create and maintain passwords that are not easily compromised.

- Do not use birthdates or any other numeric sequence that can be easily associated with you.
- Do not use names of family members, friends, pets, hobbies, etc.
- Do not use the same password repeatedly by changing the last digit or number of the password.
- Never share passwords with anyone. Do not reply to an email asking for passwords or any other personal information such as bank accounts. Do not provide passwords or personal information to a telephone caller who may claim to be “tech support”.
- Change your password immediately if you suspect it has been compromised or if someone has obtained your password. If you suspect someone has accessed your account, or if you suspect any type of security breach, contact the help desk immediately.
- Be careful about where passwords are saved automatically on devices or websites. Some dialog boxes, such as those for remote access or logon, allow you to save or remember a password. Selecting this option poses a potential security threat if someone were to gain unauthorized access to your device.

Students are required to change their passwords periodically.

Logins and passwords for applications on the network will be handled according to individual program setup. Although the application may not require password change, the above password change policy should remain in effect.

XV. Vandalism

Computer vandalism is prohibited and may result in disciplinary actions. Prohibited conduct includes creating computer viruses, service disruptions, harming or attempting to harm or destroy the District's hardware, software, or data; harming or attempting to harm the data of another user, the EN or any of the agencies or other networks that are connected to the District E; and harming or attempting to harm the hardware, software, or data of a third party. Abuse of a computer system may also subject the abuser to criminal penalties.

XVI. Reporting Loss/Theft of Equipment or Data
Fulton County School employees and contractors who possess FCS owned laptop computers and Mobile Devices are expected to secure them whenever they are left unattended, and it is the employee or contractor responsibility to protect the device and data during domestic and international travel. In the event an FCS-owned or managed laptop computer or Mobile Device is lost or stolen, the theft or loss must be reported immediately to the Service Desk and Fulton County Schools Police.

See Board Policy JS: Student Fines, Fees and Charges

XVII. Termination of Privileges

An employee's access to, and use of, the EN will be discontinued when his/her employment is suspended or terminated either voluntarily or involuntarily. An employee who disagrees with a decision to suspend or terminate access to the EN may file a complaint under the appropriate employee complaint procedure.

A student's access to, and use of, the EN will be discontinued when the student graduates from high school, withdraws from the District, or is expelled by the District. A student whose access to the EN has been suspended or terminated may request, in writing, a review of the decision by the Superintendent or his/her designee. Whenever possible, a final determination shall be sent to the student in writing within ten working days of receipt of the request for a review.

Section 504 Procedural Safeguards

1. **Overview:** Any student or parent or guardian (“grievant”) may request an impartial hearing due to Fulton County School District’s actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the District’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the District’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the District’s Section 504 Coordinator. The District’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

   - **Hearing Request:** The Request for the Hearing must include the following: The name of the student.
   - The address of the residence of the student.
   - The name of the school the student is attending.
   - The decision that is the subject of the hearing.
   - The requested reasons for review.
   - The proposed remedy sought by the grievant.
   - The name and contact information of the grievant.

Within 10 business days from receiving the grievant’s Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

2. **Mediation:** The District may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and District must agree to participate. The grievant may terminate the mediation at any time. If the mediation is
terminated without an agreement, the District will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

3. **Hearing Procedures:**

I. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant’s Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.

II. Upon a showing of good cause by the grievant or the District, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.

III. The grievant will have an opportunity to examine the child’s educational records prior to the hearing.

IV. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.

V. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One或 more representatives of the District, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.

VI. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.

VII. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.

VIII. The hearing shall be closed to the public.

IX. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.

X. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
XI. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.

XII. Unless otherwise required by law, the impartial review official shall uphold the action of District unless the grievant can prove that a preponderance of the evidence supports his or her claim.

XIII. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

4. Decision: The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney’s fees.

5. Review: If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

**POLICY JGFA – RESTRAINT OF STUDENTS**

**Definitions:**
“Chemical Restraint” means any medication that is used to control behavior or restrict the student’s freedom of movement that is not a prescribed treatment for the student’s medical or psychiatric condition. (Use of chemical restraint is prohibited in all District schools.)

“Mechanical Restraint” means the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement, and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seatbelts and other safety equipment when used to secure students during transportation. (Use of mechanical restraint is prohibited in all District schools.)

“Physical Restraint” means direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term “physical restraint” does not include prone restraint, mechanical restraint, chemical restraint, or seclusion. Additionally, physical restraint does not include providing limited physical contact and/or redirection to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to a location, or providing comfort.

“Prone restraint” means a specific type of restraint in which a student is intentionally placed face down on the floor or another surface, and physical pressure is applied to the student’s body to keep the student in the prone position. (Use of prone restraint is prohibited in all District schools.)

“Seclusion” – is a procedure that isolates and confines the student in a separate area until he or she is no longer an immediate danger to himself/herself or others. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion may also be referred to as monitored seclusion, seclusion timeout, or isolated timeout. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student, time-out (defined as a behavioral intervention in which
the student is temporarily removed from the learning activity but in which the student is not confined, in-school suspension, detention, or a student-requested break in a different location in the room or in a separate room. (Use of seclusion is prohibited in all District schools).

Use of Physical Restraint in District Schools:

1. Physical restraint may be used in District schools only in situations in which the student is an immediate danger to himself/herself or others i.e., actively hurting themselves or others, or is in immediate danger of hurting themselves or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques.

2. Physical restraint is prohibited in District schools as a form of discipline or punishment; when the student cannot be safely restrained; or when the use of intervention would be contraindicated due to the student’s psychiatric, medical, or physical conditions as described in the student’s education records.

3. All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself/herself or others or if the student is observed to be in severe distress.

4. Whenever possible, all physical restraints should be observed and monitored by another adult to ensure student and staff safety.

5. Whenever possible, only faculty and staff trained in the use of physical restraint will physically restrain students. In situations when a trained staff member is not present, but a student must be physically restrained in accordance with this Policy, the student may be restrained. In such situations, individuals present should be directed to summon trained staff and/or seek assistance as quickly as possible.

6. Each school may designate a Crisis Response Team to safely manage students in crisis – the team may consist of administrator(s); counselor(s); social workers; staff experienced (or trained) in de-escalation, communication, and/or some form of restraint

Training on Use of Physical Restraint:

1. The Superintendent and/or designee shall make available appropriate training to District faculty and staff on the appropriate use of physical restraint. This training will be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, as well as prevention and de-escalation techniques.

2. The Superintendent and/or designee will identify for training those staff members working in schools/programs in which staff historically has been called upon to physically restrain students, or others as deemed appropriate based on their employment positions.

3. The District will maintain written and/or electronic documentation on training provided and the list of participants in each training. Records of such training will be made available to the State Department of Education or any member of the public upon request.

Documentation of Physical Restraint:

1. The use of physical restraint will be documented by staff or faculty participating in or
supervising the restraint for each student in each instance in which the student is restrained. Staff and faculty should use the District’s Restraint Incident Report Form (or equivalent) to document the use of physical restraint.

2. Each school shall maintain a copy of completed Restraint Incident Report Form (or equivalent), as well as any other summary reports, in accordance with the requirements of the State Department of Education and existing record retention schedules.

3. Staff and faculty should electronically report student restraint in the District’s Student Information System.

2. The District will provide information to parents about the District’s policies governing the use of physical restraint by posting this Policy on its website and by including it in its Student Handbook.

**Limitations:**

1. Nothing in this Policy shall be construed to prohibit a District, school, or program employee from taking appropriate actions to diffuse a student fight or altercation.

2. Nothing in this Policy shall be construed to eliminate or restrict the ability of a District employee to use his or her discretion in the use of physical restraint to protect students or others from imminent harm or bodily injury. Nothing in this Policy shall be construed to impose ministerial duties on any District employee.

3. Nothing in this Policy limits the ability of District staff to seek assistance from law enforcement and/or emergency medical personnel. Nothing in this Policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel.

The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected or retrieved.
(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the Fulton County School District (District) to amend a record that they believe is inaccurate or misleading. They should write the school principal; clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures can be found in Policy/Procedure JR, Student Records, at www.fultonschools.org.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

**Fulton County Schools - Career, Technical, and Agricultural Education End of Pathway Assessments Privacy Notice**

Fulton County Schools values providing students with authentic learning experiences and instruction through its Career, Technical, and Agricultural Education Pathway curriculum. As part of this endeavor, the Georgia Department of Education and FCS has collaborated to provide students with the opportunity to gain valuable industry credentials before completing high school. This occurs through the student’s voluntary and optional completion and passing of the End-of-Pathway Assessment, which may be a national industry certification, national occupational assessment, state licensing assessment, or a state-developed assessment to gauge the student’s attainment of critical industry, technical, or career-related skills and knowledge.

These certification exams and assessments are offered primarily for adults by external licensing and accrediting organizations, and they may require the submission and collection of information about the student wishing to gain certification as required by their industries’ accrediting procedures. This is a normal component to gaining certification in most industries.

If the student chooses to take the End-of-Pathway Assessment to gain certification, it is with the
understanding that the student is voluntarily agreeing to the collection of data necessary to grant the student the certification.

If a child has more than five (5) unexcused absences, parents, guardians, or other persons who have control or charge of a child are subject to fines, imprisonment, community service or any combination of these penalties. Absences that are excused are listed in Policy JBD and may be accessed at www.fultonschools.org and/or at the local school.

We understand that this handbook contains information about opting out of the Georgia Department of Education's Georgia Student Health Survey II (GSHS II) and that if we do not “opt out” our child from survey participation, he/she could be selected to complete a survey on or after October 2, 2023.

We also understand that in addition to school-based discipline of students, student misconduct may be reported to appropriate law enforcement authorities. The District encourages parents/guardians to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

We understand that all volunteers who work with children in the state of Georgia are required by law to report suspected child abuse as required by Georgia law in O.C.G.A. 19-7-5.

We understand that, upon implementation of the Title IX revisions released on May 6, 2021, any discipline incident, or portion of a discipline incident, which involves a Title IX matter or incident will be subject to the Title IX Grievance Procedure as detailed at www.fultonschools.org/titleix.

We understand that each student will be provided one copy of this Student Code of Conduct. Anyone requiring an additional copy should contact their local school administrator or review a copy on the District’s website www.fultonschools.org.

If I/We have any questions about the enclosed information, I/We will ask a school administrator to discuss those questions. Failure to sign and return this form does not relieve me/us or my/our child(ren) from complying with and understanding the information enclosed in the Student Code of Conduct & Discipline Handbook.
